Re: Annexation - Cambridge Square

Dear Mr. Belitz:

Enclosed you will find a Petition requesting the City annexation a certain tract of land identified on a map provided to this office by MAP Engineers. It would be appreciated if you would have an authorized representative of Barrier Properties, LLC date and sign the Petition and return the same to this office in the enclosed stamped self-addressed envelope.

I have contacted MAP Engineers to provide this office with an accurate description of the property that will be annexed. A review of the deed of conveyance and attached legal description contains more land than the proposed annexation area of 0.49. I will finalize the Ordinance to present to the City Council upon receipt of the signed Petition and legal description from MAP Engineers.

If you have any questions, please let me know.

Sincerely,

KENNETH O. FRITZ

Enclosure

To: Chattanooga Hamilton County Regional Planning Commission
From: Chattanooga-Hamilton County Regional Planning Agency
Date: August, 1, 2012
Re: Report on Plan of Service for City of Chattanooga Proposed Cambridge Square Annexation Area

Scope:

The Chattanooga-Hamilton County Regional Planning Agency has reviewed the proposed annexation for Tax Map No. 132A A 026 which is being considered for annexation pursuant to authority granted by the State of Tennessee in T.C.A. Secs. 6-51-101 and following. The Regional Planning Agency acts as staff to the Chattanooga-Hamilton County Regional Planning Commission.

It should be noted that the scope of this Report is delimited by and prepared in accordance with the strictures of T.C.A. Sec. 6-51-102(b). Specifically, it is not the province of the Planning Commission to pass on or even to comment on whether the Plan of Annexation is lawful or appropriate. That determination is left to the City of Chattanooga City Council. Rather, the Planning Commission reports only on the reasonableness of the proposed Plan of Service for the areas considered for annexation.

The Regional Planning Agency has reviewed and considered the Urban Growth Plan, the Proposed Plans of Service and attached maps, and their professional knowledge or inspection of the subject areas in making this Report.

Recommendation:

The proposed annexation area is not contained within the City of Chattanooga's Urban Growth Boundary/Master Interlocal Agreement as agreed to in May 2001. This area is contiguous to the current City of Chattanooga boundary.

The Regional Planning Agency finds that the proposed Plan of Service is reasonable and meets the letter and spirit of the governing statutory standard set forth in T.C.A. Sec. 6-51-102(b).

The Plan of Services includes a reasonable implementation schedule for the delivery of comparable services in the annexation area with respect to the services provided to all residents of the City of Chattanooga. The implementation schedule addresses both the timing of the delivery of services and the immediate action items. Services will be delivered upon adoption or within a reasonable period of time following annexation. It appears that the City will be able to provide the same level of service to the annexation area as it does to the rest of the City and that, in doing so, it will not diminish the level of service to the rest of the City.

Additional fire protection, police protection, storm water management, refuse collection, street maintenance and clearing, traffic signs and control devices, zoning, inspection and code enforcement, animal control, and recreational facilities and programs access will be

to the benefit of the area proposed for annexation. Water and electric services are being provided by other entities as detailed and will not be affected by implementation of the proposed Plan of Service.

Sewer service provision is as detailed in the Urban Growth Plan Master Interlocal Agreement and outline in Section J of the Plan of Services. If the Hamilton County Water and Wastewater Treatment Authority (WWTA) cedes its service area within thirty (30) days of annexation, the City of Chattanooga will provide sewer service to the annexed area within three (3) years of the effective date of annexation. If the sewer service for properties is not ceded by WWTA, sewer service provision shall be the responsibility of WWTA.
