RPA STAFF RECOMMENDATION

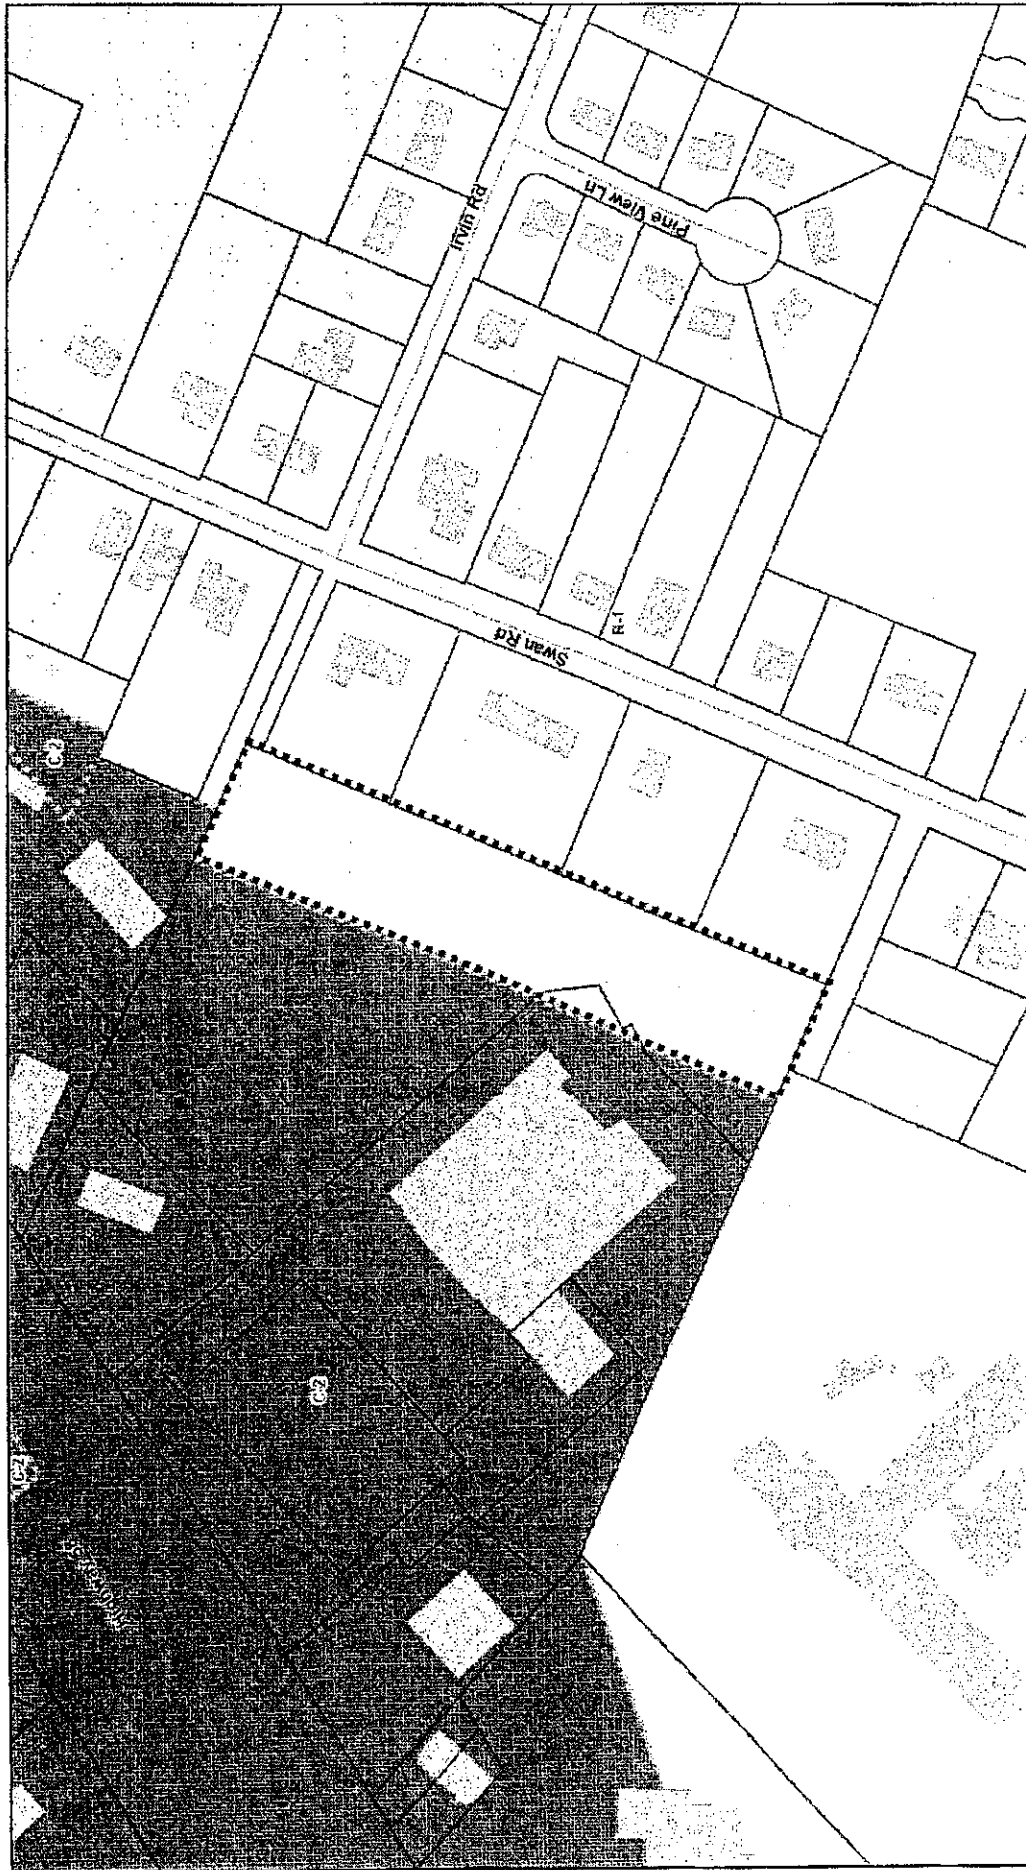

Case Number:	2013-062	PC Meeting Date: 05-13-2013
STAFF RECOMMENDATION:	<p>APPROVE, subject to the following conditions:</p> <ol style="list-style-type: none"> 1. Preserve a 30' of landscape buffer as shown on site plan, along the rear property line (adjacent to the residential) wrapping around both the north and south. 2. No buildings or pavement within the buffer. 3. Provide screening from the school, an opaque fence (not chain-link) 6' minimum height. 4. Access from Highway 58 only. 	
Land Use & Transportation Comments		
Planning Staff:	<p><u>Request Overview</u> Pryor Bacon on behalf of the Priority Partnership has requested to rezone 2.4 acres located at 4976 and 4980 Highway 58 from R-1 Residential Zone to C-2 Convenience Commercial Zone. As indicated on the submitted site plan, the development is expected to include new and existing parking, 50,000 square feet of new storage units and a 30' landscape buffer along the adjacent residential area.</p> <p><u>Site Description</u> The property is currently vacant. There are no existing structures on the site and has grading at a 2:1 slope. There are residential properties to the east and Lakeside Elementary School to the south.</p> <p><u>Zoning History</u> In 1988 this property was rezoned from R-1 Residential Zone and C-1 Highway Commercial District to C-2 Convenience Commercial District for the development of a shopping center. Staff recommended approval subject to a planted, natural buffer and a sight obscuring fence along the east line of the larger of two tracts and access limited to Highway 58 only. In 1992, those conditions were amended by case 1992-157 to provide for alternate screening, the rationalization for which was that the existing cut into the hillside and natural foliage would serve as an adequate screen along with the 162' R-1 Residential buffer at the rear of the properties on Swan Road.</p> <p><u>Plans/Policies</u> Development in this area is guided by the Highway 58 Community Plan adopted by Chattanooga City Council in 2002. The plan addresses a wide range of land use categories and recommends preferred land use patterns and policies to guide future development. The adopted plan for the area recommends Community Commercial for this property. The intent of this designation is to cluster retail and other high-intensity commercial uses into commercial activity districts which serve the immediate community and beyond.</p> <p>The Planning Principles of the plan as related to Land Use are as follows:</p>	

RPA STAFF RECOMMENDATION

	<ul style="list-style-type: none"> • Enforce existing landscape ordinance and improve it by adding more buffering between residential and non-residential uses. <p><u>Transportation</u> As required by the Chattanooga Zoning Ordinance, C-2 Convenience Commercial Zones “shall be located so as to primarily serve traffic on arterial or collector streets.” Also, “businesses developed within such zones shall be situated on site so as to offer convenient ingress and egress to such streets.” Highway 58 is classified as an Urban Principal Arterial as defined by the Functional Classification System of Streets in the Chattanooga Zoning Ordinance and provides the appropriate ingress and egress.</p> <p><u>Staff Recommendation</u> Staff is recommending approval with conditions. The C-2 Convenience Commercial Zone represents an extension of existing zoning and is supported by the approved land use plan. However, the close proximity to residential properties necessitates conditions be applied. The applicant proposes to maintain a thirty-foot buffer between commercial property and the adjoining residential neighborhood.</p> <p>Currently, there are two unopened right-of-ways to the east of the property. A condition of the rezoning staff is recommending that access be limited to Highway 58 only.</p>
<p>Infrastructure & Operational Comments</p>	
<p>Public Works Staff:</p>	<p>All land development projects are reviewed by City Engineering & Water Quality staff, Traffic Engineering & Operations staff, and the Land Development Office staff. In addition to the requirements of the City of Chattanooga Zoning Ordinance, all land development is further required to comply with current City of Chattanooga traffic regulations, building and development codes, storm water/water quality regulations, and the landscape ordinance.</p> <p>Additional requirements, if needed, are indicated by department below either as comments or as conditions recommended to be attached to the final ordinance.</p> <p><u>Land Development Office</u> The Land Development Office recommends that the developer install an opaque fence to screen the development from the existing elementary school.</p>
