Question and Answer regarding Item 4a on 1-00301-1b Bid Schedule.
See Question and Answer below:

- Q. Item 4A Under Conditional Repairs, It has Been Changed to Lump Sum -
What repairs are you referring to? It is our understanding that the structure under the filter press is concrete, and under the boiler is metal decking. Is the Lump Sum to replace metal decking?
- A. **The Lump Sum for Item 4A is for conditional repairs that are unknown or unforeseen. We know both roofs have been leaking for some time now and until both of the roofing systems are removed and the decks and underlying structures can be inspected we will not know for sure.**
