Justin
This is the revised quote from Quality Restoration for the work in the Cemetery.
Let me know when we can start as Scott has another job and we are holding him up.
My fault for not contacting you sooner but I was going on past experience.
Herb

Quality Restoration Co: Will provide all Equipment,Materials,Labor and Supervision to perform work.

Description	Cost
Pavilion	**$2,190.00**

Item #1: Misc. TuckPoint damaged mortar joints in stone block

1: Remove damaged mortar joints to a sound depth.
2: infill open joints with a non shrink waterproof mortar and tool to make a watertight seal.

Item #2: Patch damaged areas in Stone caps

1: Remove damaged areas to a sound depth
2: Infill areas with a non shrink waterproof patching material (color to match existing as close as possible)
3: Float out new patched areas to match existing finish. (as close as possible)

Item #3: RePair (1) crack in concrete floor.

1: Grind crack with a diamond crack chase blade to a sound depth.
2: Infill crack with a concrete epoxy filler.

Item #4: Pressure Clean and apply (1) coat of water repellent to stone block and concrete.

1: Clean all stone block and concrete with water first
2: Apply a detergent restorer to all stone block and concrete to be cleaned and pressure clean with water. (repeat as many times as needed)
3: Apply a water repellent to all stone block and concrete.

Brick Wallway:	**$2,520.00**

Item #1: Level out the un-level areas in existing original brick walkway and repoint damaged mortar joints.

1: Removal of un-level brick.
2: Removal of all roots and/or rocks or any other obstacles causing the original damage to walkway.
3: Dig out ground to approx. depth of 8 inches
4: lay down a moisture barrier in bottom of dug out walkway.
5: Spread out 3 inches of processed stone and tamp, using a plate compactor
6: Infill walkway with sand and tamp, using a plate compactor.
7: install brick in the sand in original pattern
8: Tamp brick with a plate compactor.
9: infill brick joints with a non shrink waterproof sand mortar.
10: Clean brick walkway
11: Apply one coat of water repellent

Grass Area @ East side of Pavilion	**$1,080.00**

Item #1: Removal of (1) Tree Stump and Roots
Item #2: Grade down dirt at this area and infill low area just north of tree stump and at a low area at gravesite.

Project Total	**$5,790.00**

The customer hereby authorizes Quality Restoration Company to perform the work as specified in Estimate.
