Public rights-of-way are a public resource and an integral element in shaping the community. Rights-of-way contain roads and other public services, allow access to, and servicing of, individual properties along its frontage, and provide shape and form to our neighborhoods and to commercial and industrial areas. It is the policy of the Regional Planning Agency to retain rights-of-way for public use and only to recommend the permanent closure and abandonment of rights-of-way when it is concluded that the public has no further need to retain the right-of-way and that its abandonment is necessary to achieve a significant private or public interest.

Dear Mr. Bridger and Mr. Haynes,

Based on the guidance we received from city officials at the meeting held on Tuesday, July 31, we are amending our application for the abandonment of Orchard Knob Avenue and Vance Avenue. We are now requesting the permanent closure of Vance Avenue from Beech to Hawthorne. We are also requesting a franchise agreement for entrance ways and traffic modifications (as noted in the attached document) for Orchard Knob Avenue from the intersections of Anderson Avenue and Bailey Avenue.

Our petition stems from our strong desire to remain a viable anchor in the Highland Park Community. As a result of this commitment, we have developed a long-range campus re-development plan that includes enhancing existing structures, the addition of new structures, and the fencing and gating of our campus. As a university in an urban setting, it is critical to define our campus borders, which addresses the following issues:

- Student, faculty, staff, and visitor safety
- Recruitment and retention of students
- Pedestrian and vehicular traffic control
- Public awareness of campus boundaries

We are working hard to develop partnerships for the continual renewal of our surrounding community. We have shared our plans for the requested closure and the defining of our campus with the Councilman Peter Murphy who has given us his full support. We also met with the Highland Park Neighborhood Association Board. After the meeting, we received an email from the president of the association stating that "they were on board." In addition, we have received support from Chattanooga Neighborhood Enterprise, with whom TTU is planning to partner in renewal efforts for the Highland Park and Ridgedale communities.

We are very appreciative of you and the other city officials being open to hearing our requests. Please let us know of anything that we can do to assist you in your final determination of our petition.

Sincerely,
