Description

The FY 2013 Appropriations Act appropriated \$473.847 million to be awarded by DOT for the TIGER Discretionary Grants program. Like previous rounds, the FY 2013 TIGER Discretionary Grants are for capital investments in surface transportation infrastructure and are to be awarded on a competitive basis for projects that will have a significant impact on the Nation, a metropolitan area, or a region. Larger projects of national or regional significance which DOT determines demonstrate achievement of several of the strategic goals, as well as the project readiness criterion, could be considered for grants larger than those typically awarded in recent rounds of TIGER. Projects that are eligible for TIGER Discretionary Grants ("Eligible Projects") include, but are not limited to: (1) Highway or bridge projects eligible under title 23, United States Code; (2) public transportation projects eligible under chapter 53 of title 49, United States Code; (3) passenger and freight rail transportation projects; and (4) marine port infrastructure investments. Federal wage rate requirements included in subchapter IV of chapter 31 of title 40, United States Code, apply to all projects receiving funds, and apply to all parts of the project, whether funded with TIGER Discretionary Grant funds, other federal funds, or non-federal funds. This description of Eligible Projects is identical to the description of eligible projects under earlier rounds of the TIGER Discretionary Grant program. The FY 2013 Appropriations Act specifies that TIGER Discretionary Grants may be not less than \$10 million (except in rural areas) and not greater than \$200 million. For projects located in rural areas (as defined in Section V of the NOFA (Projects in Rural Areas)), the minimum TIGER Discretionary Grant size is \$1 million.

Subject: New Round of TIGER Grants

Today Secretary Ray LaHood announced the fifth round of the TIGER grant program. According to the Secretary's Fast Lane blog announcement, "The \$474 million available for TIGER 2013 will help increase mobility--for people and for freight." Final applications for this round of TIGER grants is due June 3, 2013, and the "apply" function will open on April 29. Please note there is no "pre-application" required for this round of TIGER as there has been in the past.
