Said permanent easement being 155 feet, more or less, in total length and containing 3,096 square feet, more or less.

As shown on Drawing No. C11020-SE-4.0, dated April 2012, a copy of which is made a part hereof by attachment hereto.

Said temporary construction easement containing 2,348 square feet, more or less, shall cease to be in effect 30 days after the City of Chattanooga accepts the sewer for use.

As shown on Drawing No. C11020-SE-4.0 dated April 2012, a copy of which is made a part hereof by attachment hereto.

ADDITIONAL TERMS

This is not a conveyance of the fee in said property, but only the rights, privileges, and easements herein set forth. This conveyance covers the underground gravity sewer as actually installed even though it may be at a reasonable variance with the above-mentioned drawings attached hereto.

Said City of Chattanooga agrees to reconnect existing sewer service lines to the new sewer at no cost to the property owner.

Said City of Chattanooga agrees to see that the surface of the land is restored to as near the same condition as possible as it was before the construction or subsequent maintenance.

Said easement is conveyed for the purpose of permitting the City of Chattanooga to construct and/or maintain the aforementioned East Brainerd Road Sewer Relocation (gravity sewer) and appurtenances, and the hereinbefore recited considerations include any other incidental damages of any kind or nature that may now or hereafter result to said property as a result of the City of Chattanooga's constructing and/or maintaining the above-mentioned sewer and appurtenances on said easement.

GRANTOR agrees to the purpose of said easement and shall provide the City of Chattanooga unobstructed access to said easement in order for the City of Chattanooga to carry out said purpose.

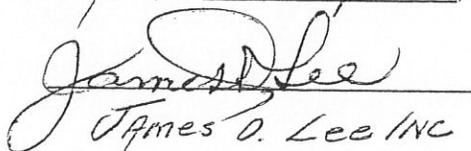

It is understood that the above-mentioned 20-foot easement will cross a vacant part of said property and that no buildings will be affected.

It is further understood that the GRANTOR shall be allowed to relocate a section or sections of the sewer from the alignment described hereinbefore should GRANTOR decide to install site improvements (structures and/or other facilities) along said alignment. Such relocation(s) shall be made solely at GRANTOR's expense, shall not diminish the carrying capacity of the gravity sewer, shall be installed with only short-term flow interruptions approved in advance by the City of Chattanooga, shall be constructed in complete compliance with the applicable facility construction standards of the City of Chattanooga, and shall be installed only after a revised easement document satisfactory to both parties shall be recorded for the new alignment.

It is understood that even though we, the grantors of this easement, will not be relocated, we have rights under the Uniform Relocation and Real Property Acquisition Policies Act of 1970 (PL-91-646). We have been advised of these rights of appraisal and negotiation and waive any rights that we have under said act.

TO HAVE AND TO HOLD the above-described easement for sewer purposes unto the City of Chattanooga, its successors and assigns.
