Re: Franchise Agreement Request
 The Block Development, 215 Broad Street

Dear Bill,

This letter, along with accompanying drawings, shall serve as River City Company's request for a Franchise Agreement with the City of Chattanooga for The Block development at 215 Broad Street. This request is for an elevated, mezzanine level platform over the sidewalk and right of way along Broad Street, at the southern half of the 200 block.

This elevated platform will not protrude in any way into the vehicular traffic roadway, and is only accessible via the interior of the High Point Climbing and Fitness tenant space. This area is not open or accessible by the general public and only under the supervision of High Point employees. The accompanying drawings further depict and describe the size and location of these elevated balconies.

Not included in this request, but soon to be submitted for your additional and separate approval, is the façade screen, which is partially decorative and partially accessible as an artificial climbing surface, and for the exclusive use by High Point Climbing and Fitness. High Point will be solely responsible for all insurance and liability of both the elevated platforms and vertical climbing surface on the façade.

Please let me know if you have questions, comments, concerns or would like to review this request and drawings together. I look forward to working with you to implement this Franchise Agreement to allow this work to be completed and having a significant impact on the Riverfront District and skyline.

Sincerely,

Jim Williamson
 Vice President, Planning and Development

RE: Case No. MR 2013-087

Dear Mr. Haynes:

As the above referenced "closure" is apparently not a proposed abandonment of public right-of-way, rather, it is a variance request for an encroachment into the right-of-way by an "elevated platform"; if such is the case, then EPB does not object to the platform, it being understood that the effected underlying right-of-way remains public and the existing utility facilities unrestricted.

Thank you for the courtesy notice.

Sincerely,

RE:Case # 2013-087

Dear Marcia:

Comcast does concur to the closure case(s). Comcast has active service, on a portion of the proposed closure. Comcast would agree to the closure if the existing Right of Way/Easements remained in effect and if any rerouting of existing plant would be required it would be at no cost to Comcast.

Sincerely,

Mike Schlote
