Leadership

Leadership is a quality that members of the Mayor's Youth Council should possess. Leadership has been defined by participants as a person who works well with others and is dedicated, motivated, and committed.

Describe a time (big or small) when you demonstrated leadership by working with others to create positive change and/or being dedicated, motivated, and committed to create positive change.

Describe a time (big or small) when you made a mistake as a leader or learned a lesson from that experience.

The Mayor's Youth Council needs a variety of skill sets in order to advise, communicate, and act. Design participants suggested that some skill sets that might be helpful to have on the Council include, but are not limited to: digital promotion, web design, public speaking, research, writing, facilitating, deep understanding of a specific issue, and graphic design.

What specific skill set can you bring to the Mayor's Youth Council and how will you use it? What role do you see yourself taking on the Mayor's Youth Council?
