

If Trees Could Sing Chattanooga

If Trees Could Sing is a Nature Conservancy program that brings together a diverse array of musical artists to talk about trees and their benefits for people in brief online videos. You can find the interactive tree signs for this program using these maps for Coolidge Park, Aquarium Plaza and Greenway Farm Park.

If Trees Could Sing Chattanooga is a joint project of The Nature Conservancy and the City of Chattanooga.

About The Nature Conservancy

The Nature Conservancy is a leading conservation organization working around the world to conserve the lands and waters on which all life depends. The Conservancy has protected more than 300,000 acres in Tennessee. Along the way, the Conservancy has helped create or expand 29 State Natural Areas, 12 State Wildlife Management Areas and 2 National Wildlife Refuges in Tennessee. Visit The Nature Conservancy in Tennessee on the Web at www.nature.org/tennessee to learn more about the Conservancy's Tennessee work in woods, water, caves and science.
