SECTION III – COMPENSATION PLAN

A. PURPOSE AND POLICY

The Chief Human Resources Officer for the City of Chattanooga is required to set forth and maintain a compensation plan, which is the official pay plan for all positions in City Government and for those employees who work for the City, with the exception of elected officials.

It is the intention of the City of Chattanooga to use a compensation system that will determine the current market value of a position based on the skills, knowledge and behaviors required of a fully competent incumbent. The system used will be objective and non-discriminatory in theory, application and practice.

The policies and procedures of the City’s pay plan are on file in the Human Resources Department, as well as available through the City’s website and employee portal (eportal). All questions related to compensation must be directed to the Human Resources Department Compensation Division.

1) PERSONNEL COMPLEMENT CONTROL

Purpose and Scope

The personnel complement for all Departments comprising City of Chattanooga Government is recommended by the Mayor in the administration’s budget proposal and approved and funded by the City Council each fiscal year. Control and maintenance of the authorized complement of all City Departments is the responsibility of the Chief Human Resources Officer and the City Finance Officer.

Policy

Any request for employment, promotions, lateral transfers, demotions, or other transactions that alter in any way the number of positions by job titles for any Division and its Departments will be checked by the Human Resources Compensation Division against the authorized complement prior to approval or denial of the request by the Chief Human Resources Officer or designee. When an appointing authority desires to adjust the personnel complement of the Department or its departments or changes in job titles and/or grades, the requesting appointing authority must submit to the Chief Human Resources Officer or designee a Position Action Request Form showing in the section of the form titled “Adjustment to Complement” changes requested. Such requests must include written justification from the requesting appointing authority or designee for the complement change. The request of an appointing authority to adjust the Department complement may be subject to a job evaluation which will be determined by the Chief Human Resources Officer or designee.
2) OVERTIME PAY AND COMPENSATORY TIME

**Purpose**

The Human Resources Compensation Division, administers overtime and compensatory time pay policies in compliance with the Fair Labor Standards Act (FLSA.), and provides for management a Reference Manual which sets forth all related policies covering compensation for overtime hours and compensatory policies. In addition, the Compensation Division is responsible for classifying all City of Chattanooga Government positions either exempt or non-exempt.

The FLSA is a federal law that governs the payment of minimum wage, overtime rates, compensatory time, recordkeeping of hours worked, and other criteria relating to wages and hours of work for non-exempt employees, including government employees. Section 3(s)(1)(C) of the FLSA covers all public agency employees of a State, a political subdivision of a State, or an interstate government agency.

Exempt employees neither earn compensatory time nor overtime pay and are excluded by the FLSA.

**Policy**

(1) **Overtime Compensation**

Covered, non-exempt employees must be paid overtime at no less than one and one-half (1½) times the employee’s regular rate of pay for hours worked in excess of 40 hours in a workweek. For the purpose of overtime calculation, paid leave, such as leave of absence, bereavement time, and jury pay do not apply toward work hours. However, overtime payment principals are different for Firefighters and Police Officers under FLSA. Section 7(k) of the FLSA states overtime compensation for Firefighters is not required until the number of hours worked exceed 212 or 171 for Police Officers over a period of no less than 28 days.

The Chief Human Resources Officer in collaboration with the Fire Chief and Police Chief shall establish written policies on premium compensatory leave and overtime pay calculations for employees engaged in fire protection or law enforcement activities, based on local, state or federal law. Such policies shall comply with the provisions of the FLSA.

(2) **Compensatory Time Off**

If an agreement is made between the City of Chattanooga and the non-exempt employee prior to the performance of overtime duties, employees of state and local government agencies may receive compensatory time off (comp time) at a rate of not less than one and one-half (1½) hours for each overtime hour worked in lieu of cash payment for overtime. However, there are some limitations as to how much comp time may be
Police, Fire Fighters, emergency response personnel and employees engaged in seasonal activities may accrue up to 480 hours of comp time. However, the 480-hour accrual limit will not apply to office personnel or other civilian employees who may perform public safety activities only in emergency situations, even if they spend substantially all of their time in a particular week in such activities.

Non-exempt civilian employees may accrue up to 240 hours of comp time. Section 7(o)(5) of the FLSA provides that any employee of a public agency who has accrued compensatory time and requested use of this compensatory time, shall be permitted to use such time off within a “reasonable period” after making the request, if such use does not “unduly disrupt” the operations of the agency.

Department Heads can require that compensatory time be used within the same calendar year. The City reserves the right to cash out an employee’s compensation time at any point during the employee’s tenure.

All questions pertaining to policy explanation related to overtime hours, compensatory time, and/or the Fair Labor Standards Act should be referred to the Human Resources Compensation Division.

3) DEFINITIONS

a) **Compensatory time off**: paid time off the job which is earned and accrued by an employee in lieu of immediate cash payment for employment in excess of the statutory hours for which overtime compensation is required by section 7 of the FLSA.

b) **Public Safety activities**: includes law enforcement, fire-fighting or related activities.

- The holiday falls on an employee’s regular day off.

Holidays that occur while an employee is on vacation or approved medical leave, their leave time shall be charged as holiday pay.

Employees who need time off to observe religious practices or holidays not already scheduled by the City should discuss with their supervisor. Depending upon business
needs, the employee may be able to work on a day that is normally observed as a holiday and then take time off for another religious day.

C. EMPLOYEE LATERAL TRANSFERS

After completing six (6) months in current position, an employee may desire a lateral transfer or lateral reclassification to increase career opportunities or as a career path change. Transfers are at the discretion of Management and subject to staffing needs and requirements.

D. FILL-IN PAY

When a non-exempt employee fills in or performs duties in a higher classification level for a period less than thirty (30) days, a six percent (6%) increase will be applied to the employee's current hourly rate for all hours worked.

E. TEMPORARY ASSIGNMENT

When exempt employees are temporarily assigned higher level responsibilities for a period greater than 30 days, the employee may receive a temporary pay increase for up to six (6) months. The Department Head must gain approval from the Human Resources Department for additional compensation prior to the employee assuming responsibilities significantly outside the scope of their normal job duties. All temporary salary adjustment requests will be reviewed and evaluated by the HR Compensation Division.

Department Heads, managers and supervisors are not eligible for additional compensation when performing tasks of subordinates in their department.

Temporary pay will be calculated for employees in the City’s General Pay Plan based on the range of the acting capacity position or higher level/salary grade of the duties assumed. The rate of pay shall be at least the minimum rate of the assumed position range or a six percent (6%) increase of the employee's current salary, whichever is greater.

Temporary pay for employees in the Fire and Police Sworn Pay Plans will be calculated as a monthly stipend, and will be based on the assumed rank salary level.

F. CALL BACK PAY

Non-exempt employees who are unexpectedly called back to their office or a work area due to an urgent situation after normal working hours shall receive two (2) regular hours of call-back pay in addition to the actual number of hours worked.

Non-exempt employees who are expected to respond to an urgent situation by telephone or computer shall be paid for actual time worked when responding to each situation requiring an immediate response. If the employee is still needed to report to work after normal working hours, then he/she will receive two (2) additional hours of call-back pay in addition to the actual number of hours worked. Employees must log hours on a time
sheet which will then be used as documentation to support changes in the City’s time clock system and/or payroll system and will be submitted as part of the City’s permanent payroll record. Compensable time shall not include the time it takes to travel to and from the office or work area by the most direct route.

Non-exempt employees, with the exception of departments/divisions that have regularly scheduled work shifts twenty-four (24) hours each day-seven (7) days a week, who are unexpectedly called back to their office or a work area due to an emergency situation on an official City holiday shall be paid two (2) hours of call-back pay in addition to the actual number of hours worked at the rate of one and one-half (1 ½) times the employees’ hourly rate.

G. ON CALL PAY

On-call service is necessary for the proper maintenance and operation of certain City services. On-call time is defined by departmental needs as a period of time in which an employee is required to be available to report to work at the City’s discretion.

Supervisors must review their employee’s on-call circumstances to determine the level of restrictions involved. They must determine:

1. The response time required;
2. The average number of times called per week (or a reasonable estimate); and
3. Any limitations required to perform on call work such as tools required.

Supervisors will ensure they have appropriate and updated contact information, including current phone numbers, for on-call employees, and employees designated and compensated for being on-call shall ensure they respond when contacted and report to work when needed. They are also restricted from consuming alcohol or other substances that could impair their ability to respond.

Department Heads are responsible for identifying positions that are subject to on-call provisions. Supervisors shall notify employees in advance of on-call status and the length of time expected to be on-call. For designated on-call non-exempt employees, a rate of seventy dollars ($70.00) per week will be paid. If a non-exempt employee is designated to be on-call for less than seven (7) days, then the rate of ten dollars ($10.00) per day will be paid. The ten dollars ($10.00) per day for on-call pay will be in addition to the call-back pay the employee is entitled to receive.

H. REPORTING PAY

Reporting pay will be granted when employees report for work and no work is available. Reporting pay will not be granted if the lack of work is the result of conditions beyond the City’s control, if the City makes a reasonable effort before starting time to notify employees not to report, or if employees refuse to accept other available work that
they are qualified to perform. Employees will be granted four (4) hours reporting pay. Personal Leave (PTO) or compensatory time may be used to make-up for pay that would otherwise be lost.

I. PAY RATES FOR CHANGES IN STATUS

The following pay policies shall be effective in relation to promotions, demotions, transfers and reclassifications. This list is not inclusive.

2) **Demotion** - When an employee is voluntarily or involuntarily demoted to a lower salary grade, the employee's rate of pay may be reduced to a lower rate comparable to other employees performing similar job duties.

3) **Transfer** - When an employee is transferred to the same position that is classified in the same salary grade, he/she may not receive a pay increase. However, depending upon the job responsibilities and qualifications of the new position, a pay increase may be warranted for transfers to different positions in the same pay grade.

4) **Reclassification**: When an employee’s position is reclassified to a higher salary grade, the employee shall receive a pay increase. When an employee's position is reclassified to a lower salary grade or remains on the same salary grade, the employee's salary shall not change.

J. EMPLOYEE PAY

The City makes every effort to ensure that employees receive their pay on time. City employees shall be paid generally through direct deposit on a bi-weekly basis, with payday being every other Thursday. There are some employees who were hired prior to the bi-weekly conversion and remain on a weekly basis. Those employees are paid every Thursday. Employees who are currently paid on a weekly basis and receive a promotion shall be moved to a bi-weekly basis. Employees with questions about their pay should contact the designated pay clerk for their division/department within the pay period in question or immediately thereafter. If a pay clerk is not available, contact the City Payroll Office.

1) Final Pay – Employees who separate from City employment shall be paid their wages in full on the next regular payday, not to exceed twenty-one (21) days from the date of separation. In unusual circumstances, a Department Head may make arrangements for earlier payment.

2) Lost Paychecks – Employees are responsible for their paychecks after they have been issued. Checks lost or otherwise missing should be reported immediately to the Payroll Office so that a stop-payment order may be initiated. The Payroll Office
shall determine if and when a new check should be issued to replace a lost or missing check. This replacement check may take up to seven (7) days, depending upon the circumstances.

3) Unclaimed Paychecks – Paychecks not claimed by employees within one (1) week of the date issued must be returned by the supervisor to the Payroll Office.

If an employee is absent on payday and does not receive pay by direct deposit, the employee may have someone else pickup his paper check. The paycheck shall be provided to that individual if the designee provides the employee’s identification and written authorization signed by the employee.

K. PAYROLL DEDUCTIONS

By law, the City is required to deduct, where applicable, federal withholding taxes, Social Security taxes (except sworn employees), Medicare, and garnishments from an employee’s pay. Below is information regarding federal and social security taxes as well as other possible deductions:

1) Federal Income Tax – Federal taxes are withheld from employees’ pay based on the number of dependents claimed by each individual. Supplemental payments are taxed at the twenty-five percent (25%) rate. Employees are required to file with the City a copy of the W-4 form. In the event of changes in the employee’s exemption status, a revised W-4 form must be filed before payroll deduction adjustments will be made.

2) Social Security – Social Security payments and deductions will be made according to the Federal Insurance and Compensation Act (FICA). The Finance Department shall keep such records and make such reports as may be required by applicable state and federal laws or regulations.

3) Others - Other City authorized deductions will be made from an employee’s pay only with the employee’s signed consent. The list below is an example of other deductions and is not all inclusive:

   d) Deferred compensation payments
   e) Supplemental insurance approved by the City

B. ANTI-HARASSMENT

The City of Chattanooga is an Equal Opportunity Employer. We value and respect the diversity of our employees, directors, administrators, consultants, representatives, contractors, vendors, and communities. As part of our culture of respect and appreciation, we believe that people with varied backgrounds and perspectives add vitality and creativity to our community, and we encourage diversity in the workplace. To that end, we provide
equal employment opportunities regardless of an individual’s age, sex, race, color, religion, disability, national origin, citizenship, protected veteran or military status, sexual orientation, gender identity, ethnic origin, political affiliations, genetic information, marital status or any other characteristic protected by federal, state, or local law.

The City of Chattanooga is committed to providing equal opportunity in all our employment practices. We will hire, evaluate, transfer, compensate, and promote employees based on skills and performance and not on any unlawful consideration. Our commitment to equal employment opportunity includes an organizational intolerance of any form of discrimination, sexual harassment, or any other type of harassment. Such behavior undermines the very core of our creed and values. Performance and conduct consistent with the spirit and intent of these policies is expected of each employee and, in the case of management employees, such performance will be evaluated as in any other job-related duty. Any form of harassment is a violation of this policy and will be treated as a disciplinary matter.

Discrimination and harassing behavior are destructive to our culture and against our core values. Discrimination is any unfair or unfavorable treatment suffered by any employee because of the employee’s inclusion in a protected category. The areas of employment which may be affected by discrimination include, but are not limited to compensation, promotions, recruiting, job evaluations, job training, and hiring. Harassment is a form of discrimination. Harassment consists of unwelcome conduct, whether verbal, physical, or visual, that is based upon any category protected by law. Harassing behaviors may include but are not limited to racist, sexist, xenophobic, homophobic, ageist or other derogatory comments; name-calling, kidding, teasing; or jokes directed at one person or group due to their membership in a protected category.

The City of Chattanooga will not tolerate discriminatory or harassing conduct that affects pay or benefits, that interferes with an individual’s work performance, or that creates an intimidating, hostile, or offensive working environment. The City will not tolerate discrimination or harassment of employees by anyone, including any supervisor, co-worker, contractor, vendor, client, or visitor. This policy does not in any way prohibit an employee’s religious identity. City employees cannot be denied jobs, lose their employment or be demoted for stating and/or exercising their religious identity as guaranteed under the United States Constitution and state law.

Definitions

The term “harassment” is used in this policy to refer to both sexual and other forms of harassment. Below are definitions of sexual and other forms of harassment, as well as examples of conduct that may constitute harassment. (These lists are examples only; they are not all-inclusive.)

Sexual Harassment - Unwelcome sexual advances, requests for sexual favors, or
other verbal or physical conduct pertaining to a person’s sex (including pregnancy, childbirth, breastfeeding or related medical conditions), and/or of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or;
2. Submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individuals or;
3. Such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating a hostile or abusive work environment.

Sexual harassment does not need to be motivated by sexual desire to be unlawful or to violate this policy. For example, hostile acts toward an employee because of his/her gender can amount to sexual harassment, regardless of whether the treatment is motivated by any sexual desire. Examples of conduct which may result in sexual harassment may include, but are not necessarily limited to, the following:

- Verbal - Unwelcome conduct such as the use of suggestive, derogatory, or vulgar comments; the use of sexual innuendos or slurs; making unwanted sexual advances, invitations, or comments; pestering for dates; making threats; propositions, threats or suggestive or insulting sounds; inappropriate email; and/or spreading rumors about or rating others as to their sexual activity or performance.
- Visual/Non-Verbal - Unwelcome conduct such as the display of sexually suggestive and/or derogatory objects, pictures, posters, written material, cartoons, or drawings; the use of graffiti and/or computer-generated images of a sexual nature; and/or the use of graphic commentaries, obscene gestures or leering.
- Physical - Unwelcome conduct such as unwanted touching, pinching, kissing, patting, or hugging; the blocking of, or interfering with normal movement; stalking; assault; battery; and/or physical interference with work or study directed at an individual because of the individual’s sex, sexual orientation, or gender.
- Threats, Demands, or Pressure - To submit to sexual requests in order to keep a job or job standing to avoid other loss, and/or offers of benefits in return for sexual favors.

Other Forms of Harassment - In addition to sexual harassment, other forms of prohibited harassment include offensive comments or conduct pertaining to a person’s sex (including pregnancy, childbirth, breastfeeding or related medical conditions), race, religion (including religious dress and grooming practices), color, gender, gender identity, gender expression, national origin or ancestry (including
language use restrictions), physical and/or mental disability, medical condition, genetic information, marital status, registered domestic partner status, age, sexual orientation, military and/or veteran status, association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, or local law or ordinance or regulation. Such conduct may include, but is not limited to:

- Making gestures, threats, derogatory comments, or slurs that may be offensive to individuals in a particular group,
- Bullying behavior that is threatening, intimidating, verbally abusive or results in other disruptive actions in the workplace,
- Displaying derogatory objects, photographs, cartoons, calendars, or posters;
- Sending messages by letters, notes, email, or telephone that may be offensive to individuals in a particular group.

1) FILING A COMPLAINT

Any individual either experiencing or observing a suspected incident of discrimination or harassment should report the incident to their supervisor, to any Department Head, or the Human Resources Department. If the complaint involves the employee’s supervisor, department director, or anyone else in a supervisory position over the employee, the employee should report the incident to the Employee Relations Coordinator. Any manager who receives a report of discrimination or harassment must immediately report it to the Chief Human Resources Officer, Deputy Chief Human Resources Officer or the Employee Relations Coordinator.

Respect and dignity for others is the key to providing a discrimination and harassment-free workplace. All City of Chattanooga employees are responsible for helping to assure that we successfully avoid discrimination and harassment and their effects. Supervisors and others in positions of authority have a particular responsibility to proactively monitor and ensure that healthy, respectful, and professionally appropriate behaviors are exhibited at all times, and that complaints to the contrary are addressed in a timely manner.

Employees of the City of Chattanooga may consult with the Employee Relations Coordinator on an informal basis to receive information and consultation in relation to specific situations without filing a formal complaint or grievance. In addition, employees may withdraw a formal complaint and seek mediation or an informal resolution at any point in the process. (NOTE: All sexual harassment complaints must be handled through the formal complaint process.)

Formal complaints must be filed in writing and signed by the employee. An oral complaint must be transcribed into written format, signed and then submitted by the complaining employee. Once an employee files a written complaint, a letter is necessary
to effectuate the withdrawal of a complaint.

The Human Resources Department reserves the right to conduct or continue an investigation of any and all complaints: formal/informal; written/oral; and pending/withdrawn.

2) COMPLAINT INVESTIGATIONS

The City of Chattanooga’s policy is to investigate all such complaints thoroughly, promptly, and in an impartial manner. If such an investigation reveals that the complaint is valid, the City will administer disciplinary and other corrective action as appropriate to stop the discrimination or harassment and prevent its recurrence. Such disciplinary action shall include any corrective action deemed necessary, up to and including immediate termination of employment. Discipline will be based on the seriousness and/or pervasiveness of the offense. To the fullest extent practicable, the City of Chattanooga will keep complaints, related investigations, and the terms of their resolution confidential. Retaliation against reporters of harassment or individuals who cooperate with a corresponding investigation is strictly prohibited, and will result in discipline up to and including termination.

All investigations will be conducted under the direct management of and/or direction of the Human Resources Department. The Human Resources Department may initiate individual investigations, conduct inquiries, or provide educational information in response to employee concerns and as deemed necessary by the Chief Human Resources Officer. In cases of a formal investigation, a written notification of a complaint or concern will be sent to the charged employee, the employee’s immediate supervisor, and the Department Head. In cases where no individual supervisor can be identified, case results will be directed to the Administrator. The charged party (one who is accused of a harassing or discriminatory act) may be placed on paid administrative leave pending the conclusion of the investigation depending upon the seriousness and severity of the charges.

Employees are encouraged to file a complaint directly with the Human Resources Department. If submitted indirectly through a supervisor, the individual receiving the complaint must forward it to the Human Resources Department within 2 (two) business days.

3) COMPLAINT PROCESS

Stage One (Informal Resolution)

Many employee relations matters arise from misunderstandings and failed communication. The Human Resources Department encourages matters to be resolved at the lowest possible levels and at the earliest stage possible. When no written complaint has been submitted to the Human Resources or employee’s Department, they
may collegially discuss the concerns directly with the individual(s) involved in an attempt to clear up any possible miscommunications that may exist. Attempting to use informal methods of conflict resolution does not forfeit the employee’s right to move forward at a later date with a formal written complaint if the matter is not resolved in an informal manner. (NOTE: All sexual harassment complaints must be handled through the formal complaint process.) In all cases, the deadline for submission of a formal complaint is within three hundred (300) days of the last alleged act.

The Human Resources Department provides consultation to both employees and managers seeking approaches to resolve issues in an informal manner. Collaborative resolutions at the lowest possible levels and the earliest time periods are strongly encouraged. The Human Resources Department promotes respectful communication as a viable option for settling disputes. Informal complainants may seek an informal resolution as follows:

1. If the matter is not resolved or the employee would prefer not to discuss the situation with the individual involved, then the employee should take the next step and discuss their concerns with their immediate supervisor; and
2. If the concern remains unresolved or at any time the employee desires, the next step is to schedule an appointment to discuss the matter with the Department Head.

**Stage two (formal written complaints)**

If the informal resolution attempts between the parties do not result in a resolution of the matter or the employee seeks to skip informal resolution, the complaining party then has the option to request that the Human Resources Department conduct a formal investigation. The request for a formal investigation should be dated and issued in writing as soon as the employee is aware of the conduct or knows that informal resolution is unsuccessful. The complainant is required to provide any facts and/or data that would substantiate discriminatory allegations.

The charged party (one who is accused of a harassing or discriminatory act) will be allowed to review the written allegations and to provide a written response to the charges after the review. After reviewing the allegations, responses, and evidence from both parties, the Human Resources Department will make a determination as to whether or not to proceed with further investigations.

Once a formal written complaint has been filed, the matter has gone past the level of informal resolution. At this stage, employees should not attempt to resolve a formal harassment complaint on a one-on-one basis or confront an employee (either the complaining employee or the accused) in relation to an investigation that is either open or closed.
In cases where the Human Resources Department moves forward with a formal investigation, witnesses, co-workers, and management may be questioned. Both the accused and the complainant will also have an opportunity to present their responses during an investigatory interview.

**Responsibilities**

Parties involved in the investigation (complainant, charged party, and witnesses) should not discuss their participation in or information relative to the process so as to maintain the integrity of the investigation. Managers and all involved parties are expected to maintain the confidentiality of employees and other individuals directly involved in the complaint process, to the extent possible.

The complainant or charging party must sign a statement indicating that the allegations in the complaint are honest, true, accurate, and not exaggerated. When issuing a statement or answering questions in connection with an inquiry, an employee must, to the best of their knowledge and belief, be truthful in all of their oral and written responses. Individuals (including complainants, accused parties, employees, administrators, witnesses, managers, supervisors, information gatherers, persons submitting data and others) who fail to cooperate with the Human Resources Department, are found to have provided false information, to have filed a frivolous claim, or to have altered written data in relation to an inquiry or investigation will be subject to disciplinary action.

All managers and/or employees connected to the City of Chattanooga, Tennessee are required to:

1. Fully cooperate in investigations;
2. Provide any information (written, e-mailed, texted, or oral) connected to an investigation;
3. Make themselves available for questioning in an interview conducted by the Human Resources Department; and
4. Provide truthful and accurate statements to the complaint investigator(s).

Supervisors should not presume any employee (either the accused or the complainant) to be guilty of anything or institute disciplinary actions merely based on a pending harassment claim.

**Complaint Closure**

At the conclusion of the investigation, the Human Resources Department will send its findings to the Department Administrator of the accused. Individuals found to be in violation of the harassment policy shall be issued disciplinary action, as deemed by the Chief Human Resources Officer, and consistent with and proportional to these findings.
The Department Head or the highest level supervisor over the employee is required to initiate disciplinary action within five (5) working days of receiving a written finding and confirmation of harassment, and do a follow-up letter to advise the Chief Human Resources Officer of the final actions taken at the departmental level. In cases where systemic violations relating to a department are found, the Chief Human Resources Officer, the City Attorney’s Office and the Mayor’s Office shall collaborate to bring about corrective actions. This shall not eliminate actions against individuals within the department found to be in violation of the harassment policy. A written letter of resolution will be issued by the Chief Human Resources Officer and sent to complainant and the charged individual. In certain cases where the Human Resources Department deems that the accused may have more likely than not violated the harassment policy or which may pose specialized concerns, the Human Resources Department may consult with the City Attorney’s Office and/or seek a detailed legal case review in conjunction with the final investigative findings.

4) PROHIBITION AGAINST RETALIATION

Complainants, employees, management, participants, Human Resources staff and witnesses are protected against any form of organizational, administrative, or management retaliation due to, or in any part based on, participation in a complaint, inquiry, and/or investigation. A manager may not cause an adverse employment action or otherwise retaliate against an individual for filing a complaint of discrimination or participating in a discrimination proceeding.

If employees believe they are being subjected to retaliation, they should notify the Human Resources Department in writing as soon as possible of the alleged retaliatory act. The written notice should outline in detail the allegations and dates of the specific retaliatory acts. Department managers and any other employees and officials found to have committed verifiable acts of retaliation against an individual in connection with a harassment claim will be subjected to disciplinary action.

While employees are protected from retaliation for filing complaints, employees who knowingly file falsified charges are subject to disciplinary action.

C. WORKPLACE VIOLENCE & ABUSIVE CONDUCT

1) WORKPLACE VIOLENCE

The City of Chattanooga is committed to providing a safe environment for working and conducting business. The City will not tolerate acts of violence committed by City employees or members of the public on City of Chattanooga property or between City employees. The firearm and ammunition, however, may not be removed from the vehicle while it is on City property. Removal of the firearm and ammunition from the vehicle may result in discipline, up to and including immediate discharge. The City will not discharge or take any adverse employment action against an employee solely for transporting or storing a firearm or firearm ammunition in an employer parking area in a manner consistent with T.C.A. §39-17-1313(a).

All reports or statements to a law enforcement officer of threats or violence will be evaluated immediately and appropriate action will be taken in order to protect the employee from further violence. Appropriate disciplinary action will be taken when it is determined that a City of Chattanooga employee has committed an act of violence. Where City of Chattanooga employees exhibit such behavior, the City of Chattanooga reserves the right, under the direction of the Chief Human Resources Officer or designee, to determine fitness for duty. Employees may be suspended with or without pay pending this fitness for duty evaluation.

Where issues of employee safety are of concern, Department Heads and supervisors should evaluate the workplace and make appropriate recommendations regarding a reasonable response. Additionally, supervisors are encouraged to consult with the Director of Safety, Compliance, & Risk Management and/or Employee Assistance
Program about appropriate resolution of instances of workplace violence. Each employee of the City of Chattanooga and every person on City of Chattanooga property is encouraged to report threats or acts of physical violence of which he/she is aware. 2. Take reasonable steps to protect the grievant, including but not limited to, separation of employees involved.

6. Ensure that all employees have access to and are aware of the abusive conduct prevention policy and explain the procedures to be followed if a complaint of inappropriate behavior at work is made;

9. Inform any employees exhibiting continuing emotional or physical effects from the incident in question of established employee assistance programs or other available resources; and
10. When abusive conduct has been confirmed, the supervisor and the City will continue to keep the situation under review and may take additional corrective actions if necessary. Preventative measures may also be taken to reduce the recurrence of similar behavior or action.
**Employee Responsibility (including witnesses)**

Employees shall treat all other employees with dignity and respect. No employee shall engage in threatening, violent, intimidating or other abusive conduct or behaviors. Employees are expected to assume personal responsibility to promote fairness and equity in the workplace and report any incidents of abusive conduct in accordance with this policy. Employees should cooperate with preventative measures introduced by supervisors and recognize that a finding of unacceptable behaviors at work will be dealt with through appropriate disciplinary procedures.

**Retaliation**

Retaliation is a violation of this policy. Retaliation is any act of reprisal, interference, restraint, penalty, discrimination, intimidation, or harassment against an individual or individuals exercising rights under this policy.

**Training for Supervisors and Employees**

All supervisors and employees must undergo training on abusive conduct prevention as directed by the Human Resources Department. This training will identify factors that define and contribute to a respectful workplace, familiarize participants with their individual responsibilities under this policy, and provide steps to address an abusive conduct incident.

**Reporting**

Any employee who feels he or she has been subjected to abusive conduct shall report the matter orally or in writing to a supervisor, Division Director, Department Head, appointing authority, elected official, the Human Resources Department, or by utilizing any of the reporting measures described in the Whistleblower Protection policy in this Guide. Employees who believe they are being abused by their immediate supervisor should report their complaints to their division director or Department Head.

Any employee seeking to file a complaint should ensure they present precise details of each incident of abusive conduct, to include dates, times, locations and any witnesses that may corroborate their claim. If an employee wishes to file a formal complaint with the Human Resources Department, it must be documented in writing. Their concerns will then be addressed under the direction of the Chief Human Resources Officer, and in accordance with Stage Two of the Complaint Process detailed in the City’s Anti-Harassment Policy section.

The person complained against will be notified that a claim has been made against him or her, and of the abusive conduct complaint resolution process.

**Corrective Action**

The City of Chattanooga will take immediate and appropriate corrective action when abusive conduct has been confirmed. Remedies may be determined by weighing the severity and frequency of the incidences of abusive conduct, and in accordance with existing disciplinary policies of the City.

Any employee who engages in conduct that violates this policy or who encourages such conduct by others will be subject to corrective action. Such corrective action may include but is not limited to participation in counseling, training, and disciplinary action up to and including termination, or changes in job duties or location.

Supervisory personnel who allow abusive conduct to continue or fail to take appropriate action upon learning of such conduct will be subject to corrective action. Such corrective action may include but is not limited to participation in counseling, training, or disciplinary action up to and including termination, or changes in job duties or location.

While the City of Chattanooga encourages all employees to raise any concern(s) under this policy and procedure, the City recognizes that intentional or malicious false allegations can have a serious effect on innocent people. Individuals falsely accusing another of violations of this policy will be disciplined in accordance with the disciplinary policy of the City.

**Confidentiality**

To the extent permitted by law, the City of Chattanooga will maintain the confidentiality of each party involved in an abusive conduct investigation, complaint or charge, provided it does not interfere with the ability to investigate the allegations or to take corrective action. However, state law may prevent the City from maintaining confidentiality of public records.

**D. AMERICANS WITH DISABILITIES ACT AND AMENDMENTS ACT**

The ADAAA are federal laws that prohibit employers from discriminating against applicants and individuals with disabilities.
The City will comply with all federal and state laws concerning the employment of persons with disabilities and will act in accordance with regulations and guidance issued by the Equal Employment Opportunity Commission (EEOC). Furthermore, the City will not discriminate against qualified individuals with disabilities in regard to application procedures, hiring, advancement, discharge, compensation, training, or other terms, conditions, and privileges of employment.

An employee with a physical or mental impairment which prevents him or her from properly performing the essential functions of his/her job, the employee may request a Reasonable Accommodation. Reasonable accommodations of the disability will allow the employee to continue to work in certain circumstances, depending upon the particular impairment and the essential functions of the job. Reasonable accommodations may include a transfer to a comparable position for which the individual is qualified, job restructuring, light duty and/or physical restructuring of the workplace. The City may not be able to make accommodations for certain jobs due to undue hardships or the direct threat to the safety and health of others.

For reasonable accommodations to be considered, the employee must initiate a request for an accommodation and submit acceptable medical documentation to the Manager of Wellness and Occupational Health or designee. The medical evidence must demonstrate that the disability prevents the employee from performing the essential functions of the job. The City may require an examination at its own expense to be performed by a licensed physician of its choice. If there is a disagreement, the employee may request a second examination be performed at the employee’s expense. In the event of a disagreement in the two opinions, a third opinion may be obtained with both parties sharing the cost of the examination. The Manager of Wellness and Occupational Health, along with the Department Head or designee and Chief Human Resources Officer or designee, shall determine if the employee can perform the essential functions of the job or if other reasonable accommodations can be provided.

E. RECRUITMENT

The City of Chattanooga will make every effort to attract qualified applicants for every position. In order to initiate the recruitment process, Department Heads should submit a requisition for approval. The Human Resources Department shall contact the designated Hiring Manager when the requisition has been approved.

**Internal (In-House) Job Postings** – Job announcements are sometimes posted internally, and only current City employees are eligible to apply for those positions. Internal job announcements are posted on the City’s website and emailed to designated departmental contacts for posting on employee bulletin boards. Internal job postings are also available in the Human Resources Department. The posting period for internal job announcements will be at a minimum of five (5) business days. All City employees are
eligible to apply for internal postings. Probationary employees are eligible to apply; however, the probationary period shall restart in the new position.

**External Job Postings** – All qualified candidates who meet the minimum qualifications for the job may apply for external job postings. External jobs announcements are posted on the City website and are emailed to designated contacts for posting. Job announcements may be sent to additional recruiting sources as needed. The posting period for external job announcements will be at a minimum of five (5) business days. The Department Head or designee is responsible for ensuring that all job postings are posted in the designated location and for the entire posting period.

1) **APPLICATIONS**

Paper employment applications may be completed and submitted to the Human Resources Department. Employment applications can also be submitted online through the City’s website. Applications are only accepted for posted positions and must be submitted prior to the job posting closing date.

The Human Resources Department shall assist Department Heads in identifying qualified employees for hiring and promotional considerations. The Human Resources Department will prepare and publicize job announcements in order to bring notice of vacancies to as many qualified persons as possible.

Qualifications for employment or in-service promotions shall be based upon qualifications.

The Human Resources Department shall work closely with Department Heads to prepare relevant examination components and procedures tailored to meet the specific needs of the departments and to ensure the employment of the best qualified applicants.

2) **RECRUITMENT BY EXAMINATIONS**

All vacant positions within the City shall be filled according to qualifications, and applicants may be subject to competitive examination. All examinations shall fairly and impartially test those matters relevant to the applicant’s ability to successfully perform the job.

Examinations may be held to establish eligibility and fitness and may consist of one or more of the following types of examinations, as determined by the Human Resources Department:

1. **Written/Knowledge-based Test** – this test, when required, shall include a written demonstration designed to show the applicant’s familiarity with the knowledge involved in the class of positions to which he/she is seeking employment.
2. **Oral Test** – This test shall include a personal interview where the ability to deal with others, to meet the public, and/or other personal qualifications are to be
evaluated. An oral interview may also be used in examinations where a written test is unnecessary or impractical or as a reasonable accommodation to someone unable to take a written test due to a disability.

3. **Performance Test** – This test shall involve performance tests as would aid in determining the ability and manual skills of applicants to perform the work involved. The performance test may be given a weight in the examination process or may be used to exclude from further consideration applicants who:
   a. Cannot perform the essential functions of a specific position due to a disability that cannot reasonably be accommodated; and
   b. Pose a direct threat to themselves or others.

4. **Physical Agility Test** – this consists of job-related tests of bodily conditioning, muscular strength, agility, and physical fitness of job applicants for a specific position. This test may be given a weight in the examination process or may be used to exclude from further consideration applicants who do not meet the minimum required standards.

5. **Polygraph Exam** – this exam may be used for certain public safety positions within the Police and Fire Department to aid in determining the truthfulness of an applicant's application/screening questionnaire, employment history, use of illegal drugs, general history, thefts from employers, criminal history, and vehicle driving record. The polygraph exam may be used to exclude from further consideration applicants who:
   a. Are found deceptive; or
   b. Are not in compliance with policy.

The Human Resources Department shall make reasonable accommodations in the examination process for applicants who submit written requests in a timely manner. Notifications shall be sent to applicants who provide a valid email address.

3) **RESIDENCY REQUIREMENT**

Per Section 3.1.1 of the City Charter, all employees of the City shall be residents of the State of Tennessee. This shall only apply to those employees working in general government of the City. Those employees who were hired on or before January 18, 1990, and who have lived outside the State of Tennessee continuously since said date, shall be exempted from Section 3.1.1 of the City Charter.

All employees are required to maintain their current home address and telephone number on record with the City.

The Mayor, at his/her discretion, may designate a residency requirement more narrowly defined based on the necessity of emergency operations.
F. POST OFFER REQUIREMENT

Following a conditional offer of employment, successful completion of a post-offer employment physical shall be required for all candidates to determine whether prospective employees can perform the essential functions of the position offered. The physical may require various components depending on the requirements for the position.

Prospective employees who are unable to successfully perform the essential functions tested for in the medical examination shall have their offer of employment by the City withdrawn if they:

1. Cannot perform the essential functions due to a disability that cannot reasonably be accommodated; or
2. Pose a direct threat to themselves and/or others.

In-service promotional candidates may be required to successfully complete a post-offer physical examination, based on the requirements of the position.

All candidates shall be required to successfully complete a background check. The specific components of the background check will be based on the requirements for the position. In-service promotional candidates may also be required to successfully complete a background check if the position requirements exceed the requirements of the current position.

All City employees may, during their employment, be required to undergo an initial and/or periodic examination to determine their physical and mental fitness to continue to perform the work of their positions.

As a condition of employment with the City of Chattanooga, participants of the Fire and Police Pension Fund shall be required to participate in periodic screening tests or examinations relating to heart and lung conditions, such as but not limited to cholesterol tests, blood pressure checks, pulmonary function tests, and blood tests. If any screening examination suggests the need for a more complete medical evaluation, the employee shall be scheduled for a fitness-for-duty examination by a physician selected by the City.

G. MINIMUM AGE

The FLSA sets wage, hours worked, and safety requirements for minors (individuals under age eighteen (18)) working in jobs covered by the statute, which includes City government. The rules vary depending upon the particular age of the minor and the particular job involved. As a general rule, the FLSA sets fourteen (14) years of age as the minimum age for employment and limits the number of hours worked by minors under the age of sixteen (16). The FLSA also generally prohibits the employment of a minor in work declared hazardous by the Secretary of Labor (for example, work involving excavation, driving, and the operation of many types of power-driven equipment). The
minimum age for sworn employees is twenty-one (21) years of age.

the Mayor or designee.

2) PROMOTIONS

higher salary range. Promotions in every case must involve a definite increase in duties
and responsibilities and shall not be made merely for the purpose of affecting an
increase in compensation.

3) TRANSFERS

A transfer is assigning an employee from one position to the same position that is classified
in the same salary range. When an employee desires to transfer from one department/division to another, both Department Heads/supervisors involved will agree on a start

be transferred for any of the following reasons:

1. When the employee meets the qualification requirements for the new position and
   is selected by the Hiring Manager for transfer; or
2. If it is in the best interest of the City.

4) TEMPORARY ASSIGNMENT

Employees may be reassigned temporarily based on business need or pending the outcome of an investigation upon approval of the Department Head. If an employee is to be temporarily assigned to another work location or responsibility due to a business need and not because of a pending investigation, then notice may be given for the reassignment when feasible and include an estimated timeframe for the temporary reassignment. If it is not feasible to provide a timeframe for the temporary reassignment, then the supervisor shall meet with the employee on a regular basis to discuss the status of the temporary reassignment.

5) DEMOTIONS

A demotion is assigning an employee from one position to another that is classified in a lower salary range. Demotions in every case must involve a definite decrease in duties and responsibilities and shall not be made merely for the purpose of affecting a decrease in compensation. An employee may be demoted for any of the following reasons:

A former classified service City employee may be reinstated or reemployed based on the following conditions:

   a. The employee is rehired and restored into the same position that was held at the time of separation;
   b. The employee was vested in the City General Pension at the time of separation; and the employee did not withdraw their employee contributions and remain vested with the General Pension.

   An employee will be provided the same fringe benefits and prerequisites of seniority that the employee was receiving when he/she left employment. Reinstated employees are not entitled to any upward adjustments with respect to any condition of employment which would have occurred by virtue of continued employment.

   This time limitation shall not apply to veterans who are entitled to be reinstated without loss of benefits pursuant to federal or state law, or employees reinstated as a result of legal proceedings.

2. **Reemployment.** There is no time limitation on reemployment of a former classified City employee. A person who is reemployed has only those rights, benefits and conditions of employment as any other newly hired City employee for that position. All rights, benefits and conditions of previous employment with the City are forfeited after employee separation, voluntary or involuntary. Therefore, all accrual periods, probationary periods, and longevity calculations shall begin on the first day of work of the current employment period, unless otherwise provided by federal or state law or in the City’s Charter, Ordinance or Resolution. The City reserves the right not to reemploy or reinstate any former City employee. Nothing herein shall be construed to limit or to increase the re-employment or reinstatement rights afforded to veterans pursuant to federal or state law. Veterans shall be afforded whatever reemployment or reinstatement rights they may be legally entitled to receive.

Nothing herein shall be construed to change any time limitations or pre-existing conditions provisions provided through any health, life or accident insurance in force. Nothing herein shall be construed to provide any contractual rights or to vest any rights in any present or former employee and shall be construed only as an internal management policy subject to change or exception at any time by the Mayor.

J. PROBATIONARY PERIOD

Immediately upon employment, all civilian employees will enter a six (6) months probationary period. During this phase of employment, employees are evaluated on their ability to become a productive City employee. Your ability to perform tasks; work and communicate with others; follow directions; display a positive attitude; work with or without supervision; promptness; willingness to work; judgement, and integrity will be evaluated. Before the end of the introductory period, supervisors will review employees' job performance and advise employees' of their progress. City of Chattanooga reserves the right to dismiss any employee (without prior warning) for not meeting the organization's employment standards.

Persons employed in fire protection or law enforcement positions in the Fire and Police Departments will serve a probationary period of twelve (12) months.

Before the end of the probationary period, the supervisor shall indicate the following in writing to the Department Head and copy the Chief Human Resources Officer:

1. That he/she discussed with the employee the employee's accomplishments, failures, strengths and weaknesses;
2. Whether the employee is performing satisfactory work;
3. Whether the employee should be retained in the position;
4. Whether the employee, if a new employee, should be discharged or have his/her probationary period extended a given number of months not to exceed an additional six (6) months; or
5. Whether the employee, if on probation following promotion, should be reinstated in his/her former position, if available, or have his/her probationary period extended a given number of months not to exceed an additional six (6) months.
New hire probationary employees shall not be entitled to any due process hearings with respect to discharge and newly promoted employees shall not be entitled to due process hearings should the employee be reinstated in his/her former position or demoted to another position during the probationary period. The supervisor shall submit written documentation to the Department Head and to the Human Resources Department for inclusion in the employee's official personnel file.

4. A copy of educational certification, professional license, certificate, or any other required documents to include a copy of the employee's driver's license, if the position requires driving a City Vehicle;
5. Residency Requirement Form;
6. Beneficiary designation forms; and
7. A direct deposit form.

New employees are required to attend a new employee orientation. At this orientation, employees will be provided with relevant information to assist them with the onboarding process.

**L. OUTSIDE EMPLOYMENT**

The City expects an employee's work for the City to take precedence over any outside employment engaged in by an employee. Employees must get prior written approval from the Department Head before engaging in other employment. The supervisor shall forward a copy of the outside employment form to the Human Resources Department for inclusion in the employees' official personnel file.

Activities and conduct away from the job must not compete with, conflict with, or compromise the City's interests or adversely affect job performance and the ability to fulfill all job responsibilities. Employees are prohibited from performing any services for customers on non-working time that are normally performed by the City. This prohibition also extends to the unauthorized use of any City tools or equipment and the unauthorized use or application of any confidential information. In addition, employees are not to solicit or conduct any outside business during paid working time.

The Fire and Police Chiefs shall establish written policies in collaboration with the Chief Human Resources Officer on any additional public safety-specific requirements for outside employment for their employees.
**M. FLEXTIME**

Flextime is a scheduling arrangement that permits variations in an employee's arrival and departure times but does not change the total number of hours worked in a week. This allows employees greater flexibility in their work schedule.

Supervisors may review flextime requests on a case-by-case basis and will obtain Department Head approval before the final approval may be granted. Non-probationary City employees may be eligible for flextime. The employee must first discuss possible flextime arrangements with his/her supervisor and then submit a written request to his/her supervisor. The supervisor will approve or deny the flextime request based on staffing needs, the employee's job duties, the employee's work record and the employee's ability to temporarily or permanently return to a standard work schedule when needed.

Individual Department Heads may implement flextime work schedules, subject to the following conditions:

1. The Department Heads have the discretion to determine if staffing coverage is adequate and sufficient to meet the operating requirements;
2. Work weeks and work periods established by Department Heads must be observed;
3. Flextime schedules must be evaluated over a three month trial period. After the trial period, Department Heads are to evaluate the flextime schedule on a periodic basis (no less than annually) to determine if it meets departmental operating requirements;
4. Department Heads, at their discretion, may implement, continue, discontinue or modify flextime work schedules. In addition, Department Heads have the right to return employees to a standard work schedule at any time without providing justification for such action; and
5. Department Heads are to ensure that flexible schedules allow continuation of normal services.

**TYPES OF FLEXTIME SCHEDULES**

The total number of hours worked each work day, work week or work period must be maintained by each department in accordance with the FLSA. Employees are to complete the *City of Chattanooga Flexible Work Option Request* form to modify their work schedule, and approval must be granted by the supervisor and the Human Resources Department prior to beginning the modified work schedule. The form requires listing the employee’s current work schedule and the requested flextime schedule.

The following types of flextime schedules may be approved:

1. **Fixed Schedule** – employees may set their own work hours within limits established by management. Employee adheres to a set schedule but one that differs from the normal office business hours.
2. **Adjusted Meal Period** – employees may adjust the length of their meal period while
still working their standard hours for the work day. The minimum time to flex is thirty (30) minutes up to a maximum of one (1) hour.

3. **Compressed Schedule** – employees may complete a full-time work week in fewer than five (5) days.

4. **Health Flex** – employees participating in the wellness program may utilize either the Adjusted Meal Period or Peak Hour Flextime schedules.

5. **Peak Hour Flextime** – employees may flex their daily work hours (outside of peak hours) while working the total standard hours for the day.

6. **Telecommuting** – certain employees who can fulfill their job responsibilities at home or another approved location may use this option. Telecommuting may be approved by the supervisor and Department Head on a temporary basis at the discretion of the Department Head.

### N. ATTENDANCE

Punctual and regular attendance is necessary for the City to operate efficiently. The City provides a variety of forms of leave to cover absence from work. Employees are expected to report for duty, and be ready to begin work by the start of the regular work day or shift, unless on approved leave.

If an employee must be late for work or absent because of illness or an unforeseen circumstance, he/she shall personally notify his immediate supervisor as soon as possible by telephone. Certain departments may designate a specific call-in time, so the employee must adhere to departmental/divisional call-in protocol. A doctor’s note may be required when returning to work from absence due to illness lasting three (3) or more days.

Not reporting to work and not calling to report the absence is a no call/no show. A no call/no show lasting for three (3) consecutive workdays may be considered job abandonment and may be deemed an employee’s voluntary resignation of employment.

Patterns of absenteeism or tardiness may result in disciplinary action, even if the employee has not yet exhausted available paid time off. Absences due to illnesses or injuries that qualify for a protected leave status will not be counted against an employee’s attendance record, if the protected leave is verified and approved. Medical documentation is required in these instances. Employees who are absent due to a protected leave are still expected to follow the Department’s call-in protocol.

### O. BREAKS

The City will allow employees up to two (2) rest breaks during each workday. Non-exempt employees are permitted to take two (2) fifteen (15) minute rest breaks. Depending on the department, the schedule of rest breaks may be set by the employees’ immediate supervisor with the goal of providing the least possible disruption to City operations. Non-exempt employees on rest breaks are not required to clock in and out.
because this time is considered “time worked” and is compensable. Exempt employees, as they are paid a salary regardless of the hours they work, may choose to take breaks as needed.

These rest breaks are a privilege and not a right and should be taken at times that do not interfere with service to the public. If an employee chooses not to take advantage of rest breaks, then this time may not be accumulated and added to lunch periods or any type of leave. A rest break may not be used to alter arrival or departure time and may only be used in conjunction with the lunch period when authorized and approved in advance by the supervisor.

The City will provide a private location for employees who utilize break time for lactation. Employees are encouraged to contact the Human Resources Department for any assistance in identifying private locations.

**P. LUNCH PERIOD**

Each employee shall have a minimum of a thirty (30) minute unpaid meal period (one hour maximum) if scheduled to work six (6) hours consecutively. The meal period shall not be scheduled within the first or last hour of the scheduled work day or shift, unless specifically authorized by the immediate supervisor. If an employee needs to request additional time for a lunch period, the employee is encouraged to discuss Flextime options in advance with his/her supervisor.

The lunch period shall be deducted from the number of regular hours worked for an employee’s normal work day. The time and duration of the lunch period for specific employees, work sites or crews shall be determined by the Department Head.

**Q. EMPLOYEE TIME RECORDS**

All non-exempt employees are responsible for recording all actual hours worked using the Department’s time reporting procedures. Department Heads and supervisors shall review and sign all-time records. The following rules shall apply to time reporting procedures for non-exempt employees:

1. Employees are responsible for recording their starting time, quitting time and total hours worked for each work day;
2. Sign in/clock in before employees’ normal starting time or to sign out/clock out late after their normal quitting time are not permissible without the prior approval of their supervisor;
3. Employees shall not remove a time sheet/time cards from the designated employee area or leave the premises with said time sheet/time card;
4. Employees given permission by their supervisor to leave their job assignment for any purpose besides City business during work hours must sign/clock out when leaving and sign in upon returning to work, unless otherwise directed by their
supervisor in writing;

5. An employee failing to properly sign his/her time sheet/time card must have it immediately approved and initialed by a supervisor or Department Head to insure payment for hours worked; and

6. No unauthorized representative/employee shall mark on another employee’s time sheet/time card. Employees that alter another employees’ time sheet/time card shall be subject to disciplinary action.

Failure to properly record hours worked may result in not being paid for those hours in question on the time sheet. Continued non-compliance shall result in disciplinary action.

R. INCLEMENT WEATHER

During inclement weather situations, the City will make every effort to maintain normal work hours to provide services to citizens. Partial or full-day closings of City administrative offices may be authorized by the Mayor or designee as a result of inclement weather causing hazardous road conditions and other emergency circumstances. Department Heads shall decide which of their essential functions must continue and which employees must report to or remain at work, even when administrative closings are announced. A non-exempt, non-sworn employee required to work during inclement weather shall be paid at one and one-half (1½) times the employee’s regular hourly rate.

The Mayor or designee shall determine if administrative offices shall be closed to non-essential employees, as determined by the Department Head due to inclement weather. For non-essential employees not required to report to work due to administrative closings, full-time employees will be paid for such time off. Part-time employees will only be paid if normally scheduled to work that day and only for those hours which the employees would normally work.

During an inclement weather situation that is not severe enough to warrant a closure of administrative offices, the Mayor or designee may determine a delayed opening for non-essential employees. In this situation, all employees will be expected to make reasonable efforts to get to work and employees unable to arrive for work on such day will be charged one (1) day of Paid Time Off (PTO). If no PTO is available, the non-exempt employee will not be paid for the day. In a delayed opening situation, it is reasonable to allow employees up to two (2) hours after his/her normal reporting time before charging PTO. Should an employee report later than two (2) hours after the scheduled start time, PTO is charged for the entire time the employee was off. All employees who are unable to report to work should call their supervisor and report their absence as soon as possible.

On days when weather conditions worsen as the day progresses, the City may decide to close early. In such cases, a decision and an announcement will be made by the Mayor or designee or the Department Head, and employees will be paid for the remaining time.
Employees will be expected to remain at work until the appointed closing time unless they receive permission from their Department Head to leave earlier, in which case PTO may be used for the difference in the early departure time and the early closure time as determined by the appropriate leadership.

In such cases where the Hamilton County Mayor or School Superintendent makes the decision to close schools or dismiss early, due to inclement weather, school patrol officers scheduled to work on that day shall not be required to report to work, or shall be excused for the remainder of the day, and shall be paid for such time off.

**S. NEPOTISM/PERSOANL RELATIONSHIPS**

No applicant shall be employed in a position where a member of his/her immediate family would serve in a supervisory position which could directly affect his/her job performance or job evaluation. If employees become related by marriage and create a situation prohibited by this Section, one of the employees may be asked to give up his/her position.

If a personal, romantic, or intimate relationship is established between two or more employees post-hire, it is the responsibility and obligation of the employees involved to disclose the existence of the relationship to the Department Head. When a conflict or potential conflict arises due to the relationship affecting employment, the City reserves the right to make any and all employment decisions in the best interest of the City, which may include requiring one of the employees to give up his/her position.

Situations not specifically addressed in this policy that, in the City's opinion, create a conflict of interest or give the appearance of a conflict of interest, will be handled at the City's discretion.
SECTION V – LEAVE POLICIES

The City’s benefits and leave policies have been designed with the health and well-being of its employees in mind. While leave privileges add to the benefit and compensation package of employees, they also add intangible quality of life benefits which help attract and retain a desirable workforce.

A. PAID TIME OFF (PTO)

The Paid Time Off (PTO) program is provided to eligible full-time employees and combines vacation, sick days, into one bank. This allows employees flexibility in scheduling time off to meet family needs and balance work and personal life. The design of the PTO program is also intended to assist employees and manage staffing needs in order to meet the operational needs of the City. The time that is not covered by the PTO policy, and for which separate guidelines and policies exist, include paid holidays, bereavement leave, jury duty, and military leave.

1) GUIDELINES FOR PTO USE

1. Employees will earn PTO, within the accrual period of employment, if they receive pay for a minimum of one-half of the pay period.
2. Employees do not accrue PTO while receiving payments under the Injury on Duty Program or while on an unpaid leave of absence.
3. All employees should provide a twenty-four (24) hour notice to their immediate supervisor of their intention to take PTO, when possible.
4. PTO cannot be taken before it is earned.
5. PTO use and tracking should be in fifteen (15) minutes increments.
6. Except in case of disciplinary suspension, accrued PTO must be used before taking unpaid time off.
7. PTO taken for a FMLA qualifying event will run concurrently with FMLA Leave. Employees are required to notify their immediate supervisor of PTO taken for a FMLA qualifying event.
8. PTO is not a leave status. Employees needing extended time away from work must request a leave of absence.
9. An employee requesting time off in excess of fifteen (15) consecutive scheduled work days must submit the request for approval to the employee’s Department Head.

2) ACCRUAL SCHEDULE

PTO is earned based on years of service. The first tier accrual will begin with the first accrual period upon employment. The second tier accrual begins on the first accrual period of the eleventh (11th) year of continuous service and with each year of continuous service afterwards. The third tier accrual begins on the first accrual period of the eighteenth (18th) year of continuous service and with each year of continuous service.
Eligible full-time employees

All full-time regular employees, regardless of weekly or bi-weekly pay status, will earn PTO on a bi-weekly accrual period, as shown in the schedule below:

<table>

<tr>

Sworn Police and Day-Shift Fire Personnel

This calculation of PTO is based upon an equalized pay system of one hundred and twenty (120) hours per bi-weekly pay period. These employees are required to take twelve (12) hours of mandatory PTO every twenty-seven (27) day work period.

The PTO accrual and balance will be converted for Sworn Fire personnel who transfer from or to a twenty-four (24) hour schedule and from or to Day shift.

Accrual schedules for employees in the Headstart Division of YFD are not included in this Section, but can be found in the Headstart Standard Operating Procedures.

3) CARRYOVER OF PTO DAYS

The PTO year ends with the first accrual period in March, which includes the last calendar day in February. The next PTO year will begin the day after the year ends.

Employees may carryover ten (10) days of PTO from one leave year to the next leave year in addition to his/her accumulated PTO days carried over from the previous leave year(s). PTO carryover is subject to the following provisions:

1. Employees may accumulate up to a maximum of one hundred (100) days of PTO during his/her employment with the City. Employees hired prior to March 27, 1990 may accumulate up to one hundred and fifty (150) days of PTO; and
2. Employees are responsible for monitoring and taking their PTO over the course of a year so that they do not lose time accrued when the current leave year ends.

4) PTO PAYOUT

When an employee separates from employment, the City will provide a cash payout up to, but not in excess, of his/her maximum carryover limit of PTO at the time of separation. Unused accrued PTO will be paid based on the employee’s rate of pay at the time of separation with the last regular check. PTO payouts will not count toward employee’s credited service for pension purposes under the General Pension Plan and are not subject to deductions made for the General Pension Plan or Fire and Police Pension Fund.

B. BUY-BACK OF PTO

The City may purchase an employee’s accrued PTO, but is subject to certain circumstances and conditions which must be agreed to by the employee seeking to sell the PTO. The employee will agree in writing that the cap on the amount of days that the employee is entitled to accumulate over his/her career will be reduced on a day-for-day basis for the number of days the City is purchasing. The buy-back of PTO is subject to the availability of funds at the time of the request and is determined by the Finance Department.

1. No more than sixty (60) days of PTO may be purchased from any employee during his/her employment with the City.
2. Each day sold will be paid at seventy percent (70%) of the employee’s daily salary.
3. The City will not purchase PTO which would lower the employee’s total
accumulated balance below thirty (30) days, unless authorized in writing by the Mayor.

Funds realized from the sale of PTO will be excluded from pension eligible earnings and will be treated as earned income.

**C. LEAVE DONATION PROGRAM**

The intent of this program is to provide assistance to employees who have exhausted their accrued PTO as a result of illness, caring for an ill or injured family member or to address a catastrophic casualty loss. The program allows eligible employees to donate accrued PTO to assist eligible co-workers who would otherwise be subjected to a loss of income during a continuing absence from work. Participation in the Program is entirely voluntary and is open to all employees who are eligible to accrue PTO, within the City.

The Program is subject to change without notice, non-grievable and is not subject to any arbitration policy applicable to any employee. Donations must be made in full day increments and are irrevocable. The donated leave can only be credited for future use and not on a retroactive basis. Pay received as donated leave will be treated as earned income and is not subject to pension contributions.

**1) ELIGIBILITY CRITERIA**

In order to donate accrued PTO, an employee must have a minimum balance of two-hundred and forty (240) hours after making the donation (or three-hundred and sixty (360) hours for sworn Fire personnel). Employees may not donate more than one-hundred and sixty (160) hours of leave in a given leave year.

In order to receive donated PTO, an employee must be in a formal leave status. The employee must be absent due to a non-occupational personal injury, illness, or caring for an injured or ill family member for which medical documentation may be required. This does not apply to employees who have refused light duty assignments.

All accrued PTO and earned compensatory leave must have been exhausted before a request for donated leave can be made. Employees must be on continuous leave to be eligible to receive donated leave. An eligible recipient may receive up to six (6) months of leave donation in a three (3) year period. Pay received from donated leave will be treated as earned income, but not applicable as pension eligible earnings.

**2) EFFECT ON FAMILY AND MEDICAL LEAVE (FMLA) AND TENNESSEE MATERNITY LEAVE (TMLA)**

Request to receive donated PTO does not affect a recipient employee’s right to Family and Medical Leave (FMLA) and/or leave under the Tennessee Maternity Leave Act (TMLA). Payment received through this program will be noted as FMLA or TMLA leave as long as the recipient employee meets the eligibility requirements.
3) **PROCEDURES**

*Donations*: An eligible employee may apply to donate PTO by completing the *Request to Donate Leave Form* and submitting it to his/her Department Head. The Department Head or designee may review and approve the donation and will forward the form to Human Resources for processing. The Chief Human Resources Officer or designee will review the request for approval. Upon final approval, the donor’s accrued PTO balance will be reduced based on the amount donated.

*Recipients*: An eligible employee who wishes to receive PTO donation from another employee may complete the *Request to Receive Donated Leave Form* and submit it to the Department Head or designee for review. The approval form is routed to Human Resources for final approval and processing.

The recipient must be on continuous leave in a formal leave status for a specified period of time and may not be open-ended. The department head or designee must verify that the employee has exhausted all PTO before authorizing the Request to Receive Donated Leave Form. Upon Human Resources' approval, the donated PTO will be credited to the recipient for processing in the next payroll period. The leave donated will be credited to the recipient in the dollar value equivalent, based on the donor's rate of pay.

### D. FAMILY AND MEDICAL LEAVE

#### 1) **GENERAL**

The City of Chattanooga recognizes that there are times when an employee may need to be absent from work due to qualifying events under the Family and Medical Leave Act (FMLA). Accordingly, the City will provide Eligible Employees up to a combined total of twelve (12) weeks of unpaid FMLA leave per Leave Year for the following reasons:

3) NOTICE AND LEAVE REQUEST PROCESS

Foreseeable need for leave

If the need for leave is foreseeable because of an expected birth/adoption or planned medical treatment, employees must give at least thirty (30) days notice. If 30-days notice is not practicable notice must be given as soon as possible. Employees are expected to complete and return leave a request form prior to the beginning of leave.

Failure to provide appropriate notice and/or complete and return the necessary paperwork will result in the delay or denial of leave.

Unforeseeable need for leave

If the need for leave is unforeseeable, notice must be provided as soon as practicable and possible under the facts of the particular case. Normal call-in procedures apply to all absences from work including those for which leave under this policy may be requested. Employees are expected to complete and return the necessary leave request
form as soon as possible to obtain the leave.

Failure to provide appropriate notice and/or complete and return the necessary paperwork on a timely basis will result in the delay or denial of leave.

**Leave request process**

Any employee requesting leave under FMLA should notify the immediate supervisor and contact the City’s FMLA TPA. The FMLA TPA will provide information and the necessary forms.

**Call-in Procedures**

In all instances where an employee will be absent, the call-in procedures and standards established for giving notice of absence from work must be followed.

4) **LEAVE INCREMENTS**

**Parental Leave**

Leave for the birth or placement of a child must be taken in a single block and cannot be taken on an intermittent or reduced schedule basis. Parental Leave must be completed within twelve (12) months of the birth or placement of the child; however, employees may use Parental Leave before the placement of an adopted or foster child to consult with attorneys, appear in court, attend counseling sessions, etc.

**Family Care, Personal Medical Leave, Military Exigency and Military Care**

Leave taken for these reasons may be taken in a block or blocks of time. In addition, if a Health Care Provider deems it necessary or if the nature of a Qualifying Exigency requires, leave for these reasons can be taken on an intermittent or reduced schedule basis.

5) **PAID LEAVE UTILIZATION DURING FMLA LEAVE**

Family and Medical Leave Act provides job protection for unpaid leave; however, any available PTO will be used during FMLA Leave. Any PTO used for this reason will count against FMLA leave entitlement. PTO will run concurrent with FMLA leave entitlement, provided any applicable requirements of the leave policy are satisfied.

6) **CERTIFICATION AND FITNESS FOR DUTY REQUIREMENTS**

Employees requesting Family Care, Personal Medical or Military Care leave must provide certification from a health care provider to qualify for leave. Such certification must be provided within fifteen (15) days of the request for leave unless it is not practicable under the circumstances despite the employee’s diligent efforts. Failure to timely provide certification may result in leave being delayed, denied or revoked. Recertification of the continuance of a serious health condition or an injury/illness of a military service member will also be required at appropriate intervals.
Employees requesting a Military Exigency leave may also be required to provide appropriate active duty orders and subsequent information concerning particular Qualifying Exigencies involved.

Employees requesting Personal Medical leave will also be required to provide a fitness for duty certification from their Health Care Provider prior to returning to work.

7) SCHEDULING LEAVE AND TEMPORARY TRANSFERS
Where possible, employees should attempt to schedule leave so as not to unduly disrupt operations. Employees requesting leave on an intermittent or reduced schedule basis that is foreseeable based on planned medical treatment may be temporarily transferred to another job with equivalent pay and benefits that better accommodates recurring periods of leave.

8) HEALTH INSURANCE
The City will maintain an employee’s health insurance coverage during leave on the same basis as if he/she were still working. Employees must continue to make timely payments of their share of the premiums for such coverage. Failure to pay premiums within thirty (30) days of when they are due may result in a lapse of coverage. If an employee does not return to work at the end of leave, the City may require the employee to reimburse the City for the health insurance premiums paid during the leave.

9) RETURN TO WORK
Employees returning to work at the end of leave will be placed in their original job or an equivalent job with equivalent pay and benefits. Employees will not lose any benefits that accrued before leave was taken. Employees may not, however, be entitled to discretionary raises, promotions, bonus payments or other benefits that become available during the period of leave.

10) FMLA LEAVE CONDITIONS WHEN BOTH SPOUSES ARE CITY EMPLOYEES
In the case where an employee and his/her spouse are both employed by the City, the total number of weeks to which both are entitled in the aggregate because of the birth or placement of a child or to care for a parent with a serious health condition will be limited to twelve (12) weeks per leave year. Similarly, a husband and wife employed by the City will be limited to a combined total of twenty-six (26) weeks of leave to care for a military service member. This 26-weeks leave period will be reduced, however by the amount of leave taken for other qualifying FMLA events. This type of leave aggregation does not apply to leave needed because of an employee’s own serious health condition, to care for a spouse or child with a serious health condition or because of a Qualifying Exigency.

11) GENERAL PROVISIONS
*Failure to Return:* Employees failing to return to work or failing to make a request for
an extension of their leave prior to the expiration of the leave will be deemed to have voluntarily terminated their employment.

**Alternative Employment**: No employee, while on leave of absence, shall work or be gainfully employed either for himself/herself or others unless express, written permission to perform such outside work has been granted by the Department Head. Any employee on a leave of absence who is found to be working elsewhere without permission will be automatically terminated.

**False Reason for Leave**: Termination will occur if an employee gives a false reason for a leave.

### E. TENNESSEE MATERNITY LEAVE ACT (TMLA)

Any employee who has been employed in City service for at least twelve (12) consecutive months as a full-time employee may be absent from employment for a period not to exceed four (4) months for adoption, pregnancy, childbirth, and nursing the infant. The four (4) month period will include leave required before and after the birth of a child. With regard to adoption, the four (4) month period will begin at the time an employee receives custody of the child.

An employee requesting parental leave should give at least three (3) months’ advance notice by contacting the City’s TPA of the anticipated date of departure for parental leave, the length of parental leave, and the intention to return to full-time employment after parental leave. The employee shall be restored to his or her previous or a similar position with the same status, pay, length of service credit and seniority, wherever applicable, as of the date of his/her leave.

TMLA will run concurrently with FMLA. Any PTO used for this reason will count against FMLA/TMLA leave entitlement. Further, parental leave will not affect the employee’s right to accrue PTO and receive advancement, seniority, length of service credit, benefits, plans or programs for which he/she was eligible at the date of his/her leave and any other benefits or rights of employment incident to his/her employment position. Employees must continue to make timely payments of their portion of the premiums for such coverage.

### F. EXTENDED MEDICAL LEAVE POLICY

Employees occupying regular full-time non-sworn positions are eligible to request extended medical leave of absence due to disability from personal illness and/or injury. The employee applying for an Extended Medical Leave of Absence should notify the immediate supervisor and contact the City’s TPA for Absence Management. The TPA will provide information and the necessary documents to the employee to begin the process. The TPA, upon review of the request application and in consideration of support documents received from medical provider, will notify the City Human Resources Department of the
decision.

- Regular full-time non-sworn employees may be granted extended medical leave of absence not to exceed 12 consecutive months from the date the employee is unable to work due to disability from illness and/or injury and only after all accumulated PTO and compensatory leave have been exhausted.

- PTO and General Pension service credits will not accrue while employees are on extended medical leave of absence without pay. Accrual of all leave benefits will resume on the first full day the employee is at work after the leave.

- The City reserves the right to evaluate the employee’s status at any time during extended medical leave to make determinations, such as whether or not the employee may remain on extended illness leave or remain in City employment, etc. Criteria used, but not limited to, are the position the employee holds, the anticipated length of the employee's disability, documentation supplied by the employee's primary care physician and/or the City's physician(s), etc.

Employees, who take approved extended medical leave without pay and who wish to continue Health Care Plan benefit coverage or life insurance coverage while on leave, must contact the City’s Benefits’ Office, in the Human Resources Department, to make necessary financial arrangements in accordance with the guidelines and provisions of the appropriate City Insurance Program. These arrangements must be completed before the end of the first pay period that the employee is on leave of absence without pay. If insurance premiums are not timely received by the Benefits’ Office, health insurance coverage may be terminated.

G. MILITARY LEAVE

Any employee of the city called to enter the military services of the United States (including the Army, Army Reserves, Army National Guard, Navy, Naval Reserve, Marine Corps, Marine Corps Reserve, Air Force, Air Force Reserve, Air National Guard, Coast Guard, Coast Guard Reserve, Commissioned Corps of the Public Health) shall be given a leave of absence for the duration of such military service, and upon the termination of such service, the Mayor or Department Head in the department in which such employee was employed shall reinstate the employee in the position he/she held at the time he/she entered such military service, if such position exists.

The process for reinstatement of employees returning from military leave begins when the employee notifies the department head or designee of his/her intent to return to work. The following guidelines apply:

1. On the first work day back for employees deployed 30 days or less;
2. Within 14 days of the end of service for employees deployed up to 180 days; and
3. Within 90 days of the end of service for employees deployed 181 days or longer.
The returning employee will be reinstated in the position they would have attained had they not been absent for military service, with the same seniority, status and pay.

If the position has been abolished, the employee shall be given a position of equal pay grade and at a salary of not less than that which he/she received before such military service or would have held had he/she not entered such military service. Such employee shall retain all rights and benefits which he/she had under any civil service or tenure law of the city, and shall retain all rights and benefits he/she had under insurance and pension law of the city at the time he/she entered such service for the United States Government, and shall be given credit for the years spent in the military service in computing the time served for pension purposes.

Unless his/her military organization requires a specified time for the training period, the employee shall arrange with his/her Department Head for a mutually suitable time period.

Employees shall be granted twenty (20) scheduled work days of paid leave each calendar year for active-duty service, inactive duty service, and required annual training. After the twenty (20) days of military pay has been exhausted, the employee activated for military service may elect to use accrued PTO balance (all or in part) or immediately commence leave without pay.

Every employee returning from military leave shall submit to his/her Department Head proof of the number of days spent on duty.

**H. BEREAVEMENT LEAVE**

In the event of the death of an employee's immediate family, the employee shall be given time off with pay to attend the funeral, attend to post-death matters, and to grieve the loss of an immediate family member. Such time shall not be charged to his/her PTO in accordance with the following:

I. ADMINISTRATIVE LEAVE

Administrative leave is the temporary removal of an employee with pay from their normal job duties at the discretion of their Department Head. In no event will the use of administrative leave exceed a maximum of thirty (30) calendar days unless authorized by the Mayor.

The City recognizes the following types of administrative leave:

1. Employees working in fire protection or law enforcement activities may be temporarily removed from duty at the discretion of the respective chiefs for a serious, documented, work-related incident, such as an incident involving a shooting or some other post-traumatic event.

2. Any Department Head may place any employee on administrative leave for up to a maximum of five (5) business days for the sole purpose of collecting information to determine the facts to support a disciplinary action against an employee. Administrative leave is necessitated by allegations of misconduct against an employee, pending mandatory alcohol and drug screen results or any other action that shall result in the best business practice of removing an employee from the work site.

3. Employees may be temporarily removed with pay from their normal job duties at the discretion of the Department Head after sustaining a serious, documented, work-related injury.

4. From time to time, the Mayor, at his/her discretion, may close certain offices, dismiss non-essential personnel and authorize the use of administrative leave. Department Heads shall designate which of their essential functions must continue and which employees must report to or remain at work when administrative closings are announced.

J. LEAVE OF ABSENCE (LOA)

Employees who are not eligible for leave under FMLA and need time off for personal or health reasons, he/she may apply for a Leave of Absence (LOA). Accrued PTO balance and earned compensatory leave will be used during the period of approved leave of absence. If neither is available then the approved leave of absence will be without pay.

The request for leave cannot be open ended and will be for a definite stipulated period time. Employees applying for a Leave of Absence should notify the immediate supervisor and contact the City’s TPA for Absence Management. The TPA will provide information and the necessary documents to the employee to begin the process.

A minimum of two (2) weeks advance notice is required prior to requested absence, when feasible. In the event an employee is unable to provide two (2) weeks advance notice, the employee must notify the immediate supervisor or the Department Head within twenty-
four (24) hours of submitting the request for Leave. After business hours, employees must notify their supervisor by leaving a voice message.

The TPA, upon review of the request application and in consideration of the support documents provided, will notify the City Human Resources Department of the leave request decision.

The total period of absence from City employment cannot exceed twenty-six (26) weeks in a consecutive twelve (12) months period, unless qualified for additional leave under other City policy, State or Federal law.

Employees will not be eligible for accrual of PTO while on an approved Leave of Absence, without pay. At the conclusion of any leave of absence, employees reporting for duty must notify the Department Head or designee of the anticipated date of return to work prior to returning.

Employees returning to work from a leave of absence due to personal medical reasons must follow the Return to Work Policy.

If the employee fails to return to work at the conclusion of a leave of absence, the employee will be subject to disciplinary action.

For the duration of the leave, the City will maintain an employee's health coverage under the Group Insurance Plan under the same conditions coverage would have been provided if the employee continuously worked during the leave period. The employee must maintain benefits coverage for the duration of the leave by making their premium payments directly to the City.

**K. COURT LEAVE**

An employee who is summoned or subpoenaed to appear as a party, witness, or juror will be granted court leave with pay after submitting the summons or subpoena to his/her immediate supervisor.

When a City employee is requested by the Office of the City Attorney to appear in court on behalf of the City, he/she must appear or be subject to disciplinary procedures. The employee will have the same benefits as though he/she were summoned or subpoenaed. The employee cannot be disciplined for his/her testimony to the extent that their testimony is true and/or reasonably believed to be true.

Employees, who appear in court in the normal course and scope of their duties, cannot be considered to be on leave for such appearances if they appear at the request of the Office of the City Attorney or if he/she is appearing as required as part of his/her job duties.

When an employee has been granted leave for court attendance and is excused by proper court authority, he/she must report back to his/her place of duty.
Leave with pay for court attendance will not be granted when the employee is the plaintiff or defendant in personal litigation. When the litigation is the result of an act performed by the employee as a part of his/her official duties, then leave with pay will be granted.

A summons to report for jury duty must be presented on the next work day to the employee’s immediate supervisor, and the employee will then be excused from employment for the day(s) required of the employee while serving as a juror in any court of the federal, state, or local courts if the requested jury duty exceeds three (3) hours during the day for which the excuse is sought.

If an employee summoned for jury duty is working a night shift or is working during hours preceding those in which court is normally held, the employee shall also be excused from employment as provided by this Section for the shift immediately preceding the employee’s first day of service on any lawsuit. After the first day of service, when the employee’s responsibility for jury duty exceeds three (3) hours during a day, then the employee will be excused from the next scheduled work period occurring within twenty-four (24) hours of the day of jury service. Any question concerning the application of the provisions of this subsection to a particular work shift or shifts will be conclusively resolved by the trial judge of the court to which the employee has been summoned.

In any event for the excused absence, the employee will be entitled to the usual compensation received from employment. Employees subpoenaed for jury duty will keep any compensation for serving as a juror.

Employees who are paid on a mileage basis will be paid the mileage pay they would have received had they reported for work rather than for jury service on each day covered by the provisions of this Section. This Section should not apply to temporary employees.

**L. VOTING LEAVE**

City employees will be given time off to vote in national, state, and local elections under the following provisions:

1. Employees who are registered voters may receive reasonable time off to vote if they request such time off before 12 noon the day before the election. The supervisor may specify the hours during which the employee may be absent to vote, and the time off may not exceed three (3) hours.

2. No time off will be granted if the polls in the county where the employee is a resident are open three (3) or more hours before the employee is scheduled to begin work or if the polls close three (3) or more hours after the employee’s work schedule ends.

3. In accordance with Public Chapter 741, which amended TCA Section 2-9-103 effective April 15, 1998, any full-time employee appointed by a county election commission to work part-time as a voting machine technician, shall be granted
unpaid leave for the day(s) required for the technician's duties. Supporting documentation may be required by the appropriate approving authority for the period of duty. An employer may not require the employee to use accrued annual leave and/or compensatory time for the period. However, either may be used at the employee's option.

**M. LEAVE RECORDS**

Records of leave balance and leave requests will be maintained by the Human Resources Department Records Division. Leave requests must be submitted on approved forms or through the City's Time and Attendance tracking program. Employees may be subject to disciplinary actions for undocumented absence requests.

The Program Plan requires the use of safety equipment, personal protective equipment, and other devices where reasonably necessary to protect employees and has the following components.

The Program Plan keeps, preserves, and makes available to the Commissioner of Labor and Workforce Development, his/her designated representatives, or persons within the Department of Labor and Workforce Development to whom such responsibilities have been delegated, including the Director of Safety and Risk Management, adequate records of all occupational accidents and illnesses and personal injuries for proper evaluation and necessary corrective action as required.

The Program Plan provides reasonable opportunity for and encourages the participation of employees in the effectuation of the objectives of this Program Plan, including the opportunity to make anonymous complaints concerning conditions or practices which may be injurious to employees' safety and health.

The Director of Safety and Risk Management is designated to perform duties or to exercise powers assigned so as to administer this Occupational Safety and Health Program Plan.

The Director of Safety and Risk Management may designate other persons as he/she deems necessary to carry out his powers, duties, and responsibilities under this Program Plan. 4. The Director of Safety and Risk Management shall assist any officials of the employer in the investigation of occupational accidents or illnesses.

5. The Director of Safety and Risk Management shall maintain or cause to be maintained records required under this Program Plan.

6. The Director of Safety and Risk Management shall report all work-related fatalities within eight (8) hours and all work-related inpatient hospitalizations, all amputations and losses of eye within twenty-four (24) hours to the Commissioner of Labor and Workforce Development.

8. The Director of Safety and Risk Management consults with the Commissioner of Labor and Workforce Development or his/her designated representative with regard to the: (1) adequacy of the form and content of such records; and (2) safety and health problems which are considered to be unusual or peculiar and are such that they cannot be resolved under an occupational safety and health standard promulgated by the State.

9. The Director of Safety and Risk Management makes a report to the Commissioner of Labor and Workforce Development annually, or as may otherwise be required, including information on occupational accidents, injuries, and illnesses and accomplishments and progress made toward achieving the goals of the Program Plan.

The Department Heads or their designees are responsible to adhere to the directions of the Director of Safety and Risk Management on all issues involving the occupational safety and health of employees as set forth in this Program Plan, focusing on the following three (3) respective areas of implementation of the Program Plan.

1. The Department Head shall comply with all abatement orders issued in accordance with the provisions of this plan or request a review of the order with the Director of Risk Management within the abatement period.

2. The Department Head should make periodic safety surveys of the establishment
under his jurisdiction to become aware of hazards or standards violations that may exist and make an attempt to immediately correct such hazards or violations.

3. The Department Head shall investigate all occupational accidents, injuries, or illnesses reported to him. He/she shall report such accidents, injuries, or illnesses to the Director of Risk Management along with his findings and/or recommendations in accordance with this Program Plan.

Rights and duties of City employees shall include, but are not limited to, the following provisions:

1. Each employee shall comply with occupational safety and health act standards and all rules, regulations, and orders issued pursuant to this Program Plan and the Tennessee Occupational Safety and Health Act of 1972 which are applicable to his or her own actions and conduct.

2. Each employee shall be notified by the placing of a notice upon bulletin boards, or other places of common passage, of any application for a permanent or temporary order granting the employer a variance from any provision of the TOSH Act or any standard or regulation promulgated under the Act.

3. Each employee shall be given the opportunity to participate in any hearing which concerns an application by the employer for a variance from a standard or regulation promulgated under the Act.

4. Any employee who may be adversely affected by a standard or variance issued pursuant to the Act or this Program Plan may file a petition with the Commissioner of Labor and Workforce Development or whoever is responsible for the promulgation of the standard or the granting of the variance.

5. Any employee who has been exposed or is being exposed to toxic materials or harmful physical agents in concentrations or at levels in excess of that provided for by any applicable standard shall be provided by the employer with information on any significant hazards to which they are or have been exposed, relevant symptoms, and proper conditions for safe use or exposure. Employees shall also be informed of corrective action being taken.

6. Subject to regulations issued pursuant to the Program Plan, any employee or authorized representative of employees shall be given the right to request an inspection and to consult with the Director of Safety and Risk Management or Inspector at the time of the physical inspection of the worksite.

7. Any employee may bring to the attention of the Director of Safety and Risk Management any violation or suspected violations of the standards or any other health or safety hazards.

8. No employee shall be discharged or discriminated against because such employee has filed any complaint or instituted or caused to be instituted any proceeding or inspection under or relating to this Program Plan.
9. Any employee who believes that he/she has been discriminated against or discharged in violation of this Program Plan may file a complaint alleging such discrimination with the Director of Safety and Risk Management. Such employee may also, within thirty (30) days after such violation occurs, file a complaint with the Commissioner of Labor and Workforce Development alleging such discrimination.

10. Nothing in this or any other provisions of this Program Plan shall be deemed to authorize or require any employee to undergo medical examination, immunization, or treatment for those who object thereto on religious grounds, except where such is necessary for the protection of the health or safety or others or when a medical examination may be reasonably required for the performance of a specific job.

11. Employees shall report any accident, injury, or illness resulting from their job, however minor it may seem to be, to their supervisor, Safety Specialist, or the Director of Safety and Risk Management or designee within twenty-four (24) hours.

2) EDUCATION AND TRAINING

Education and training will be provided to instruct all City employees on the following components.

1. The recognition and avoidance of hazards or unsafe conditions and of standards and regulations applicable to the employees work environment to control or eliminate any hazards, unsafe conditions, or other exposures to occupational illness or injury.

2. Requirements for City employees who are required to handle or use poisons, acids, caustics, toxicants, flammable liquids, or gases including explosives, and other harmful substances in the proper handling procedures and use of such items and make them aware of the personal protective measures, person hygiene, etc., which may be required.

3. Training for employees who may be exposed to environments where harmful plants or animals are present, of the hazards of the environment, how to best avoid injury or exposure, and the first aid procedures to be followed in the event of injury or exposure.

4. Training for all employees of the common deadly hazards and how to avoid them, such as Falls; Equipment Turnover; Electrocution; Struck by/Caught In; Trench Cave In; Heat Stress and Drowning.

City employees will also receive training on hazards and dangers of confined or enclosed spaces. Confined or enclosed space means space having a limited means of egress and which is subject to the accumulation of toxic or flammable contaminants or has an oxygen deficient atmosphere. Confined or enclosed spaces include, but are not limited to, storage tanks, boilers, ventilation or exhaust ducts, sewers, underground utility accesses, tunnels, pipelines, and open top spaces more than four feet (4) in depth such as pits, tubs, vaults,
and vessels.

Employees will be given general instruction on hazards involved, precautions to be taken, and on use of personal protective and emergency equipment required. They shall also be instructed on all specific standards or regulations that apply to work in dangerous or potentially dangerous areas.

The immediate supervisor of any employee who must perform work in a confined or enclosed space shall be responsible for instructing employees on danger of hazards which may be present, precautions to be taken, and use of personal protective and emergency equipment, immediately prior to their entry into such an area and shall require use of appropriate personal protective equipment.

Arrangements will be made for the Director of Safety and Risk Management or other designees to attend training seminars, workshops, etc., conducted by the State of Tennessee or other agencies.

Access will be made to reference materials such as 29 CFR 1910 General Industry Regulations; 29 CFR 1926 Construction Industry Regulations; The Rules of Tennessee Department of Labor and Workforce Development Occupational Safety and Health, and other equipment/supplies, deemed necessary for use in conducting compliance inspections, conducting local training, wiring technical reports, and informing officials, supervisors, and employees of the existence of safety and health hazards will be furnished.

3) GENERAL INSPECTION PROCEDURES

In order to be aware of hazards, periodic inspections must be performed. These inspections will enable the finding of hazards or unsafe conditions or operations that will need correction in order to maintain safe and healthful worksites. Inspections made on a pre-designated basis may not yield the desired results. Inspections will be conducted, therefore, on a random basis at intervals not to exceed thirty (30) calendar days.

The Director of Safety and Risk Management or designee is authorized to enter at any reasonable time, any establishment, facility, or worksite where work is being performed by an employee when such establishment, facility, or worksite is under the jurisdiction of the employer; and to inspect and investigate during regular working hours and at other reasonable times, within reasonable limits, and in a reasonable manner, any such place of employment and all pertinent conditions, processes, structures, machines, apparatus, devices, equipment, and materials therein, and to question privately any supervisor, operator, agent, or employee working therein.

The Director of Safety and Risk Management need not personally make an inspection of each and every worksite once every thirty (30) days. He/she may delegate the
responsibility for such inspections to supervisors or other personnel provided that (1) inspections are conducted by supervisors or other personnel are at least as effective as those made by the Director of Risk Management; and (2) records are made of the inspections, any discrepancies found and corrective actions taken. This information is forwarded to the Director of Risk Management.

The Director of Safety and Risk Management shall maintain records of inspections to include identification of worksite inspected, date of inspection, description of violations of standards or other unsafe conditions or practices found, and corrective action taken toward abatement. Those inspection records shall be subject to review by the Commissioner of Labor and Workforce Development or his authorized representative.

Generally, advance notice of inspections will not be given as this precludes the opportunity to make minor or temporary adjustments in an attempt to create misleading impression of conditions in an establishment. There may be occasions when advance notice of inspections will be necessary in order to conduct an effective inspection or investigation. When advance notice of inspection is given, employees or their authorized representative(s) will also be given notice of the inspection.

An administrative representative of the City and a representative authorized by the employees shall be given an opportunity to consult with and/or to accompany the Director of Safety and Risk Management during the physical inspection of any worksite for the purpose of aiding such inspection. The right of accompaniment may be denied any person whose conduct interferes with a full and orderly inspection. The conduct of the inspection shall be such as to preclude unreasonable disruptions of the operation(s) of the workplace.

Interviews of employees during the course of the inspection may be made when such interviews are considered essential to investigative techniques.

If an imminent danger situation is found, alleged, or otherwise brought to the attention of the Director of Safety and Risk Management during a routine inspection, he/she shall immediately inspect the imminent danger situation in accordance with plan before inspecting the remaining portions of the establishment, facility, or worksite.

4) IMMINENT DANGER PROCEDURES

Any discovery, any allegation, or any report of imminent danger shall be handled as follows.

1. The Director of Safety and Risk Management shall immediately be informed of the alleged imminent danger situation and he/she shall immediately ascertain whether there is a reasonable basis for the allegation.
2. If the alleged imminent danger situation is determined to have merit by the Director of Safety and Risk Management, he/she shall make or cause to be made an immediate inspection of the alleged imminent danger location.
3. As soon as it is concluded from such inspection that conditions or practices exist
which constitutes an imminent danger, the Director Safety and Risk Management shall attempt to have the danger corrected. All employees at the location shall be informed of the danger and the supervisor or person in charge of the worksite shall be requested to remove employees from the area, if deemed necessary.

4. The Department Head or designee of the workplace in which the imminent danger exists shall be responsible for determining the manner in which the imminent danger situation will be abated. This shall be done in cooperation with the Director of Safety and Risk Management and to the mutual satisfaction of all parties involved.

The imminent danger shall be deemed abated if: (1) the imminence of the danger has been eliminated by removal of employees from the area of danger; and (2) conditions or practices which resulted in the imminent danger have been eliminated or corrected to the point where an unsafe condition or practice no longer exists.

A written report shall be made by or to the Director of Safety and Risk Management describing in detail the imminent danger and its abatement. This report will be maintained by the Director of Safety and Risk Management in accordance with this plan.

5) EMPLOYEE COMPLAINT PROCEDURE

If any employee feels that he/she is assigned to work in conditions which might affect his/her health, safety, or general welfare at the present time or at any time in the future, he should report the condition to the Director of Safety and Risk Management in accordance with the following process.

1. The complaint should be in the form of a letter and give details on the condition(s) and how the employee believes it affects or will affect his/her health, safety, or general welfare. The employee may sign the letter but need not do so if he/she wishes to remain anonymous.

2. Upon receipt of the complaint letter, the Director of Safety and Risk Management will evaluate the condition(s) and institute any corrective action, if warranted. Within ten (10) working days following the receipt of the complaint, the Director of Safety and Risk Management will answer the complaint in writing stating whether or not the complaint is deemed to be valid and if no, why not, what action has been or will be taken to correct or abate the condition(s), and giving a designated time period for correction or abatement. Answers to anonymous complaints will be posted upon bulletin boards or other places of common passage where the anonymous complaint may be reasonably expected to be seen by the complainant for a period of three (3) working days.

3. If the complainant finds the reply not satisfactory because it was held to be invalid, the corrective action is felt to be insufficient, or the time period for correction is felt to be too long, he/she may forward a letter to the Chief Operating Officer or designee explaining the condition(s) cited in his original complaint and why he/she believes
the answer to be inappropriate or insufficient.

4. The Chief Operating Officer or designee will evaluate the complaint and will begin to take action to correct or abate the condition(s) through arbitration or administrative sanctions or may find the complaint to be invalid. An answer will be sent to the complainant within ten (10) working days following receipt of the complaint explaining decisions made and action taken or to be taken.

5. After the above steps have been followed and the complainant is still not satisfied with the results, he/she may then file a complaint with the Commissioner of Labor and Workforce Development. Any complaint filed with the Commissioner of Labor and Workforce Development in such cases shall include copies of all related correspondence with the Director of Safety and Risk Management and the Chief Operating Officer or designee.

6. Copies of all complaint and answers thereto will be filed by the Director of Safety and Risk Management who shall make them available to the Commissioner of Labor and Workforce Development or his designated representative upon request.

6) VARIANCE PROCEDURE

The Director of Safety and Risk Management may apply for a variance as a result of a complaint from an employee or of his knowledge of certain hazards or exposures. The Director of Safety and Risk Management should definitely believe that a variance is needed before the application for a variance is submitted to the Commissioner of Labor and Workforce Development. The procedure for applying for a variance to the adopted safety and health standards is as follows.

The application for a variance shall be prepared in writing and shall contain:

1. A specification of the standard or portion thereof from which the variance is sought;
2. A detailed statement of the reason(s) why the City is unable to comply with the standard supported by representations by qualified personnel having first-hand knowledge of the facts represented;
3. A statement of the steps the City has taken and will take (with specific date) to protect employees against the hazard covered by the standard;
4. A statement of when the City expects to comply and what steps have or will be taken (with dates specified) to come into compliance with the standard; and
5. A certification that the City has informed employees, their authorized representative(s), and/or interested parties by giving them a copy of the request, posting a statement summarizing the application (to include the location of a copy available for examination) at the places where employee notices are normally posted and by other appropriate means. The certification shall contain a description of the means actually used to inform employees and that employees have been informed of their right to petition the Commissioner of Labor and Workforce Development for a hearing. The application for a variance should be sent to the Commissioner of
Labor and Workforce Development by registered or certified mail. The Commissioner of Labor and Workforce Development will review the application for a variance and may deny the request or issue an order granting the variance. An order granting a variance shall be issued only if it has been established that: (1) the City is unable to comply with the standard by the effective date because of unavailability of professional or technical personnel or materials and equipment required or necessary construction or alteration of facilities or technology; (2) has taken all available steps to safeguard employees against the hazard(s) covered by the standard; (3) has an effective Program Plan for coming into compliance with the standard as quickly as possible; and (4) the employee is engaged in an experimental Program Plan as described in subsection (b), Section 13 of the Act.

A variance may be granted for a period of no longer than is required to achieve compliance or one (1) year, whichever is shorter.

Upon receipt of an application for an order granting a variance, the Commissioner to whom such application is addressed may issue an interim order granting such a variance for the purpose of permitting time for an orderly consideration of such application. No such interim order may be effective for longer than one hundred eighty (180) days.

The order or interim order granting a variance shall be posted at the worksite and employees notified of such order by the same means used to inform them of the application for said variance (see subsection (a)(5) of this Section).

7) ABATEMENT ORDERS AND HEARINGS

Whenever, as a result of an inspection or investigation, the Director of Safety and Risk Management or designee finds that a worksite is not in compliance with the standards, rules or regulations pursuant to this plan and is unable to negotiate abatement with the administrative or operational head of the worksite within a reasonable period of time, the Director of Safety and Risk Management shall: (1) issue an abatement order to the Department Head; and (2) post or cause to be posted, a copy of the abatement order at or near each location referred to in the abatement order.

Abatement orders shall contain the following information:

1. The standard, rule, or regulation which was found to violated;
2. A description of the nature and location of the violation;
3. A description of what is required to abate or correct the violation; and
4. A reasonable period of time during which the violation must be abated or corrected.

At any time within ten (10) days after receipt of an abatement order, anyone affected by the order may advise the Director of Safety and Risk Management in writing of any objections to the terms and conditions of the order. Upon receipt of such objections, the Director of Safety and Risk Management shall act promptly to hold a hearing with all interested
and/or responsible parties in an effort to resolve any objections. Following such hearing, the Director of Safety and Risk Management shall, within three (3) working days, issue an abatement order and such subsequent order shall be binding on all parties and shall be final.

8) PENALTIES

No civil or criminal penalties shall be issued against any official, employee, or any other person for failure to comply with safety and health standards or any rules or regulations issued pursuant to this Program Plan.

Any employee, regardless of status, who willfully and/or repeatedly violates, or causes to be violated, any safety and health standard, rule, or regulation or any abatement order shall be subject to disciplinary action by the Director of Safety and Risk Management, and Department Head or designee.

9) RECORDKEEPING AND RECORDING

Recording and reporting of all occupational accidents, injuries, and illnesses shall be in accordance with OSHA requirements.

10) STANDARDS AUTHORIZED

The standards adopted under this Program Plan are the applicable standards developed and promulgated under Section VI (6) of the Tennessee Occupational Safety and Health Act of 1972. Additional standards may be promulgated by the governing body of the City as deemed necessary for the safety and health of employees. Note: 29 CFR 1910 General Industry Regulations; 29 CFR 1926 Construction Industry Regulations; and the Rules of Tennessee Department of Labor and Workforce Development Occupational Safety and Health, CHAPTER 0800-01-1 through CHAPTER 0800-01-11 are the standards and rules invoked.

11) COMPLIANCE WITH OTHER LAWS NOT EXCUSED

Compliance with any other law, statute, ordinance, or executive order, which regulates safety and health in employment and places of employment, shall not excuse the employer, the employee, or any other person from compliance with the provisions of this Program Plan.

Compliance with any provisions of this Program Plan or any standard, rule, regulation, or order issued pursuant to this Program Plan shall not excuse the employer, the employee, or any other person from compliance with the law, statute, ordinance, or executive order, as applicable, regulating and promoting safety and health unless such law, statute, ordinance, or executive order, as applicable, is specifically repealed.
B. INJURY ON DUTY POLICY (WORKERS’ COMPENSATION)

The City has elected not to participate in the Tennessee Workers’ Compensation Program pursuant to T.C.A. §50-6-106(1)(B)(6) and has implemented an Injury on Duty (IOD) Policy to provide certain benefits for employees who sustain a job-related injury, illness or occupational disease arising out of the course and within the scope of employment.

The purpose of this policy is to provide uniform procedures for the reporting, treatment and compensation to qualified individuals employed by the City who sustain a job-related injury, condition or occupational disease.

1) ADMINISTRATION

The Injury on Duty Program shall be administered under the direction of the Program Director. The Program Director shall determine whether an Employee’s injury or condition qualifies as an IOD arising out of and in the course of employment and whether an Employee is eligible for medical treatment at the City’s expense.

The City shall, through a third party administrator, provide each covered IOD claim with a case manager. All accepted IOD claims will be case managed until the Employee has reached Maximum Medical Improvement (MMI) and, if necessary, a PPI rating has been assigned.

The City shall recognize national guidelines including without limitation American College of Occupational and Environmental Medicine the Official Disability Guidelines.

2) DEFINITIONS

The following terms, phrases and words and their derivatives shall have the meaning given herein:

Employee or Employees: As defined in Section IV (4).
First Report of Injury: A document created by the employee reporting a job-related injury or illness detailing how the illness or injury occurred.
Injury: An injury by accident, a mental injury, occupational disease including diseases of the heart, lung and hypertension, or cumulative trauma conditions including hearing loss, carpal tunnel syndrome or any other repetitive motion conditions, arising primarily out of and in the course and scope of employment, that causes death, disablement or the need for medical treatment of the employee; provided, that:

1. An injury is “accidental” only if the injury is caused by a specific incident, or set of incidents, arising primarily out of and in the course and scope of employment, and is identifiable by time and place of occurrence, and shall not include the aggravation of a preexisting disease, condition or ailment unless it can be shown to a reasonable degree of medical certainty that the aggravation arose primarily out of and in the course and scope of employment;
2. An injury “arises primarily out of and in the course and scope of employment” only if it has been shown by a preponderance of the evidence that the employment contributed more than fifty percent (50%) in causing the injury, considering all causes;

In the event that a settlement calculation exceeds twenty-five thousand dollars ($25,000.00), the Program Director shall make a recommendation to City Council for a lump sum settlement award to the employee. Settlement may include or exclude future medical expenses. City Council may establish administrative procedures for the review and approval of settlements. If City Council or any designated hearing body or judge approves an award for settlement of an IOD and the employee accepts the award, all amounts paid by the City and received by the employee shall be a final compromise and settlement of all matters of compensation and future medical expenses. A settlement agreement shall
be signed by the City and employee.

**Permanent Partial Disability:** If an employee reaches MMI and is issued an impairment rating, the City shall offer the employee a lump sum settlement in accordance with the procedures set forth below:

1. Upon receipt of a MMI statement for each approved IOD claim, the Program Director will request that the medical provider determine the degree of permanent or partial impairment (PPI). The PPI rating will be determined in accordance with the American Medical Association Guidelines, 6th Edition.

2. After receipt of the PPI rating, the Program Director will calculate a lump sum settlement using the existing schedule of compensation provided in the Tennessee Worker's Compensation Act, T.C.A. §50-6-207, for same or similar injuries or impairment as guidance. However, the schedule of compensation may not be binding. The City retains discretion as to the method used to calculate any lump sum settlement, but in no event will the schedule of compensation be less than the amounts provided in the Tennessee Worker’s Compensation Act.

3. If an employee is unable to return to his or her pre-injury position, the City's Reasonable Accommodation Policy will apply.

If an employee has reached MMI and is unable to return to work and is totally and permanently disabled and no job is available in which the employee is qualified and selected for, then the employee will be separated from employment with the City. However, an employee who is determined to be permanently totally disabled by a medical provider shall be offered a lump sum settlement calculated in accordance with the above Section.

2. Employees who suffer a permanent total disability shall be required to apply for any City-sponsored disability benefits. IOD benefits payable under this Injury on Duty Policy may be offset by any such benefits received by employees.

**Release and Waiver:** Any lump sum settlement that is awarded and accepted by an employee resulting in payment after the expiration of the payment periods provided for in IOD Compensation Section and Hospital, Medical and Drug Expenses Section shall be conditioned upon the employee’s execution of a release and waiver.

**Appeals Process:** If an employee disagrees with the amount of the lump sum settlement offered by the City, the employee may appeal by requesting a hearing before an administrative law judge (ALJ) within thirty (30) days following the City’s written
notification of the settlement offer.

Notice of the appeal shall be filed with the Clerk of the City Council ("Clerk"). The Clerk shall notify the Tennessee Secretary of State’s Administrative Procedures Division ("APD") that an appeal has been filed. The APD is authorized to assign an ALJ to conduct a fair and impartial hearing and adjudicate the Employee’s appeal.

If the APD’s office is not available to conduct a hearing, the Chairperson of the City Council ("Chairperson") shall appoint an ALJ to conduct a fair and impartial hearing and adjudicate the employee’s appeal. The ALJ appointed by the Chairperson shall be an attorney licensed to practice law in the State of Tennessee. The Chairperson may remove an ALJ if the ALJ fails to adjudicate an employee, appeal, for cause, or as allowed by law.

The ALJ to whom a case is assigned may convene the parties for a scheduling conference within fifteen (15) days or as soon as practical and shall set a hearing date within ninety (90) days of the date the Employee’s written request for a hearing is filed with the Clerk unless the Employee and the City agree otherwise or for good cause shown. The hearing date may be reset by agreement of the parties or for cause.

The ALJ to whom a case is assigned shall provide the Clerk with the hearing date. The Clerk shall issue notice of the hearing date to the Employee, Program Director, ALJ and all other interested parties. The Clerk shall make arrangements for a suitable hearing location.

The ALJ appointed to conduct the hearing shall disclose any possible conflicts of interests and shall not engage in ex parte communications except pursuant to law or rules of the City Council. The ALJ shall determine if there is a reasonable basis for the settlement offer. The ALJ shall affirm the settlement offer is there is a reasonable basis for the calculation of the offer or modify the offer on the basis of the evidence. The ALJ shall prepare a record, including a transcript, list of exhibits admitted into evidence during the hearing and all matters of record for a fair and just adjudication of the Employee’s appeal.

The ALJ shall file written findings of facts and conclusions in the Clerk’s Office within twenty (20) days after the hearing is concluded and issue the written findings to the Employee and the Program Director. The written decision shall include a statement of available procedures and time limits for seeking reconsideration.

The Program Director or Employee, within ten (10) days after entry of an initial or final order, may file a petition for reconsideration, stating the specific grounds upon which relief is requested. The other party may respond to the request within ten (10) days. The ALJ shall issue a written decision on the request for reconsideration within thirty (30) days of the request.

Any decision of the ALJ appointed under this Section shall be the final decision, except as otherwise may be provided for by law.
14) **POST-ACCIDENT/POST-INCIDENT EMPLOYEE DRUG AND ALCOHOL TESTING**

Post-Accident/Post-Incident drug and alcohol testing shall be conducted in accordance with the City’s Drug and Alcohol Testing Policy.

15) **MISREPRESENTATION: FRAUDULENT ACTIVITIES**

Any employee who willfully makes any false or misleading statement of misrepresentation for the purpose of obtaining any benefits or payments under the Injury on Duty Policy or who presents or causes to be presented any written or oral statement as part of, or in support of, a claim for payment or other benefit pursuant to this policy, knowing that such statement contains any fact or thing material to such IOD claim, can be criminally prosecuted. Filing a fraudulent IOD claim or engaging in misrepresentation shall be grounds for immediate termination of employment as well as termination of any benefits provided.

16) **IOD CASE INVESTIGATION**

An employee may be contacted by the City for follow-up regarding their IOD claim. IOD claims may be investigated at random.

17) **IOD REVIEW COMMITTEE: APPEALS**

If an employee disagrees with, disputes, or does not understand the medical treatment provided or the Program Director’s determination regarding IOD decisions under the Injury on Duty Program, the employee may request a meeting with the Program Director. The meeting must be requested in writing by the Employee within ten (10) calendar days following the Program Director’s written notification of the final decision. At this meeting, the employee and the Program Director will discuss the facts and review all available information related to the claim in an attempt to explain the Director of Risk Management’s decision and to resolve any disputes. The Program Director will explain the employee’s rights under the Injury on Duty Program and will attempt to reach a mutual agreement resolving any dispute.

If the matter is not resolved during the meeting with the Program Director or if the employee does not request such a meeting, the employee may appeal the decision by requesting a hearing before an Administrative Law Judge (ALJ) within thirty (30) days following the Program Director’s written notification of the final decision.

A request for a hearing in accordance with the appeals process covered previously must state specifically those issues in the Program Director’s final decision upon which the review is requested. Those provisions of the Program Director’s final decision not specified for review or the entire final decision when no hearing has been requested within the thirty (30) day period are considered resolved and not subject to further review.
A request for a hearing must be delivered in writing to the Program Director at the following address:

City of Chattanooga
Employee Benefits Division
101 E. 11th Street, Suite 201
Chattanooga, TN 37402

Failure to request a hearing within thirty (30) days of receipt of the Program Director’s final decision shall constitute a waiver of the right to appeal. The Program Director’s final decision shall not be subject to the grievance procedures.

C. LIGHT DUTY

To establish a City-wide policy regarding the assignment of Light Duty to employees who are recovering from a work-related and/or non-work related injury or illness. Light Duty assignments under this policy are specially created temporary job assignments for employees injured or otherwise incapacitated. Such Light Duty assignments are temporary assignments only, are not vacant or permanent positions within the City's workforce, and are not available to employees on a permanent basis under any circumstances. The availability of such Light Duty assignments depends on the employee's restrictions and the business needs of the City's departments. The existence of this Light Duty Policy in no way guarantees that Light Duty will be available at any given time, or for any particular employee who requests it and an assignment of light duty is not a right of employment.

The Department Head or designee will work in conjunction with Human Resources to determine if a light duty assignment is available, and whether the employee is eligible for work assignment. The decision regarding Light Duty Assignment is not subject to grievance or appeal.

1) PROCEDURES

Light Duty Placement for Work-Related Injuries

The employees’ Medical Provider and/or Onsite Medical Case Manager shall be responsible for receiving the employee’s medical information and determining an employee’s limitations of his/her duties. The medical confirmation shall be maintained in the employee’s health records. All medical/health information is considered confidential.

The employee shall be responsible for communicating all medical restrictions to his/her supervisor. The employee must comply with all instructions or recommendations and keep all appointments as stated in the City's Injury-On-Duty Policy. The employee's department designee and Manager of Wellness and Occupational Heath will evaluate
the medical restrictions to determine if they can accommodate the restrictions and place the employee in a position that meets the limitations recommended by the Medical Provider.

Any employee assigned to Light Duty will receive his/her normal weekly or bi-weekly check if the employee works the complete pay period associated with the Light Duty Assignment (refer to the Injury-On-Duty Policy).

If the employee is placed on Light Duty outside his/her normal work area, the reporting supervisor is responsible for ensuring that actual hours worked, PTO taken, etc., are reported to the employee’s supervisor and/or Safety Specialist.

Employees on Light Duty are required to follow the policies and procedures of the department to which they are assigned. If for any reason after the Light Duty assignment is made the employee claims to be unable to perform the Light Duty assignment, the employee shall be sent immediately to the City’s Onsite Medical Clinic for re-evaluation. An employee should not be sent directly home unless the problem develops after normal working hours or on weekends. If an employee is unable to perform the Light Duty assignment after normal working hours or on a weekend, the employee should be instructed to report to the City’s Onsite Medical Clinic at 8:00 a.m. on the next business day.

Employees released to work Light Duty following a work-related injury may choose to remain off work under the Family Medical Leave Act (“FMLA”), if eligible, and may choose to be on FMLA up to the entitlement of twelve (12) weeks. If an employee chooses to take FMLA, they may not be entitled to IOD pay. FMLA leave will also run concurrent with Injury on Duty (IOD) leave.

There is no mandatory requirement to place employees recovering from work related injuries/illnesses in to any Light Duty program. Due to the limited number of positions available, the City reserves the right to make the final determination as to the conditions under which such provisions are made available.

**Light Duty placement for Non-Work Related Injuries**

If the employee has been issued restrictions by a personal physician, the employee’s department designee and/or Manager of Wellness and Occupational Health will evaluate the restrictions to determine if they can accommodate the restrictions and place the employee in a position that meets the restrictions recommended by their personal physician.

There is no mandatory requirement to place employees recovering from non-work related injuries/illnesses in to any Light Duty program. Due to the limited number of positions available, the City reserves the right to make the final determination as to the conditions under which such provisions are made available.
2) DURATION OF LIGHT DUTY – NON WORK RELATED INJURIES

Light Duty, as defined in this Policy, is temporary, not indefinite. Light Duty will not extend beyond six (6) months. If the employee has not sufficiently recovered to return to his/her pre-injury/illness position within this time period, the City will review the employee’s restrictions and engage the employee in a discussion about how the City may help the employee perform his/her job. The review will take place to access the possibility of the employee returning to regular duty within a reasonable period of time. If there is a high expectation that the employee will be able to return to unrestricted job duties, Light Duty may be extended beyond six (6) months as recommended by the Department Head or designee, and approved by the Chief Human Resources Officer, as part of a reasonable accommodation.

D. RETURN TO WORK /FIT FOR DUTY

The City is committed to maintaining a safe and productive workplace. The City requires that every employee report to work fit to perform his or her job in a safe, secure, effective and productive manner for the entire shift. For the purpose of this policy, “fit for duty” refers to the ability of an employee to perform the essential functions of the job. Employees who are not fit for duty may present a safety hazard to themselves, co-workers, or the public.

The City is committed to equal employment opportunity, and it prohibits discrimination against qualified individuals with disabilities. This policy is to be construed consistent with that commitment and compliance with applicable law, including the Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA).

In collaboration with the Chief Human Resources Officer, the Department Head, and Manager of Wellness and Occupational Health will work as a team to ensure fairness and consistency.

1) RETURN TO WORK POLICY

Any employee returning to work from an extended leave absence of more than seven (7) business days as a result of a serious injury or illness, extended absence, or from any other health-related circumstance that may call to question their ability to perform the essential functions of the job in a safe and effective manner, must provide a medical release to return to work consistent with the requirements of medical leave of absence.

A Medical Release must be received by the department designee before the employee will be permitted to return to regular duty.

If the supervisor believes that the employee's condition could affect the safety of the employee or others, the supervisor will immediately refer the employee to the City's onsite occupational medical clinic for evaluation.
In cases where the employee is removed from duty or needs to be referred for a medical evaluation and/or treatment, the City’s onsite occupational medical clinic will contact the department designee. Department designee and the Manager of Wellness and Occupational Health regarding the situation immediately or as soon as reasonable.

2) FIT FOR DUTY POLICY

Employees are expected to manage their health in such a way that they can safely and effectively perform their essential job functions and to discuss with their supervisor any circumstances that may impact their ability to do so. The City may require professional evaluation of an employee’s physical or mental capabilities to determine his or her ability to perform essential job functions. Such evaluations are conducted by an independent, third-party licensed health professional and are undertaken only after careful review by the Human Resources Occupational Health Division. To the extent possible, the City will protect the confidentiality of the evaluation and results.

Human Resources Occupational Health Division will:

- Review the circumstances that led to the referral for an evaluation;
- Determine whether or not a fitness-for-duty evaluation is necessary;
- Refer the employee to onsite medical clinic for coordination of exam;
- Notify the employee in writing if an evaluation is deemed necessary; and
- Review results and determine what, if any, action is appropriate.

If the evaluation by a health care professional concludes that the employee is not able to perform the essential functions of his or her position, the City’s Reasonable Accommodation Policy will apply.

This evaluation process is for only those situations where reliable observations indicate that the employee may not be physically or mentally able to perform the essential functions of his or her position due to a physical or mental condition. It is not intended to be a substitute for sick or medical leave requests, Injury on Duty claims, allegations of violence in the workplace, situations where there is an immediate threat of harm or for performance management or disciplinary processes. Supervisors should continue to address performance problems through the implementation of corrective or disciplinary action as appropriate.

**Fitness-for-Duty Procedures**

If, by observation of an employee’s behavior or by receipt of reliable information, the City has reason to believe that an employee may lack the ability to perform the essential functions of his or her position due to a physical or mental condition, the following steps will be taken:
1. The supervisor or department designee provide the Occupational Health Division of Human Resources Department with detailed information regarding the reason for and circumstances leading up to the fitness-for-duty referral, including information on essential job functions, evidence of the employee’s inability to perform those functions effectively, and any attempts at resolving the matter.

2. The Occupational Health Division of Human Resources Department will review the information provided in the referral, along with a current job description of the essential functions of the employee’s position. If it is determined that a fitness-for-duty evaluation is necessary, the Occupational Health Division of Human Resources Department will send the employee a letter indicating the need for a fitness-for-duty evaluation and refer them to the onsite medical clinic.

3. The onsite occupational health physician will perform the fit-for-duty evaluation. If the onsite occupational health physician needs to defer, they will work with the Occupational Health Division of Human Resources Department to determine the independent, third-party, licensed health care professional who will perform the evaluation.

4. Failure on the employee’s part to comply with a scheduled fitness-for-duty evaluation may constitute insubordination and be cause for disciplinary action, up to and including termination.

5. All costs of the health care services performed by the health care professional as part of the evaluation will be paid by the City.

6. If the Occupational Health Division of Human Resources Department deems it necessary, the employee may be placed on temporary, paid Administrative Leave until the evaluation is completed.

7. The employee will be requested to sign a voluntary written authorization allowing the health care professional to provide certain information obtained through the evaluation to the City. If no authorization is executed, the City may nevertheless obtain a description of the functional limitations of the employee that may limit the employee’s ability to perform the essential functions of his or her position, but no statement of medical cause may be disclosed.

8. Insofar as feasible, the results of the evaluation will be treated as confidential, kept in a separate file within Occupational Health Division of Human Resources Department, and the minimum necessary information will be shared only with those who need to know the results for legitimate business purposes.

9. If it is determined that the employee is not able to perform the essential functions of his or her position, the City’s Reasonable Accommodation Policy will apply.

10. If it appears that any functional limitations on the employee’s ability to perform the essential functions of his or her position are the result of a work-related injury, the City’s Injury on Duty policy will apply.

11. All action taken in carrying out this policy and these procedures will comply
with federal and state laws, as well as the City of Chattanooga policies and procedures and applicable contract provisions.

**Evaluation and Results**

The fitness-for-duty evaluation will not be conducted for purposes of diagnosis or treatment, but rather for the purpose of determining an employee’s ability to perform the essential functions of the job. The employee will be required to provide truthful and accurate information regarding the maximum requirements of his or her position for evaluation by the health care professional. The Occupational Health Division of Human Resources Department will only ask the health care professional to release only that information as permitted under this policy or otherwise permitted or required by law. The health care professional will be requested to complete a written report containing only the following information:

- A conclusion regarding the determination of fitness for duty;
- A description of the nature and extent of any functional limitations on the employee’s ability to perform his or her job; and
- A description of the expected duration of each such functional limitation.

Insofar as feasible, the results of the evaluation will be treated as confidential, and will be shared only with those who need to know the results for legitimate business purposes. However, where the employee has placed as issue his or her medical history, mental or physical condition, or treatment, relevant information may be used and disclosed by the City in connection with such proceedings.

The Occupational Health Division of Human Resources Department will make a decision regarding the employee’s status, including but not limited to, the employee’s return to work or the removal of the employee from any duties pending treatment and re-evaluation, depending upon the results of the evaluation and the recommendation of the health care professional. Any decision that results in an inability to accommodate an employee’s medical condition will include, at a minimum, consultation with the City Attorney’s office.

**E. VEHICLE ACCIDENT PREVENTION POLICY**

The Vehicle Accident Prevention Policy is designed to eliminate or reduce injuries and loss of property from City vehicle and/or equipment accidents by providing a basic list of responsibilities, duties, definitions, preventability types, and outlining disciplinary actions.

This policy applies to all vehicles operator and vehicles owned or managed by the City of Chattanooga. Departments may evoke stricter rules to enforce more specific or stringent accident policies upon approval of Human Resources.

**Seat Belt Policy**

We value the lives and safety of our employees. Because it is estimated that seat belts reduce the risk of dying in a motor vehicle crash by forty-five percent (45%), the City of Chattanooga has adopted a policy concerning employee seat belt usage.

The City of Chattanooga Seat Belt Policy applies to employees on-duty travel in a vehicle owned or leased by the City of Chattanooga, in a rental vehicle provided by the City of Chattanooga, or in the employee’s personal vehicle operated within the scope of employment, and/or in any heavy equipment operated for the City of Chattanooga where a seatbelt is installed by the manufacturer, and includes:

2. Seat belts must be properly worn as designed by the manufacturer. A seat belt functions to reduce the likelihood of death or serious injury in a traffic collision by reducing the force of secondary impacts with interior strike hazards, by preventing occupants being ejected from the vehicle in a crash or if the vehicle rolls over therefore a seatbelt must be worn properly, meaning shoulder belts must be worn across the shoulder (not under the arm or behind the back) and lap belts across the lap (not behind or under the occupant).
3. Seat belts are required by all occupants at all times when the vehicle is in motion. Wearing a seat belt is TN law. Both Driver and Passenger shall be cited
for violation if the vehicle is in motion and the passenger is found to be in not properly wearing a seatbelt.

4. The use of seat belts is to be considered a condition of employment. Failure to abide by state law and this policy will be considered a breach of that condition of employment, and subject employees in violation to disciplinary action, including suspension or termination.

**Distracted Driving/Electronic Devices**

3. Employees who are faced with an emergency, such as a traffic accident or car trouble, or in a situation involving sworn fire or police personnel responding to or assisting with an emergency situation may find it necessary to make a phone call while driving. 6. City employees who operate Commercial Motor Vehicles or heavy equipment requiring a CDL, must adhere to all Federal Motor Carrier Safety Administration (FMCSA) guidelines, which include the ban on some cell phone operations. FMCSA, part of DOT, enforces comprehensive regulations that cover trucks and passenger vehicles in the motor carrier industry. These regulations include commercial driver’s license standards (49 CFR 383), qualifications of drivers (49 CFR 391), safe operation of commercial motor vehicles (49 CFR 392), and parts and accessories necessary for safe operation of commercial vehicles (49 CFR 393).

Any City drivers whose “willful, wanton, or criminal conduct” results in a vehicle accident may be personally liable for damages and other civil penalties.

The City's Drug and Alcohol Policy will be followed to determine if post-accident testing will be conducted.

**Accident Preventability Determination**

An Accident Review Board composed of members of the Department is responsible for determining whether or not a City vehicle accident was preventable.

1. The selection process of the board members will be determined by the Department Head or designee.
2. The board should serve for a set term as determined by the Department Head or designee.

The Accident Review Board will meet as appropriate, to analyze vehicle accidents using criteria for preventability adopted from the National Safety Council.

Any accident resulting from a City driver backing the City vehicle shall be presumed a preventable accident, except cases of extreme extenuating circumstances or emergencies.

SECTION VII – EMPLOYEE BENEFITS

A. HEALTH INSURANCE BENEFITS

Benefits may include medical, dental, vision, voluntary, and flexible options. Employees are eligible for coverage on the first day of the month following thirty-one (31) days of employment. Dependents that may be covered include legal spouse and children up to age 26. Supporting documentation is required before benefits can begin.

Each plan year begins on the first of July (July 1) with the open enrollment period occurring in the month of May prior to the new plan year. Health plan options, benefit designs, eligibility rules, and premiums are subject to change each plan year. Informational meetings and other communications are available during the open enrollment period.

The Benefit plans offered by the City allow employees to pay their health insurance premiums on a pre-tax basis. When employees enroll in medical, dental, or vision insurance, the premiums are deducted from payroll checks before taxes according to IRS Section 125.

Employees may elect to establish a flexible spending account to pay for out-of-pocket expenses related to medical, dental, and vision care on a pre-tax basis. Similarly an employee may establish an account to pay for dependent care expenses. Employees make deposits to the accounts through a tax-free salary deduction. Expenses are reimbursed for incurred eligible medical and/or dependent care through a claims process. Flexible spending arrangements are governed by the IRS and are subject to IRS regulations.

For more in-depth information regarding the offered benefits, please see the Summary Plan Description.

1) RETAINING HEALTH INSURANCE COVERAGE DURING DISABILITY

Employees that have health insurance benefits and qualify to receive disability benefits under a disability insurance program offered by the City may continue to be covered by the health insurance while receiving disability benefits. Disabilities can be characterized as either short-term, long-term job-related, or long-term not job-related. The health insurance may be continued prior to retirement through payment of premiums.

If an employee is approved for short-term disability benefits, the payroll deduction premiums for the health insurance coverage and all enrolled benefits, except for short term disability coverage, must be paid to the City when due. The employee is responsible for paying all premiums due during the period of disability. Once the disability ceases and the employee has returned to work, the payroll deduction for these premiums will resume.

If an employee terminates employment due to a job related disability, he or she may elect to continue health care coverage. The premium rate for the post-employment health insurance coverage will be the same as the rate charged to retirees with twenty-five (25)
or more years of service for the coverage election. Premiums for the health insurance coverage must be paid to the City when due. Non-payment of premium will result in termination of coverage. At the time the long-term disability benefits terminate, the health insurance coverage will also terminate. If the employee is subsequently rehired by the City, the employee will qualify for health insurance coverage as a new employee with the City.

If the employment is terminated due to a non-job-related disability, the employee may continue health care coverage if the employee has attained ten (10) or more years of service at the time of termination of employment. The premium rate for the post-employment health insurance coverage will be the same as the rate charged to retirees for the actual years of service for the coverage election. Premiums for the health insurance coverage must be paid to the City when due. Non-payment of premium will result in termination of coverage. At the time the long-term disability benefits terminate, the health insurance coverage will also terminate. If the employee is subsequently rehired by the City, the employee will qualify for health insurance coverage as a new employee with the City.

For both job-related and non-job-related long-term disabilities, health insurance coverage may be continued after termination of disability benefits only if the individual qualifies to receive health benefits in retirement as detailed in the Retiree Health Benefits Section B that follows.

2) QUALIFYING EVENTS FOR CHANGES TO COVERAGE

It is the employee’s responsibility to notify the City if a significant qualifying event occurs that may result in a change in coverage. Employees must notify the City within thirty-one (31) days of experiencing a qualifying event and submit supporting documentation to be eligible to change coverage. Some events allow the employee to make changes to benefits including adding or dropping dependents, adding coverage or terminating coverage.

To make a change in pre-tax deductions that are allocated under the Section 125, employees must have a qualifying event. Under the Internal Revenue Service rules, employees may change his/her health insurance deductions (elections) during the year only after one of the following qualifying events:

1. The employee has a change in family status (e.g. marriage, divorce, birth, death, legal separation, dependent child attaining the maximum age of coverage);
2. The employee’s spouse loses coverage due to termination of employment;
3. The employee terminates employment or retires with the City;
4. The employee’s spouse has a change in employment status which results in either acquiring or losing eligibility for health insurance coverage;
5. The employee receives a divorce/legal separation and are required under a
court order to provide health insurance coverage for his/her eligible dependent children and/or legally separated spouse;

6. There is a significant change in the employee’s or his/her spouse’s health coverage which is attributable to the spouse’s employment; or

7. Other reasons consistent with Federal Law such as Healthcare Reform.

Changes in pre-tax health insurance deductions that stem from any of these qualifying events must be made within thirty-one (31) days of the event.

The Consolidated Omnibus Budget Reconciliation Act (COBRA) provides the opportunity for eligible employees and their beneficiaries to continue health insurance coverage under the City’s health plan when a “qualifying event” could result in the loss of eligibility. Qualifying events include resignation, termination of employment, death of an employee, reduction in hours, a leave of absence, divorce or legal separation, entitlement to Medicare, or where a dependent child no longer meets eligibility requirements.

### B. RETIREE HEALTH BENEFITS

If eligibility criteria are met, retirees may continue healthcare benefit coverage into retirement, including dental coverage, providing that they were enrolled in these benefit programs immediately prior to retirement. The opportunity to continue healthcare benefits will be offered on a one-time basis to eligible terminating vested or retiring employees. The election to continue healthcare benefits after employment terminates must be filed in writing by the end of the last day of regular employment.

Eligibility for continuing healthcare benefits will be determined at the time of separation from service. The employee who is separating from service must be currently enrolled in the healthcare benefit program to be eligible for continuation of benefits at the time of separation. To be eligible, the employee must:

1. Have at least twenty-five (25) years of service; or
2. Have attained age sixty-two (62) and have ten (10) or more consecutive years of continuous service immediately prior to termination.

If the age and/or service criteria were met as of July 1, 2010, or for firefighters or police officers hired on or before March 31, 1986, then the employee will qualify to continue healthcare benefits during his or her lifetime. If the age and/or service criteria were met after July 1, 2010, the employee will qualify to continue healthcare benefits only until Medicare eligibility is achieved. The covered spouses of eligible retirees may continue to receive medical benefits until they become eligible for Medicare or to age 65, whichever occurs first, and covered dependent children may continue to receive medical benefits as long as they remain eligible under the terms of the insurance plan in effect.

The medical coverage offered until a retiree reaches Medicare eligibility is the same
coverage offered to active employees. The premium for this coverage is determined based on the effective date of retirement or separation. The premium charged for post-retirement benefits is one and one-half times the premium rate payable by active employees. For those employees who are eligible to continue coverage for their lifetime, coverage options change upon reaching Medicare eligibility. At that time, a Medicare Advantage plan is offered to more efficiently provide benefits in conjunction with Medicare.

Premiums for the elected coverage will be paid as a deduction from the retiree’s monthly pension payment. If the retiree’s monthly pension benefit is not sufficient to cover premiums after income tax withholding, premium payment may be made in advance to the City when due on a monthly basis. The monthly premium due will be determined based on the number of years of service, the benefit plan selected, and any other criterion in effect that requires a rate variation to be recognized. Because the City is a self-insured entity, these rates will be changed annually at the time of the open enrollment period to reflect the total cost of the benefits to the City.

1) EMPLOYMENT AFTER RETIREMENT

When healthcare coverage is available through an employer after retirement from the City, the retired employee and the dependent spouse, if any, must purchase that coverage and the order of claims payment determination will be according to the following rules. Failure to apply for healthcare coverage through an employer when available will result in termination of post-retirement health care benefits.

1. If a retired employee is employed elsewhere after retirement and is eligible for healthcare benefits through the current employer, then the City post-retirement healthcare benefits will be considered secondary coverage to the coverage provided by the current employer.

2. If the retired employee’s covered spouse is employed and eligible for healthcare benefits through the employer, then the spouse’s healthcare plan will be treated as the primary coverage and the City post-retirement healthcare benefits will be treated as the secondary coverage.

3. If the covered spouse of a retired employee has family healthcare benefits, then that coverage will be considered primary for the spouse and covered dependents.

2) MEDICARE ELIGIBLE RETIREES AND EMPLOYEES

The City requires every Medicare eligible retiree or employee to apply for all Medicare benefits available, including, but not limited to Part A, Part B and any prescription drug benefits that may become available, when eligible to do so. The Medicare coverage requirement and the health insurance coverage offered by the City are both coverage providers and ‘payers’. ‘Coordination of benefits’ rules will be applied to determine which payer pays claims first. The healthcare benefits provided by the City to a regular
employee or retiree, and any healthcare benefits provided to the spouse of an employee or retiree will be paid according to the payer order determined by these rules. These rules will be applied regardless of whether the former employee and/or spouse apply for Medicare coverage.

Failure to apply for all appropriate Medicare coverage when eligible will result in termination of post-retirement health care benefits.

3) DEATH OF EMPLOYEE PRIOR TO RETIREMENT

In the event of death of an employee eligible to retire with health insurance benefits who has not yet retired, the spouse and any children covered under the medical insurance plan at the time of death may continue the healthcare benefits in which they were enrolled, including dental insurance benefits, at the time of the employee’s death at the same premium rate that would have been available had the deceased employee retired immediately prior to death.

The right to continue healthcare benefits will terminate upon the remarriage of the covered spouse or when the age of covered children no longer meets the plan’s eligibility requirement.

In the event of death of the covered spouse, the surviving covered children may continue healthcare benefits until their age no longer meets the plan’s eligibility requirement.

If the deceased employee was not eligible to retire with health insurance benefits at the time of death, the spouse and covered children of the deceased employee will continue to be covered to the end of the month following the month of death of the employee.

When an employee is killed in the line of duty or dies as a result of a service-connected disability or disease, the surviving spouse and covered children may elect to continue healthcare benefits at the same premium rate as that of a retiree with twenty-five (25) years of service by making application within thirty-one (31) days of the date of death.

C. HIPAA

The purpose of this policy is to inform employees of the City’s administrative duties compliant with the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) and to outline the procedures entailed with managing protected health information.

MANAGING PROTECTED HEALTH INFORMATION

For the purposes of HIPAA, “health information” means information that identifies you and either relates to your physical or mental health condition, or relates to the payment of your health care expenses. The individually identifiable health information is known as “protected health information” (“PHI”).

Any person not authorized to handle PHI should not receive or process such information unless approved by the individual and Human Resources. If an employee
approaches a non-authorized person regarding PHI, the non-authorized person shall cease the conversation and direct the employee to an authorized representative.

Health-related information that is not considered protected health information defined by HIPAA law are employment records created by an employer in its employment capacity, as opposed to its health plan capacity. These include, but are not limited to, employment records that contain information created for the purpose of processing family medical leave request, drug screen programs, fitness-for-duty exams, workers’ compensation, OSHA regulations, disability compliance, and education records covered by the Family Educational Rights and Privacy Act.

The City shall ensure separate treatment of PHI from other administrative functions, such as employee compensation and discipline.

The City shall take reasonable measures to limit the disclosure of PHI to the minimum amount necessary to accomplish the intended purpose of the disclosure.

If you believe that your privacy rights have been violated, you may file a complaint to:

Chief Human Resources Officer
101 E. 11th Street, Suite 201
Chattanooga, TN 37402
(423) 643-7200

A thorough investigation will be conducted upon receiving the complaint. Prompt reporting will assist the City in maintaining compliance with HIPAA law. The City will keep the complaint confidential to the maximum extent possible, but effective investigation of allegations may involve disclosure to the accused individual and to other witnesses in order to gather all of the facts. The City will take appropriate remedial measures against violators of this policy, including termination, if an investigation establishes that corrective action is warranted. Retaliation in any form against an employee who makes a complaint is strictly prohibited.

D. LIFE INSURANCE

The City provides group life insurance to employees who are classified as Regular Fulltime and Elected. Coverage is effective on the first day of the month following thirty (30) days of continuous employment with the City.

Eligible employees receive insurance equal to their annual base salary rounded up to the next one-thousand dollars ($1,000) to a maximum of fifty-thousand dollars ($50,000). The coverage includes accidental death and dismemberment coverage (AD&D) in an equal amount.
E. SHORT TERM DISABILITY

The City makes available to each employee eligible for benefits the opportunity to voluntarily participate in a short term disability plan. The plan provides benefit payments in the event of non-occupational disability. During the enrollment period, the employee participant will elect either a fifty percent (50%) or seventy percent (70%) income replacement. Benefit payments will not exceed two-thousand dollars ($2,000) per week. Disability payments for an approved disability due to illness or injury will begin on the fifteenth (15th) consecutive missed work day for up to twenty-four (24) weeks of total disability.

The opportunity to enroll is provided at the time of hire and at open enrollment once per year. At the time of hire, employees are eligible to enroll in short term disability without submitting evidence of insurability. Otherwise, at open enrollment, new enrollees and participants increasing their coverage will be required to submit evidence of insurability. If the employee is not actively at work on the day coverage is scheduled to begin, coverage will begin on the day the employee returns to work and is considered actively employed.

F. LONG TERM DISABILITY

Long Term Disability provides a financial benefit in the event of a total and permanent disability. The plan offered by the City, at no cost to the employees, is designed to provide an income of approximately sixty (60%) percent of the amount of pre-disability earnings.

Employees who participate in the General Pension Plan are eligible for coverage after six (6) months of continuous employment. The Long Term Disability policy is designed to provide benefits for disabilities arising from injuries or from conditions that may or may not be job related where the employee can no longer perform the functions of their job. Payment for an approved disability may begin on the first day of the month following six months of total and continuous disability. The summary plan description provides more information about policy provisions, the determination of benefit payment and the schedule of maximum durations of benefit. The amount of benefit is determined by several factors; however, for an approved disability, the payment will never be less than one-hundred dollars ($100) per month and will not exceed five-thousand dollars ($5,000) per month.

Employees who participate in the Fire and Police Pension Plan have access to long term disability benefits through that pension plan. Benefits are payable for disabilities arising from job related and non-job related causes. The amount of benefit varies based upon type of disability, earnings and years of service. Contact the Plan Administrator to determine the details of the coverage provided.
G. **TUITION ASSISTANCE PROGRAM (TAP)**

The City has established a tuition assistance program to help eligible employees develop their skills and upgrade their performance. All permanent full-time employees who have completed a minimum of one (1) year of service are eligible to apply for tuition assistance.

The program provides tuition assistance for courses offered by City-approved institutions of learning, such as accredited colleges, universities, and secretarial or trade schools. Tuition assistance is also available for employees enrolled in courses leading to a GED high school equivalency diploma or special reading and writing programs where it can be demonstrated that such courses will improve the employee’s job performance. Courses must be directly or reasonably related to the employee’s present job or to a position into which the employee reasonably could progress. Courses must not interfere with the employee’s job responsibilities and must be taken on the employee’s own time.

Employees eligible for reimbursement from any other source, (e.g., a government-sponsored program or a scholarship) may seek tuition assistance only for costs not covered by the outside funding source.

Prior to enrollment, it is recommended that the employee discuss his/her education plans with the immediate supervisor, division head or Department Head. Employees should receive approval from the Department Head or designee that the proposed course is consistent with the criteria for approval.

The employee is expected to make his/her own arrangements for taking courses and any documented unsatisfactory job performance during enrollment could result in the employee forfeiting tuition assistance.

The employee must apply for and receive approval from the Department Head for tuition assistance for each new semester, quarter or term and prior to the beginning of the semester, quarter or term. Following approval of the application by the Department Head, a copy of the signed form should be given to the employee, a copy retained by the Department Head and the original sent to the Human Resource Department.

Tuition assistance amounts will be limited to one-thousand dollars ($1,000) per calendar year per employee. The employee is responsible for verifying tuition costs prior to submitting a request for tuition assistance. Assistance is for actual costs of tuition and registration fees only.

The employee must submit an official transcript showing that he/she received a grade of “C” or better for each course taken on a for-grade basis. Tuition Assistance will not be provided for grades of lower than a “C” or a Fail on a Pass/Fail basis. The employee must also submit an original receipt for tuition payment to the division head. Photocopies of the transcript will be made for the Department Head and Human Resources. The original transcript should be returned to the employee. The Department Head will approve
reimbursement and authorize payment.

Tuition Assistance is not available to employees during a leave of absence. If the employee leaves the City while attending school or within one year of completing courses for which the City has paid, the City’s share of the costs in the twelve (12) months preceding termination will be deducted from the final payment of salary, wages, bonuses, or accrued personal leave. If the amount of the final payment is not sufficient to cover the outstanding cost, the individual will be required to reimburse the City for the amount due at the time of termination.

**H. RETIREMENT BENEFITS**

The City provides both mandatory and optional methods of planning for retirement. Full time and certain part time civilian employees are required to participate in the General Pension Plan. All fully sworn employees of the Fire and Police Departments are required to participate in the Fire and Police Pension Plan.

1) **GENERAL PENSION PLAN**

The General Pension Plan, a defined benefit plan, requires participants to contribute two percent (2%) of pensionable earnings each month toward a defined benefit program. The City contributes the remaining amount that is necessary to fund the benefits based on actuarial review and funding requirements. At orientation, each new employee will receive a General Pension Plan booklet describing the features of the plan, including vesting requirements and benefit calculation methods.

The benefits payable are determined by formula based on a combination of age, final average earnings, and service credits of the employee.

The employee is vested in the plan after sixty (60) service credits have been earned. One service credit is earned for each month the employee works; no credits are earned in periods when the employee is on any kind of leave without pay.

If the contributions are withdrawn by the employee, there is no benefit payable at retirement. The earnings, contributions, and service credits are recorded for each participant and a summary is available on an annual basis. Once vested, a participant may request a projection of their future benefit based on credited service earned to date.

A participant who reaches one of the following milestones may retire. A participant may continue to defer the retirement date and continue working.

1. Normal retirement at age sixty-two (62) with full benefits.
2. Immediate Early retirement beginning at age fifty-five (55) up to normal retirement age with a reduced benefit. The benefit reduction factor is two and one-half percent (2.5%) for each full year prior to age sixty-two (62). The early retirement benefit at age fifty-five (55) is eighty-two and one-half percent (82.5%) of the full benefit
at age sixty-two (62).

3. ‘Rule of 80’ retirement allows the participant to retire with full benefits before age sixty-two (62) if the sum of age and accumulated service credits is eighty (80) or more.

The Basic Life Annuity available at retirement is a straight life annuity. The benefit payment is payable monthly for the lifetime of the participant. Five alternative lifetime payment options for the participant are currently offered to provide payments to a beneficiary or contingent annuitant upon the death of the participant. If the participant has twenty-six (26) or more years of service, the participant has the option of electing a Deferred Retirement Option Plan (DROP) payment. It is an optional form of payment that provides a lump sum amount that may be taken in cash or transferred into a tax deferred account and a reduced amount of annuity payment. Lump sum amounts taken in cash are immediately taxed at twenty percent (20%) according to IRS rules. Lump sum amounts transferred into a tax deferred account are taxed only when a withdrawal is made. Please reference the Plan booklet for more information about the DROP and how benefit payments are determined.

If a participant terminates from service with sixty (60) or more service credits before meeting the eligibility age to retire, the participant is considered vested and may commence benefits when eligible at a future date based on their earnings and service record. A vested participant may remain vested, but also has the option to withdraw the contributions made either as a lump sum or as a transfer to another tax qualified plan or employer's plan. If contributions to the plan are withdrawn, the City has no further liability for benefits.

The General Pension Plan is administered by Board of Trustees appointed by the Mayor. The assets of the plan are invested in a variety of funds or instruments by a number of investment managers. First Tennessee Bank oversees the fund transactions and ensures that the benefits are paid when due to the retirees.

2) THE FIRE AND POLICE PENSION PLAN

The Chattanooga Fire & Police Pension Fund (CFPPF) was established in 1949 as a defined benefit plan to provide Police Officers and Firefighters with a secure, pre-defined monthly benefit upon retirement. The Fund also provides a safeguard for the immediate family in the event the Firefighter or Police Officer becomes disabled or dies.

The CFPPF receives contributions or funding from multiple sources:

- Members annually contribute a percentage of their base salary.
- City contributes the amount recommended by the actuary but no less than ten percent (10%) of the gross salaries of the Fire and Police Departments.
- Revenue from investments accounts for more than seventy percent (70%) of the
Fund’s growth.

- Five dollars ($5.00) from every City Court fee paid.
- Revenue generated by the sale of surplus property.

Payments to members are calculated based on a formula that takes into account years of service, earnings, and benefit levels referred to as Series. Please refer to the Summary Plan Description or contact the Pension Fund Office for more detailed information.

To be vested in the Pension Plan, members must have at least ten (10) years of pension credit service. Members who terminate service prior to vesting will receive a refund of their employee contributions to the Fund, without interest.

Members who earn more than twenty-five (25) years of pension credit service can elect a Deferred Retirement Option Plan (DROP) benefit upon retirement. The DROP is an optional form of an earned benefit that allows participants to receive a portion of their accrued retirement benefit earned during the DROP period as a lump sum withdrawal, in exchange for working longer than twenty-five (25) years. If the member declines the option to take the DROP benefit, the pension benefit is based on the total years of service rather than the monthly benefit that has been reduced for the DROP; typically twenty-five (25) years of service. Please refer to the Summary Plan Description for more information about the DROP, eligibility and how payments are determined.

The CFPPF is governed by an eight-person Board: three active Firefighters, three active Police Officers, a City general employee appointed by the Mayor and a citizen appointed by the City Council.

For additional information regarding Chattanooga Fire and Police Pension Fund, please contact the Fund office at (423) 893-0500 or info@cfppf.org with any questions. You may also refer to the Fund website at www.cfppf.org.

3) DEFERRED COMPENSATION PROGRAM

The City of Chattanooga also offers to all employees the opportunity to invest a portion of their earnings through payroll deduction into a deferred compensation plan for governments and municipalities, also known as a 457 plan. Contributions are made before tax and remain in a tax deferred status until withdrawals are made at the time of retirement. Employees currently have the choice of four (4) providers including Mass Mutual (The Hartford), Nationwide, VOYA (ING) and ICMA. Typical deferred compensation plans have the following features:

- On-site enrollment meetings at least annually.
- Individual retirement education sessions with a local representative.
- Educational materials for participants at all stages of the retirement planning.
- Quarterly Statements of Account and informative newsletters. Material is usually made available on line but some material may be provided by mail.
• Toll-free customer service number with transactional capability.
• A wide variety of investment choices professionally managed by some of the best-known money managers in the industry and spanning the risk/reward spectrum.
• A variety of withdrawal options at retirement.

For further information about deferred compensation plans, please contact the Finance Department for plan booklets and the contact information for the plans representatives.

I. WELLNESS PROGRAM

The City’s wellness program focuses on promoting the physical and mental wellness of employees, retirees and their families. The program includes a fitness center, an onsite pharmacy and an onsite healthcare center. The City may offer one or more wellness incentive programs. For more specific information about these programs, please refer to the most recent Employee Benefits Guide.

1) FITNESS CENTER

All full-time employees, elected officials, pension eligible employees, and retirees, regardless of insurance coverage, may utilize the fitness center. Dependents of an employee that are age eighteen (18) and older and are covered by the City’s health insurance plan may use the fitness center. Dependents of an employee that are ages thirteen through seventeen (13-17) and are covered by the City’s health insurance may use the center only if accompanied by a parent.

Before using the facility, it is necessary to attend a Fitness Center Orientation to review the equipment, guidelines for use and safety considerations.

2) HEALTHCARE CENTER

City employees, retirees and their dependents age two (2) and older that are covered by the City’s health insurance may utilize the healthcare center.

The healthcare center provides services similar to the care provided by a primary care physician at no cost. The center focuses on health and wellness by providing health assessments, health coaching, and programs to address health risks such as weight loss, smoking cessation and physical activity plans. All personal health information maintained at the center is protected and maintained in a HIPAA compliant manner. Health information will not be shared.

3) PHARMACY

City employees, retirees and their dependents that are covered by the City’s health insurance may utilize the pharmacy for prescribed medications. The over-the-counter medications and other products are available for sale to all City patrons.

Prescriptions from a current pharmacy may be transferred to the onsite pharmacy.
Medications prescribed by physician at the onsite healthcare center may be filled at the onsite pharmacy.

**J. EMPLOYEE ASSISTANCE PROGRAM (EAP)**

The employee assistance program (EAP) is designed to help all regular full-time and elected City employees and their family members cope with problems before they become unmanageable. The EAP provides employees and their household members with confidential access to assistance and resources online twenty-four (24) hours per day, seven (7) days per week. The EAP provides short term counseling and support on many issues including depression, grief, legal issues, alcohol/drug abuse, financial pressures, identity theft, stress, anxiety, and many more.

There is no cost for an employee to consult with an EAP counselor. If further counseling is necessary, the EAP counselor will outline community and private services available. The counselor will also let employees know whether any costs associated with private services may be covered by their health insurance plan. Costs that are not covered are the responsibility of the employee.

Information about the program is provided through various communication methods. Contact the Employee Benefits Guide or Human Resources for vendor phone number or access information.

Employees may receive Employee Assistance Program services through any of the following routes:

*Self-Referral* occurs when an employee contacts the EAP staff directly. Appointments for a self-referral will be made on the employee’s own time, and confidentiality will be maintained to the extent provided by law. Managers, employee representatives, and co-workers are encouraged to suggest that troubled employees refer themselves to the Employee Assistance Program.

*Management Referral* may occur when an employee demonstrates poor job performance, attendance problems, unacceptable conduct or other policy violations. The management referral to the Employee Assistance Program does not replace the City’s established disciplinary procedure or the manager’s responsibility to address such problems when they occur. It is intended, however, to allow the employee an opportunity to seek help for problems that may be contributing to the workplace problems.

The following steps will be taken by the referring manager:

1. Contact Human Resources Department and provide detailed information regarding the reason for and circumstances leading up to the management referral.
2. Inform the employee that you are making a referral to the Employee Assistance
Program; complete the management referral form and give the employee a copy. File a copy of the form in the employee’s file.

3. Inform the employee that he/she must be seen by the EAP Counselor as soon as possible, but within seven (7) calendar days at the latest.

4. Call the EAP Office and report the referral. Forward a copy of the Management Referral form to the EAP Counselor.

5. The EAP Counselor will, at the initial meeting, execute an EAP Participation Agreement and thereafter report compliance or noncompliance with the agreement to the referring manager and/or the EAP Coordinator. Failure to comply with the EAP Participation Agreement will result in discharge from Employee Assistance Program services. With the exception of referrals for drug/alcohol abuse, subsequent disciplinary action shall result from continued workplace problems not from failure to comply. However, in cases involving drug use or alcohol misuse, failure to comply and to satisfactorily complete the prescribed program as directed shall constitute gross insubordination resulting in appropriate disciplinary action up to and including termination.

1) LIMITATION OF EAP

If an eligible employee or dependent is found to need treatment outside the scope of services provided by the Employee Assistance Program, proper referral will be made and coverage will be provided under established limits of the City of Chattanooga health plans. The City is not liable for payment for such services if the employee or dependent is not covered by the City’s health plans.

2) CONFIDENTIALITY

Diagnosis, treatment details, and other personal information will comprise the EAP record. Confidentiality will be maintained to the fullest extent provided by law. If an employee is subject to fit-for-duty exam, disciplinary charges or is involved in appealing disciplinary action related to drug/alcohol problems, the employee’s EAP records shall be made available to City officials who have legitimate need to know.
SECTION VIII – DRUG AND ALCOHOL TESTING POLICY

A. COMMERCIAL MOTOR VEHICLE DRIVERS (CDL)

1) POLICY

The City of Chattanooga (“City”) is dedicated to the health and safety of our drivers. Drug and/or alcohol use may pose a serious threat to driver health and safety. Therefore, it is the policy of the City to prevent the use of drugs and abuse of alcohol from having an adverse effect on our drivers.

The serious impact of drug use and alcohol abuse has been recognized by the federal government. The Federal Motor Carrier Safety Administration (“FMCSA”) has issued regulations which require the City to implement an alcohol and controlled substances testing program.

The purpose of the FMCSA-issued regulations is to establish programs designed to help prevent accidents and injuries resulting from the misuse of alcohol or use of controlled substances by drivers of commercial motor vehicles.

The City will comply with these regulations and is committed to maintaining a drug-free workplace.

It is the policy of the City that the use, sale, purchase, transfer, possession, or presence in one’s system of any controlled substance (except medically prescribed drugs) by any driver while on City premises, engaged in City business, operating City equipment, or while under the authority of the City is strictly prohibited. Disciplinary action will be taken as necessary.

Neither this policy nor any of its terms are intended to create a contract of employment or contain the terms of any contract of employment. The City retains the sole right to change, amend, or modify any term or provision of this policy without notice. This policy is effective January 1, 2018, and will supersede all prior policies and statements relating to alcohol or drugs.

2) ADMINISTRATIVE PROVISIONS

This policy summarizes and puts into a concise format the provisions of the U.S. Department of Transportation, Federal Motor Carrier Safety Administration Regulations, contained in 49 CFR, Parts 40 and 382 (“DOT Regulations”), but it is intended in no way to contradict or impose less stringent requirements than the referenced DOT Regulations.

As provided for in 49 CFR, Parts 40 and 382, this policy applies to, covers, and imposes drug and alcohol testing requirements on “Safety-sensitive” employees of the City. The City is responsible for meeting all applicable requirements and procedures of these Parts, and the policy administered on behalf of the City by the Designated Employer Representative (“DER”) as defined in the DOT Regulations and below.
Drug and alcohol testing of a Safety-sensitive employee mandated by this policy and by the DOT Regulations are to be completely separate from any “non-DOT” drug and alcohol testing performed by the City or through the City’s non-DOT drug testing program. The DOT tests of a Safety-Sensitive driver required by this policy and the DOT Regulations are to take priority and must be conducted and completed before a non-DOT test is begun. Any excess urine from a driver’s DOT test must be discarded and may not be used for any non-DOT test. No other testing (e.g., medical, DNA, or other drugs or specimen) may be performed on urine or breath incidental to a DOT drug or alcohol test. (The single exception to this restriction is when a DOT drug test is conducted in conjunction with a DOT physical examination. In this situation, any urine remaining in the collection container, after the drug test urine specimens have been sealed into the separate bottles, may be used for the needed glucose test associated with the DOT physical examination). The results of the DOT test may not be changed or disregarded based on the results of a non-DOT test. Notwithstanding anything contained in this policy to the contrary, Safety-sensitive Employees mandated by this program may be tested as authorized by the Drug and Alcohol Testing Policy for Non-Commercial Driver’s License Employees if the circumstances giving rise to such testing do not arise from the employee’s operation of a Commercial Motor Vehicle.

3) RESPONSIBILITY

In accordance with 49 CFR §382.601(a), each employer shall provide educational materials that explain the requirements in Part 382 and the employer’s policies and procedures with respect to meeting these requirements. The employer shall ensure a copy of these materials is distributed to each driver prior to the start of alcohol and controlled substances testing under this part and to each driver subsequently hired or transferred into a Safety-sensitive function position (i.e., operating a Commercial Motor Vehicle as defined in §382.107 requiring a CDL).

Each driver hired or transferring into a Safety-sensitive function is responsible for reviewing the content of the information presented to drivers. Each driver is responsible for asking questions about the procedures if the content is unclear to him/her. Drivers may pose follow-up questions about the content of this policy and procedures to the Director of Safety Compliance & Risk Management.

4) DRUGS AND ALCOHOL PROCEDURES

Regulatory Requirements

All drivers who operate commercial motor vehicles that require a commercial driver's license under 49 CFR Part 383 are subject to the FMCSA’s drug and alcohol regulations, 49 CFR Part 382.
**Non-Regulatory Requirements**

The Federal Motor Carrier Safety Regulations ("FMCSR"s) set the minimum requirements for testing. The City’s policy in certain instances may be more stringent. This policy will clearly define what is mandated by the FMCSRs and what City procedure is.

**Who Is Responsible?**

It is the City’s responsibility to provide testing for the driver that is in compliance with all federal and state laws and regulations, and within the provisions of this policy. The City will retain all records related to testing and the testing process in a secure manner.

The City’s alcohol and drug program administrator who is designated to monitor, facilitate, and answer questions pertaining to these procedures is: The Director of Safety, Compliance & Risk Management, Phone Number: (423) 643-7027.

The driver is responsible for complying with the requirements set forth in this policy. The driver will not use, have possession of, abuse, or have the presence of alcohol or any controlled substance in excess of regulation-established threshold levels while on duty. The driver will not use alcohol within four (4) hours of performing a “Safety-sensitive” function, while performing a “Safety-sensitive” function, or immediately after performing a “Safety-sensitive” function. The driver must submit to alcohol and controlled substances tests administered under Part 382.

All supervisors must make every effort to be aware of a driver’s condition at all times the driver is in service of the City. The supervisor must be able to make reasonable suspicion observations to determine if the driver is impaired in some way, and be prepared to implement the requirements of this policy if necessary.

**5) DEFINITIONS**

When implementing and interpreting the drug and alcohol policies and procedures required by the FMCSA as well as the policies and procedures required by the City, the following definitions apply:

*Actual knowledge* means actual knowledge by an employer that a driver has used alcohol or controlled substances based on the employer’s direct observation of the driver, information provided by the driver’s previous employer(s), a traffic citation for driving a commercial motor vehicle while under the influence of alcohol or a controlled substance, or a driver’s admission of alcohol or controlled substance use under the provisions of §382.121. Direct observation as used in this definition means observation of alcohol or controlled substance use and does not include observation of driver behavior or physical characteristics sufficient to warrant reasonable suspicion testing under §382.307.

*Adulterated specimen* means a urine specimen containing a substance that is not a
normal constituent or containing an endogenous substance at a concentration that is not a normal physiological concentration.

**Alcohol** means the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols, including methyl and isopropyl alcohol.

**Alcohol concentration (or content)** means the alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath test.

**Alcohol screening device ("ASD")** means a breath or saliva device, other than an evidential breath testing device ("EBT") that is approved by the National Highway Traffic Safety Administration ("NHTSA") and appears on Office of Drug and Alcohol Policy and Compliance’s webpage for “Approved Screening Devices to Measure Alcohol in Bodily Fluids” because it conforms to the specifications from NHTSA.

**Alcohol use** means the consumption of any beverage, liquid mixture, or preparation, including any medication containing alcohol.

**Aliquot** means a fractional part of a specimen used for testing. It is taken as a sample representing the whole specimen.

**Breath Alcohol Technician (or “BAT”)** means an individual who instructs and assists individuals in the alcohol testing process, and operates an EBT.

**Collection site** means a place designated by the City, where individuals present themselves for the purpose of providing a urine specimen for a drug test.

**Commercial motor vehicle (or “CMV”)** means a motor vehicle or combination of motor vehicles used in commerce to transport passengers or property if the motor vehicle:

- Has a gross combination weight rating of 26,001 or more pounds (11,794 or more kilograms) inclusive of a towed unit with a gross vehicle weight rating of more than 10,000 pounds (4,536 kilograms); or
- Has a gross vehicle weight rating of 11,794 or more kilograms (26,001 or more pounds); or
- Is designed to transport 16 or more passengers, including the driver; or
- Is of any size and is used in the transportation of materials found to be hazardous for the purposes of Hazardous Materials Transportation Act and which require the motor vehicle to be placarded under the Hazardous Materials Regulations (49 CFR Part 172, subpart F).

**Confirmatory drug test** means a second analytical procedure to identify the presence of a specific drug or metabolite which is independent of the initial test and which uses a different technique and chemical principle from that of the initial test in order to ensure reliability and accuracy. (Gas chromatography/mass spectrometry (GC/MS) is the only authorized confirmation method for cocaine, marijuana, amphetamines, opioids and phencyclidine).
**Confirmatory validity test** means a second test performed on a different aliquot of the original urine specimen to further support a validity test result.

**Consortium/Third-party administrator ("C/TPA")** is a service agent that provides or coordinates the provision of a variety of drug and alcohol testing services for the City. C/TPAs typically perform administrative tasks concerning the operation of the City's drug and alcohol testing programs. This term includes, but is not limited to, groups of employers who join together to administer, as a single entity, the DOT drug and alcohol testing programs of its members. C/TPAs are not “employers.”

**Controlled substances** mean those substances identified in 49 CFR, Section 40.85. In accordance with FMCSA rules, urinalyses will be conducted to detect the presence of the following substances:

- Marijuana
- Cocaine
- Opioids
- Amphetamines
- Phencyclidine (PCP).

Detection levels requiring a determination of a positive result shall be in accordance with the guidelines adopted by the FMCSA in accordance with the requirements established in 49 CFR, §40.87.

**Designated employer representative ("DER")** is an individual identified by the employer as able to receive communications and test results from service agents and who is authorized to take immediate actions to remove drivers from Safety-sensitive duties and to make required decisions in the testing and evaluation processes. 5. Fails to provide a sufficient amount of urine when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
6. Fails or declines to take a second test the employer or collector has directed the driver to take;
7. Fails to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process, or as directed by the DER (in the case of a pre-employment drug test, the employee is deemed to have refused to test on this basis only if the pre-employment test is conducted following a contingent offer of employment);
8. Fails to cooperate with any part of the testing process (e.g., refuse to empty pockets when directed by the collector, behave in a confrontational way that disrupts the collection process, fail to wash hands after being directed to do so by the collector);
9. For an observed collection, fails to follow the observer’s instructions to raise his/her clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if he/she has any type of prosthetic or other device that could be used to interfere with the collection process;

**6) ALCOHOL PROHIBITIONS**

49 CFR, Part 382, Subpart B, prohibits any alcohol misuse that could affect performance of Safety-sensitive functions.

This alcohol prohibition includes:

- Use while performing Safety-sensitive functions;
- Use during the four (4) hours before performing Safety-sensitive functions;
- Reporting for duty or remaining on duty to perform Safety-sensitive functions with an alcohol concentration of 0.04 or greater;
- Use of alcohol for up to 8 hours following an accident or until the driver undergoes a post-accident test; or
- Refusal to take a required test.

**NOTE:** Per FMCSA regulation (Sec. 382.505), a driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall not perform, nor be permitted to perform, Safety-sensitive functions until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test.

**7) DRUG PROHIBITIONS**

49 CFR, Part 382, Subpart B, prohibits any drug use that could affect the performance of Safety-sensitive functions. This drug prohibition includes:

- Use of any drug, except when administered to a driver by, or under the instructions of a licensed medical practitioner, who has advised the driver that the substance will not affect the driver's ability to safely operate a commercial motor vehicle. (Under federal law, the use of marijuana or any Schedule I drug does not have a legitimate medical use in the United States);
- Testing positive for drugs; or
• Refusing to take a required test.

All drivers will inform their supervisors of any therapeutic drug use prior to performing a Safety-sensitive function. He/she may be required to present written evidence from a health care professional which describes the effects such medications may have on the driver’s ability to perform his/her tasks.

8) CIRCUMSTANCES FOR TESTING

Pre-Employment, 49 CFR §382.301

In accordance with §382.301, all driver applicants will be required to submit to and pass a urine drug test as a condition of employment.

Each driver applicant will be asked whether he/she has tested positive, or refused to test, on any pre-employment drug test administered by an employer to which the driver applicant applied for, but did not obtain, Safety-sensitive transportation work during the past two (2) years.

If the driver applicant admits that he/she has tested positive, or refused to test, on any pre-employment test, the driver applicant may not perform any Safety-sensitive functions for the City until and unless the driver applicant documents successful completion of the return-to-duty process.

Driver applicant drug testing shall follow the collection, chain-of-custody, and reporting procedures set forth in 49 CFR Part 40.

An employee of City transferring to a Safety-sensitive driving position is also subject to and must pass a urine drug test as a condition of the transfer.

If the employee transferring to a Safety-sensitive function does not pass his/her pre-employment drug screen, he/she will not be considered for the driving position.

A pre-employment alcohol test will be conducted after the City has made a contingent offer of employment or transfer, subject to the individual passing the pre-employment alcohol test. All pre-employment alcohol tests will follow the alcohol testing procedures outlined in 49 CFR Part 40.

The pre-employment alcohol test will be conducted before the first performance of Safety-sensitive functions. An individual may not begin performing Safety-sensitive functions until he/she has received a test result that indicates an alcohol concentration of less than 0.04.

Reasonable Suspicion Testing

If the driver’s supervisor or another City official designated to supervise drivers believes a driver is under the influence of alcohol or drugs, the driver will be required to undergo a drug and/or alcohol test.
The basis for this decision will be specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the driver.

The driver’s supervisor or another City official will immediately remove the driver from any and all Safety-sensitive functions and take the driver or make arrangements for the driver to be taken to a testing facility. Transport of the driver shall also include travel to the driver’s residence as he/she should not be permitted to work when he/she may be under the influence of a drug or alcohol.

The person who makes the determination that reasonable suspicion exists to conduct an alcohol test may not administer the alcohol test. Per FMCSA regulation, reasonable suspicion alcohol testing is only authorized if the observations are made during, just preceding, or after the driver is performing a Safety-sensitive function.

Per FMCSA regulation, if the driver tests 0.02 or greater, but less than 0.04, for alcohol, the driver will be removed from all Safety-sensitive functions, including driving a commercial motor vehicle, until the start of the driver’s next regularly scheduled duty period, but not less than 24 hours following administration of the test.

If an alcohol test is not administered within two hours following a reasonable suspicion determination, the program administrator will prepare and maintain a record stating reasons why the test was not administered within two (2) hours.

If the test was not administered within eight (8) hours after a reasonable suspicion determination, all attempts to administer the test shall cease. A record of why the test was not administered must be prepared and maintained.

A written record of the observations leading to an alcohol or controlled substance reasonable suspicion test, signed by the supervisor or City official who made the observation, will be completed within 24 hours of the observed behavior or before the results of the alcohol or controlled substance test are released, whichever is first. The written record shall be submitted to the Chief Human Resources Officer.

**Post-Accident Testing (§382.303)**

Drivers are to notify their supervisors as soon as possible if they are involved in an accident. According to FMCSA regulations (§382.303), if the accident involved:

- A fatality;
- Bodily injury with immediate medical treatment away from the scene and the driver received a citation; or
- Disabling damage to any motor vehicle requiring tow away and the driver received a citation,

The driver will be tested for drugs and alcohol as soon as possible following the accident. The driver must remain readily available for testing. If the driver isn’t readily available
for alcohol and drug testing, he/she may be deemed as refusing to submit to testing. A driver involved in an accident may not consume alcohol for 8 hours or until testing is completed.

If the alcohol test is not administered within 2 hours following the accident, the driver's supervisor will prepare a report and maintain a record stating why the test was not administered within two hours.

If the alcohol test is not administered within 8 hours following the accident, all attempts to administer the test will cease. A report and record of why the test was not administered will be prepared and maintained.

The drug test will be administered within 32 hours of the accident. If the test could not be administered within 32 hours, all attempts to test the driver will cease.

The driver's Department Head will prepare and maintain a record stating the reasons why the test was not administered within the allotted time frame.

**Random Testing**

City will conduct random testing for all drivers as follows:

City will use a City-wide selection process based on a scientifically valid method, prescribed by FMCSA regulations.

City will use a consortium. The consortium will use a selection process based on a scientifically valid method, prescribed by FMCSA regulations.

City will administer the random testing program, maintaining all pertinent records on random tests administered.

At least ten (10%) percent of the consortium’s average number of driver positions will be tested for alcohol each year. At least fifty (50%) percent of the consortium’s average number of driver positions will be tested for drugs each year.

The random testing will be spread reasonably throughout the calendar year. All random alcohol and drug tests will be unannounced, with each driver having an equal chance of being tested each time selections are made.

A driver may only be tested for alcohol while he/she is performing a Safety-sensitive function, just before performing a Safety-sensitive function, or just after completing a Safety-sensitive function.

Once notified that he/she has been randomly selected for testing, the driver must proceed immediately to the assigned collection site.

**Return-To-Duty Testing (§382.309)**

After failing an alcohol test, a driver must undergo a return-to-duty test prior to
performing a Safety-sensitive function. The test results must indicate a breath alcohol concentration of less than 0.02.

After testing positive for a controlled substance, a driver must undergo a return-to-duty test under direct observation prior to performing a Safety-sensitive function. The test must indicate a verified negative result for drug use.

**Follow-Up Testing (§382.311)**

Following the driver’s violation of Part 382, Subpart B, the driver will be subject to follow-up testing. Follow-up testing will be unannounced. The number and frequency of such follow-up testing will be directed by the SAP, and consist of at least six tests in the first 12 months. Follow-up testing may be done for up to 60 months. Follow-up drug tests must be conducted under direct observation.

**9) REFUSAL TO SUBMIT**

According to §382.211, a driver may not refuse to submit to a post-accident, random, reasonable suspicion, or follow-up alcohol or controlled substances test required by the regulations. A driver who refuses to submit to such tests may not perform or continue to perform Safety-sensitive functions and must be evaluated by a substance abuse professional as if the driver tested positive for drugs or failed an alcohol test.

Refusal to submit includes failing to provide adequate breath or urine sample for alcohol or drug testing and any conduct that obstructs the testing process. This includes adulteration or substitution of a urine sample.

**10) DILUTE SPECIMENS**

If the MRO informs the City that a positive drug test was dilute, City will simply treat the test as a verified positive test. The City will not direct the employee to take another test based on the fact that the specimen was dilute. This is in accordance with §40.197.

If the MRO directs the City to conduct a recollection under direct observation (i.e., because the creatinine concentration of the specimen was equal to or greater than 2 mg/dL, but less than or equal to 5 mg/dL (see §40.155(c)), City will do so immediately.

The following provisions apply to all tests that City sends the driver for under the directive of the MRO:

- The employee is given the minimum possible advance notice that he or she must go to the collection site;
- The result of the retest taken under §40.197(b), and not a prior test, is accepted as the test result of record;
- If the result of the retest taken under §40.197(b) is also negative and dilute, City will not make the employee take an additional test because the result was dilute. Provided, however, that if the MRO directs City to conduct a recollection under
direct observation under §40.197(b)(1), the City must immediately do so.

- If the employee declines to take a test as directed in accordance with §40.197(b), the employee has refused the test for purposes of Part 40 and DOT agency regulations.

If the creatinine concentration of the dilute specimen is greater than 5 mg/dL, City has elected to include the optional retest provision in its City policy. City will direct the employee to take another test immediately under City policy in accordance with §40.197. Such recollections will not be collected under direct observation, unless there is another basis for use of direct observation. (see §40.67 (b) and (c)).

The following provisions apply to all retests that City sends the driver for under City policy:

- The employee is given the minimum possible advance notice that he or she must go to the collection site;
- The result of the retest taken under §40.197(b), and not a prior test, is accepted as the test result of record;
- If the result of the retest taken under §40.197(b) is also negative and dilute, City will not make the employee take an additional test because the result was dilute. Provided, however, that if the MRO directs City to conduct a recollection under direct observation under §40.197(b)(1), the City must immediately do so.
- If the employee declines to take a test as directed in accordance with §40.197(b), the employee has refused the test for purposes of Part 40 and DOT agency regulations.

City will conduct retests for the following DOT-required tests:

[Enter test types]

### INVALID RESULTS

When the laboratory reports that the test result is an invalid result, the MRO must:

- Contact the employee and inform the employee that the specimen was invalid. In contacting the employee, he/she uses the procedures set forth in §40.131.
- After explaining the limits of disclosure (see §40.135(d) and 40.327), the MRO must determine if the employee has a medical explanation for the invalid result. He/she must inquire about the medications the employee may have taken.

If the employee gives an explanation that is acceptable, the MRO must:

- Place a check mark in the “Test Cancelled” box (Step 6) on Copy 2 of the CCF and enter “Invalid Result” and “direct observation collection not required” on the “Remarks” line.
- Report to the DER that the test is cancelled, the reason for the cancellation, and that no further action is required unless a negative test result is required (i.e., pre-employment, return-to-duty, or follow-up tests). If a negative test result is
required and the medical explanation concerns a situation in which the employee has a permanent or long-term medical condition that precludes him or her from providing a valid specimen, the MRO must follow the procedures outlined at §40.160 for determining if there is clinical evidence that the individual is an illicit drug user.

- If the medical evaluation reveals no clinical evidence of drug use, the MRO must report this to the employer as a negative test result with written notations regarding the medical examination. The report must also state why the medical examination was required (i.e., either the basis for the determination that a permanent or long-term medical condition exists or because the recollection under direct observation resulted in another invalid result for the same reason, as appropriate) and for the determination that no signs and symptoms of drug use exist.

- If the medical evaluation reveals clinical evidence of drug use, the MRO must report the result to the employer as a cancelled test with written notations regarding the results of the medical examination. The report must also state why the medical examination was required (i.e., either the basis for the determination that a permanent or long-term medical condition exists or because the recollection under direct observation resulted in another invalid result for the same reason, as appropriate) and state the reason for the determination that signs and symptoms of drug use exist. Because this is a cancelled test, it does not serve the purpose of an actual negative test result (i.e., the employer is not authorized to allow the employee to begin or resume performing safety-sensitive functions, because a negative test result is needed for that purpose).

If the employee admits to the MRO that he or she tampered with the specimen, the result is reported as a refusal to be tested.

If the employee admits to the MRO that he or she used drugs, the test is cancelled with the reason noted (invalid) and the DER is notified of the admission. The DER has actual knowledge of a violation, and the occurrence is treated the same as a positive result.

If the employee does not give a reasonable explanation, the MRO:

- Places a check mark in the “Test Cancelled” and enters “Invalid Result” and “direct observation collection required” on the “Remarks” line.
- Reports to the DER that the test is cancelled, the reason for cancellation, and that a second collection must take place immediately under direct observation.
- Instructs the employer to ensure that the employee has the minimum possible advance notice that he or she must go to the collection site.
12) ALCOHOL TESTING PROCEDURES

Alcohol testing will be conducted at the WellAdvantage Health Center by a qualified breath alcohol technician (BAT) or screening test technician (STT), according to 49 CFR Part 40 procedures. Only products on the conforming products list (approved by the National Highway Traffic Safety Administration (NHTSA)) and Part 40 requirements will be utilized for testing under this policy.

The testing will be performed in a private setting. Only authorized personnel will have access, and are the only individuals who can see or hear the test results.

When the driver arrives at the testing site, the BAT or STT will ask for identification. The driver may ask the BAT or STT for identification.

The BAT or STT will then explain the testing procedure to the driver. The BAT or STT may only supervise one test at a time, and may not leave the testing site while the test is in progress.

A screening test is performed first. When a breath testing device is used, the mouthpiece of the breath testing device must be sealed before use, and opened in the driver’s presence. Then the mouthpiece is inserted into the breath testing device.

The driver must blow forcefully into the mouthpiece of the testing device for at least 6 seconds or until an adequate amount of breath has been obtained.

Once the test is completed, the BAT must show the driver the results. The results may be printed on a form generated by the breath testing device or may be displayed on the breath testing device. If the breath testing device does not print results and test information, the BAT is to record the displayed result, test number, testing device, serial number of the testing device, and time on the alcohol testing form. If the breath testing device prints results, but not directly onto the form, the BAT must affix the printout to the alcohol testing form in the designated space.

When an alcohol screening device (ASD) is used, the screening test technician (STT) must check the device’s expiration date and show it to the driver. A device may not be used after its expiration date.

The STT will open an individually wrapped or sealed package containing the device in front of the driver and he/she will be asked to place the device in his/her mouth and use it in the manner described by the device’s manufacturer.

If the driver declines to use the device, or in a case where the device doesn’t activate, the STT must insert the device in the driver’s mouth and use it in the manner described by the device’s manufacturer. The STT must wear single-use examination gloves and must change the gloves following each test.

When the device is removed from the driver’s mouth, the STT must follow the
manufacturer’s instructions to ensure the device is activated.

If the procedures listed above can’t be successfully completed, the device must be discarded and a new test must be conducted using a new device. Again, the driver will be offered the choice of using the new device or having the STT use the device for the test.

If the new test can’t be successfully completed, the driver will be directed to immediately take a screening test using an EBT.

The result displayed on the device must be read within 15 minutes of the test. The STT must show the driver the device and its reading and enter the result of the ATF.

If the reading on the EBT or ASD is less than 0.02, both the driver and the BAT or STT must sign and date the result form. The form will then be confidentially forwarded to the City’s DER.

If the reading on the EBT or ASD is 0.02 or more, a confirmation test must be performed. An EBT must be used for all confirmation tests.

The test must be performed after 15 minutes have elapsed, but within thirty (30) minutes of the first test. The BAT will ask the driver not to eat, drink, belch, or put anything into his/her mouth. These steps are intended to prevent the build-up of mouth alcohol, which could lead to an artificially high result.

A new, sealed mouthpiece must be used for the new test. The calibration of the EBT must be checked. All of this must be done in the driver’s presence.

If the results of the confirmation test and screening test are not the same, the confirmation test will be used.

Refusal to complete and sign the alcohol testing form or refusal to provide breath or saliva will be considered a failed test, and the driver will be removed from all Safety-sensitive functions until the matter is resolved.

13) DRUG TESTING PROCEDURES

Drug testing will be conducted at the Well Advantage Health Center. Specimen collection will be conducted in accordance with 49 CFR Part 40 and any applicable state law. The collection procedures have been designed to ensure the security and integrity of the specimen provided by each driver. The procedures will strictly follow federal chain of custody guidelines.

A drug testing custody and control form (CCF) will be used to document the chain of custody from the time the specimen is collected at the testing facility until it is tested at the laboratory.

A collection kit meeting the requirements of Part 40, Appendix A, must be used for the drug test.
The collection of specimen must be conducted in a suitable location and must contain all necessary personnel, materials, equipment, facilities, and supervision to provide for collection, security, and temporary storage and transportation of the specimen to a certified laboratory.

When the driver arrives at the collection site, the collection site employee will ask for identification. The driver may ask the collection site person for identification.

The driver will be asked to remove all unnecessary outer garments (coat, jacket) and secure all personal belongings. The driver may keep his/her wallet.

The driver will then wash and dry his/her hands. After washing hands, the driver must remain in the presence of the collection site person and may not have access to fountains, faucets, soap dispensers, or other materials that could adulterate the specimen.

The collection site person will select, or allow the driver to select, an individually wrapped or sealed container from the collection kit materials. Either the collection site person or the driver, with both individuals present, must unwrap or break the seal of the collection container. The seal on the specimen bottle may not be broken at this time. Only the collection container may be taken into the room used for urination.

The driver is then instructed to provide his/her specimen in a room that allows for privacy. The specimen must consist of at least 45 mL of urine. Within 4 minutes after obtaining the specimen, the collection site person will measure its temperature. The acceptable temperature range is 90 to 100 degrees Fahrenheit. If the specimen temperature is outside the acceptable range, the collector must note this on the CCF and must immediately conduct a new collection using direct observation procedures outlined in Sec. 40.67. Both specimens must be sent to the lab for testing. The collector must notify both the DER and collection site supervisor that the collection took place under direct observation and the reason for doing so.

The collection site person will also inspect the specimen for color and look for signs of contamination or tampering. If there are signs of contamination or tampering, the collector must immediately conduct a new collection using direct observation procedures outlined in §40.67. Both specimens must be sent to the lab for testing. The collector must notify both the DER and collection site supervisor that the collection took place under direct observation and the reason for doing so.

The 45 mL sample provided must be split into a primary specimen of 30 mL and a second specimen (used as the split) of 15 mL. The collection site person must place and secure the lids on the bottles, place tamper-evident bottle seals over the lids and down the sides of the bottles, and write the date on the tamper-evident seals. The driver then initials the tamper-evident bottle seals to certify that the bottles contain specimens he/she provided. All of this must be done in front of the driver.
All identifying information must be entered on the CCF by the collection site person.

The CCF must be signed by the collection site person, certifying collection was accomplished in accordance with the instructions provided. The driver must also sign the form indicating the specimen was his/hers.

The collector is responsible for placing and securing the specimen bottles and a copy of the CCF into an appropriate pouch or plastic bag.

At this point, the driver may leave the collection site.

The collection site must forward the specimens to the lab as quickly as possible, within 24 hours or during the next business day.

14) LABORATORY ANALYSIS

As required by FMCSA regulations, only a laboratory certified by the Department of Health and Human Services (DHSS) to perform urinalysis for the presence of controlled substances will be retained by City. The laboratory will be required to maintain strict compliance with federally-approved chain-of-custody procedures, quality control, maintenance, and scientific analytical methodologies.

All specimens are required to undergo an initial screen followed by confirmation of all positive screen results.

Results

According to FMCSA regulation, the laboratory must report all test results directly to City’s MRO. All test results must be transmitted to the MRO in a timely manner, preferably the same day that the review by the certifying scientist is completed. All results must be reported.

The MRO is responsible for reviewing and interpreting all confirmed positive, adulterated, substituted, or invalid drug test results. The MRO must determine whether alternate medical explanations could account for the test results. The MRO must also give the driver who has a positive, adulterated, substituted, or invalid drug test an opportunity to discuss the results prior to making a final determination. After the decision is made, the MRO must notify the DER.

If the MRO, after making and documenting all reasonable efforts, is unable to contact a tested driver, the MRO shall contact the DER instructing him/her to contact the driver. The DER will arrange for the driver to contact the MRO before going on duty.

The MRO may verify a positive, adulterated, or substituted specimens without having communicated with the driver about the test results if:

- The driver expressly declines the opportunity to discuss the results of the test;
- Neither the MRO nor DER has been able to make contact with the driver for ten
(10) days; or
- Within 72 hours after a documented contact by the DER instructing the driver to contact the MRO, the driver has not done so.

The MRO may verify an invalid test result as cancelled (with instructions to recollect immediately under direct observation) without interviewing the employee, as provided at §40.159 if:
- The driver expressly declines the opportunity to discuss the test with the MRO;
- The DER has successfully made and documented a contact with the driver and instructed the driver to contact the MRO and more than 72 hours have passed since the time the DER contacted the driver; or
- Neither the MRO nor the DER, after making and documenting all reasonable efforts, has been able to contact the driver within ten days of the date on which the MRO received the confirmed invalid test result from the laboratory.

**Split Sample**

As required by FMCSA regulations, the MRO must notify each driver who has a positive, adulterated, or substituted drug test result that he/she has 72 hours to request the test of the split specimen. If the driver requests the testing of the split, the MRO must direct (in writing) the lab to provide the split specimen to another certified laboratory for analysis. There is no split specimen testing for an invalid result.

The driver will pay for the testing of the split specimen.

If the analysis of the split specimen fails to reconfirm the results of the primary specimen, or if the split specimen is unavailable, inadequate for testing, or unstable, the MRO must cancel the test and report the cancellation and the reasons for it to the DER and the driver.

**Specimen Retention**

Long-term frozen storage will ensure that positive urine specimens will be available for any necessary retest. City’s designated drug testing laboratory will retain all confirmed positive specimens for at least one (1) year in the original labeled specimen bottle.

**Confidentiality/recordkeeping**

All driver alcohol and controlled substance test records are considered confidential (Sec. 382.401). For the purpose of this policy/procedure, confidential recordkeeping is defined as records maintained in a secure manner, under lock and key, accessible only to the program administrator.

If the program administrator is unavailable, the Safety and Compliance Specialist will have access to the alcohol and controlled substance records.
Driver alcohol and controlled substance test records will only be released in the following situations:

- To the driver, upon his/her written request;
- Upon request of a DOT agency with regulatory authority over City;
- Upon request of state or local officials with regulatory authority over City;
- Upon request by the United States Secretary of Transportation;
- Upon request by the National Transportation Safety Board (NTSB) as part of an accident investigation;
- Upon request by subsequent employers upon receipt of a written request by a covered driver;
- In a lawsuit, grievance, or other proceeding if it was initiated by or on behalf of the complainant and arising from results of the tests; or
- Upon written consent by the driver authorizing the release to a specified individual.

All records will be retained for the time period required in §382.401.

15) DRIVER ASSISTANCE

Driver Education and Training (§382.601)

All drivers will be given information regarding the requirements of Part 382 and this policy by their supervisor.

Supervisor Training

According to FMCSA regulation, all employees of City designated to supervise drivers will receive training on this program. The training will include at least sixty (60) minutes on alcohol misuse and sixty (60) minutes on drug use. The training content will include the physical, behavioral, speech, and performance indicators of probably alcohol misuse and drug use. The training allows supervisors to determine reasonable suspicion that a driver is under the influence of alcohol or drugs.

Referral, Evaluation, and Treatment (§382.605)

According to FMCSA regulation, a list of substance abuse professionals will be provided to all drivers who fail an alcohol test or test positive for drugs.

The alcohol and drug program administrator will be responsible for designating the appropriate substance abuse professional (SAP) who, in conjunction with the driver's physician, will diagnose the problem and recommend treatment. In the event a driver violates Part 382, City will identify (at the time of the violation) who they prefer to contract with for the SAP services.

The driver will pay for the evaluation by the SAP and any treatment required.

According to FMCSA regulations, prior to returning to duty, a driver must be evaluated by a SAP and must complete the treatment recommended by the SAP. Successful
completion of a return-to-duty test and all follow-up tests is mandatory. (This provision in no way assures the employee of a right to continued employment by the City. The City retains the option to terminate an employee who fails to pass any required drug and/or alcohol test).

**Follow-Up**

The driver who returns to duty will be required to submit to “Follow-up” testing. The SAP who has evaluated the driver will make the determination as to the number of tests and the length of time over which testing will be required. The minimum number of tests is at least six (6) tests during the first year after returning to duty. The testing may be required to continue for up to five (5) years. The SAP will determine for what substances (i.e., drugs, alcohol, or both) the employee will be tested. The City will be responsible for insuring that Follow-up testing is conducted and completed. Follow-up testing is in addition to all other DOT required testing. (The driver remains in the random pool and is subject to random testing at all times).

**16) SELF-IDENTIFICATION PROGRAM**

City will not take disciplinary action against a driver who makes a voluntary admission of alcohol misuse or controlled substance use if:

- The admission is in accordance with the City’s voluntary self-identification program;
- The driver does not self-identify in order to avoid Part 382 testing;
- The driver makes the admission of alcohol misuse or controlled substances use prior to performing a Safety-sensitive function; and
- The driver does not perform a Safety-sensitive function until the City is satisfied that the driver has been evaluated and has successfully completed education or treatment requirements in accordance with the self-identification guidelines.

The driver will be allowed to return to Safety-sensitive duties upon successful completion of an education or treatment program, as determined by a drug and alcohol abuse evaluation expert. Also, the driver must undergo:

- A return-to-duty test with a result indicating an alcohol concentration of less than 0.02; and/or
- A return-to-duty controlled substances test with a verified negative result.

**17) DISCIPLINE**

The City may not stand-down a driver before the MRO has completed his/her verification process unless the City has applied for and received an FMCSA-issued waiver. According to FMCSA regulation, no person who has failed an alcohol or drug test, or refused to test, will be allowed to perform Safety-sensitive functions until the referral, evaluation, and treatment requirements have been complied with. The following City
disciplinary measures apply to all reasonable suspicion, post-accident, and random tests. Following a positive drug and/or alcohol test result, a pre-disciplinary meeting will be arranged as soon as possible by the supervisor. The Safety-sensitive Employee, who is off-duty at home, should be advised by the supervisor the purpose of the meeting and is entitled to have representation present.

If the Safety-Sensitive Employee is alleged to have violated this policy, he/she will be advised of the following:

- The employee will be subjected to disciplinary action up to and including termination for violation of the drug and alcohol policy;
- If the employee retains employment with the City, the employee may be referred to a SAP for an assessment and evaluation. The SAP will evaluate each employee to determine what assistance the employee needs in resolving problems associated with prohibited drug use and/or alcohol misuse. Upon recommendation of the SAP, the employee must pass the “Return-to-Duty” drug and/or alcohol test. A positive test result will be cause for termination with the City.
- The employee will be required to provide a check for the cost of the drug and/or alcohol test made payable to the third-party administrator to cover the expense of the Return-to-Duty test.
- The employee shall be subject to follow-up testing. A positive test result will be cause for termination with the City.
- The employee will be required to sign Release of Information forms by Employee Assistance Program (EAP) to specified individuals with the City and third-party administrator.

In addition to the penalties imposed by DOT, a Safety-sensitive Employee whose reasonable suspicion test is positive, or who fails or refuses to submit to a reasonable suspicion test when directed to do so by the City, will be subject to disciplinary action, up to and including termination. An employee with a dilute negative test resulting from a Dilute Specimen will be required to retest.

The designated employee representative (DER) will contact the supervisor when the employee has passed the Return-to-Duty drug and alcohol test to set the date the employee can return to work.

SAPs are “gatekeepers” to the re-entry program when a Safety-sensitive Employee can return to duty. SAPs are required to have a specific background and specified licensing credentials, which include clinical experience and diagnosis and treatment of substance abuse-related disorders. SAPs must be knowledgeable about the SAP functions as it relates to employer interest in the Safety-sensitive Duties. SAPs must be complete qualification training and fulfill obligations for continuing education courses. SAPs make
recommendations to the employer about an employee’s readiness to perform Safety-Sensitive Duties. SAPs make return-to-duty recommendations according to their professional and ethical standards, as well as to DOT regulations.

**NOTE:** Only specifically identified counselors are qualified as SAPs; not all counselors, social workers, or other behavioral professionals meet the requirements to act as a SAP within the scope of DOT Regulations. SAPs may make recommendations for a client to submit to treatment, but the same person cannot act as a SAP and as the treatment provider.

18) **REFUSAL TO TEST**

A driver's refusal to test for alcohol or controlled substances will be considered a positive test result. Adulteration or tampering with a urine or breath sample is considered conduct that obstructs the testing process and is considered a refusal to test. A driver whose conduct is considered a refusal to test will be considered a positive test result and will be subject to the disciplinary measures set forth in this policy.

19) **IMPLEMENTATION**

It is the express intention of this policy for the City to be in compliance with the provisions of the U.S. Department of Transportation, Federal Motor Carrier Safety Administration regulation, as promulgated in 49 CFR, Parts 40 and 382. The federal regulations are deemed to be the minimum standard for the City’s policy and for the conduct of City employees in Safety-sensitive functions. If there is a conflict between this policy and the federal regulations, the federal regulations are deemed to have precedence and this policy is deemed to be subordinate to any conflicting regulation.

20) **MODIFICATION OF POLICY**

The Statement of Policy may be revised by the City at any time to comply with applicable federal and state regulations that may be implemented, to comply with judicial rulings, or to meet any changes in the work environment or changes in the drug and alcohol testing policy.

**B. NON-COMMERCIAL VEHICLE DRIVERS**

The City of Chattanooga ("City") recognizes that the use and abuse of drugs and alcohol in today's society is a serious problem that may involve the workplace. It is the intent of City to provide all employees with a safe and secure workplace in which each person can perform his/her duties in an environment that promotes individual health and workplace efficiency. Employees of City are public employees and must foster the public trust by preserving employee reputation for integrity, honesty, and responsibility.

To provide a safe, healthy, productive, and drug-free working environment for its employees to properly conduct the public business, City has adopted this drug and alcohol testing
The City and certain employees who drive commercial motor vehicles are subject to the requirements of federal statutes and implementing regulations issued by the Federal Highway Administration of the U.S. Department of Transportation. However, certain City employees who perform safety-sensitive functions are not covered by the Federal provisions. In addition, the City has an interest in maintaining the efficiency, productivity and well-being of employees who do not perform safety-sensitive functions.

This policy does not govern or apply to employees who are subject to testing as commercial motor vehicle operators under the foregoing federal law and regulations. These employees are governed by a separate policy enacted pursuant to that legislation. However, such employees may be tested as authorized by this policy if the circumstances giving rise to such testing do not arise from the employee’s operation of a commercial motor vehicle.

It is the policy of City that the use of illegal drugs by its employees and impairment in the workplace due to drugs and/or alcohol are prohibited and will not be tolerated. Engaging in prohibited and/or illegal conduct shall result in disciplinary action up to and including immediate termination. Additionally, employees are subject to disciplinary action up to and including immediate termination for the unlawful manufacture, distribution, dispensation, possession, concealment or sale of alcohol or drugs while on duty, on City property, in City Vehicles, during breaks or at lunch. Prohibited and/or illegal conduct includes but is not limited to:

1. Being on duty or performing work in or on City property while under the influence of illegal drugs and/or alcohol;
2. Engaging in the manufacture, sale, distribution, use, or unauthorized possession of illegal drugs at any time and of alcohol while on duty or while in or on City property;
3. Refusing or failing a drug and/or alcohol test administered under this policy;
4. Providing an adulterated, altered, or substituted specimen for testing;
5. Use of alcohol within four (4) hours prior to reporting for duty on schedule or use of alcohol while on-call for duty; and
6. Use of alcohol or drugs within eight (8) hours following an accident (incident) if the employee's involvement has not been discounted as a contributing factor in the accident (incident) or until the employee has successfully completed drug and/or alcohol testing procedures.

The City also reserves the right to require return to duty and follow-up testing as a result of a condition of reinstatement or continued employment in conjunction with or following completion of an approved drug and/or alcohol treatment, counseling or rehabilitation program.

This policy does not preclude the appropriate use of legally prescribed medication that does not adversely affect the mental, physical, or emotional ability of the employee to
safely and efficiently perform his/her duties. It is the employee’s responsibility to inform the proper supervisory personnel of his/her use of any legally prescribed medication that may create a safety hazard such as driving or using dangerous equipment, or may otherwise affect the performance of his/her job, or may require an accommodation. However, for the safety of all employees, City may place persons using such prescription drugs in a less hazardous job assignment, provided such assignment is available, or place them on temporary medical leave until released as fit for duty by the prescribing physician.

In order to educate the employees about the dangers of drug and/or alcohol abuse, City shall sponsor an information and education program for all employees and supervisors. Information will be provided on the signs and symptoms of drug and/or alcohol abuse; the effects of drug and/or alcohol abuse on an individual’s health, work, and personal life; City’s policy regarding drugs and/or alcohol; and the availability of counseling. The Chief Human Resources Officer, or his/her designee, has been designated as the municipal official responsible for answering questions regarding this policy and its implementation.

All City property may be subject to inspection at any time without notice. There should be no expectation of privacy in such property. Property includes, but is not limited to, vehicles, desks, containers, files, computers, and lockers. Employee-assigned lockers that are locked by the employee are also subject to inspection by the employee’s supervisor in the presence of the employee after reasonable advance notice to the employee, unless such notice is waived by the Mayor or his/her designee.

This policy applies to all City employees and applicants who have been given a conditional offer of employment from the City.

1) DEFINITIONS

**Adulterated or Substituted Specimen**: A specimen that has been altered or substituted as evidenced by test results showing either a substance that does not contain normal constituents for that type of specimen or showing an abnormal concentration of an endogenous substance.

**Employee Assistance Program (EAP):** An established program capable of providing expert assessment of employee personal concerns; confidential and timely identification services with regard to employee drug or alcohol abuse; referrals of employees for appropriate diagnosis, treatment, and assistance; and follow-up services for employees who participate in the program or require monitoring after returning to work.

**Medical Review Officer or MRO:** A licensed physician, employed with or contracted by City, who has knowledge of substance abuse disorders, laboratory testing procedures and chain of custody collection procedures; who verifies positive, confirmed test results; and who has the necessary medical training to interpret and evaluate an employee’s positive test result in relation to the employee’s medical history or any other relevant biomedical information.

**Reasonable-Suspicion Drug Testing:** An employer’s determination of reasonable suspicion shall be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the employee, including without limitation the following:

1. The presence of recognizable physical symptoms of drug or alcohol use, e.g., slurred speech, bloodshot eyes, alcohol on breath, inability to stand or to walk a straight line;
2. Indications of the chronic and withdrawal effects of controlled substances;
3. Direct knowledge or observation of drug or alcohol use or possession, or possession of drug paraphernalia; or
4. Aberrant conduct or behavior that is so unusual that it warrants summoning a supervisor or other assistance.

Safety-sensitive positions include police officers, firefighters, positions requiring a Commercial Driver’s License, Public Works positions involving the operation of heavy equipment, water/wastewater plant operators, all positions involving the construction and maintenance of electrical lines, teachers, and other positions having responsibility for the safety and care of children. A complete list of all safety-sensitive positions shall be maintained by the Chief Human Resources Officer.

**Specimen:** Tissue, fluid, or a product of the human body capable of revealing the presence of alcohol, drugs, or their metabolites.

**Split Specimen:** The procedure by which each urine specimen is divided in two and put into a primary specimen container and a secondary, or “split” specimen container. Only the primary specimen is opened and used for the initial screening and confirmation test. The split specimen container remains sealed and is stored at the testing laboratory.

### 2) CONSENT AND COMPLIANCE

Before a drug and/or alcohol test is administered, employees and applicants will be asked to sign a consent form authorizing the test and permitting release of test results to the laboratory, MRO, and DER or his/her designee.

The consent form shall set forth the following information:

1. The procedure for confirming and verifying an initial positive test result;
2. The consequences of a verified positive test result; and
3. The consequences of refusing to undergo a drug and/or alcohol test.

The consent form also provides authorization for certified or licensed attending medical personnel to take and have analyzed appropriate specimens to determine if drugs or alcohol are present in the employee’s system and to report the results of the findings to the City.

Compliance with this substance abuse policy is a condition of employment. The failure or refusal by an applicant or employee to cooperate fully by signing necessary consent forms or other required documents or the failure or refusal to submit to any test or any procedure under this policy in a timely manner will be grounds for refusal to hire or for termination. The submission by an applicant or employee of a urine sample that is not his/her own or is adulterated shall be grounds for refusal to hire or for disciplinary action up to and including termination.

### 3) DRUG TESTING

An applicant or employee must carry and present a current and recent photo ID to appropriate personnel during testing. Failure to present a photo ID is equivalent to refusing to take the test. Employees and applicants may be required to submit to drug testing under six (6) separate conditions:
**Pre-Employment**

All applicants for employee status in a safety-sensitive position who have received a conditional offer of employment with City must take a drug test before receiving a final offer of employment.

**Transfer**

Employees transferring to a safety-sensitive position will undergo drug testing.

**Post-Accident/Post-incident**

As soon as practicable following any workplace accident/incident, each of City's surviving drivers shall be tested for controlled substances who meets any one of the enumerated conditions below:

1. Who was performing Safety-Sensitive Functions with respect to the vehicle, if the accident involved the loss of human life; or
2. Who receives a citation within thirty-two (32) hours of the occurrence under State or local law for a moving traffic violation arising from the accident if the accident involved:
   a. Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
   b. One or more motor vehicles incurring Disabling Property Damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

Post-accident/incident testing shall be carried out as soon as practicable and shall not exceed eight (8) hours following the accident/incident. Urine collection for post-accident/incident testing shall be monitored or observed by same-gender collection personnel at the established collection site(s).

In instances where post-accident/incident testing is to be performed, City reserves the right to direct the MRO to instruct the designated laboratory to perform testing on submitted urine specimens for possible illegal/illegitimate substances.

Any testing for additional substances listed under the Tennessee Drug Control Act of 1989 as amended shall be performed at the urinary cutoff level that is normally used for those specific substances by the laboratory selected.

**Post-Accident/Post Incident for Ambulatory Employees**

Following all workplace accidents/incidents where drug testing is to be performed, unless otherwise specified by the Department Head, any affected employees who are ambulatory will be taken by a supervisor or designated personnel of City to the designated urine specimen collection site as soon as practicable, but no later than eight (8) hours following the accident. In the event of an accident/incident occurring after
regular work hours, the employee(s) will be taken to the (testing site) as soon as practicable, but no later than eight (8) hours following the accident. No employee shall consume drugs prior to completing the post-accident/incident testing procedures.

No employee shall delay his/her appearance at the designated collection site(s) for post-accident/incident testing. Any unreasonable delay in providing specimens for drug testing shall be considered a refusal to cooperate with the substance abuse program of City and shall result in administrative action up to and including termination of employment.

**Post-Accident/Post-Incident for Injured Employees**

Any affected employee who is seriously injured, non-ambulatory, and/or under professional medical care following a significant accident/incident shall consent to the obtaining of specimens for drug testing by qualified, licensed attending medical personnel and consent to the testing of the specimens. Consent shall also be given for the attending medical personnel and/or medical facility (including hospitals) to release to the MRO of City appropriate and necessary information or records that would indicate only whether or not specified prohibited drugs (and what amounts) were found in the employee’s system. Consent shall be granted by each employee at the implementation date of the substance abuse policy of City or upon hiring following the implementation date.

Post-accident/post-incident urinary testing may be impossible for unconscious, seriously injured, or hospitalized employees. If this is the case, the City shall require certified or licensed attending medical personnel to take and have analyzed appropriate specimens to determine if drugs were present in the employee’s system. Only an accepted method for collecting specimens will be used. Any failure by medical personnel to do post-accident (post incident) testing within twelve (12) hours must be fully documented by the City.

**Reasonable Suspicion Drug**

A drug test is required for any employee where there is “reasonable suspicion” to believe the employee is using or is under the influence of drugs and/or alcohol (as that term is defined in Section C above). A Department Head or supervisor who has received drug detection training that complies with DOT regulations must make the decision to test.

Supervisory personnel of City making a determination to subject any employee to drug testing based on reasonable suspicion shall document their specific reasons and observations in writing to the Department Head or Administrator within twenty-four (24) hours of the decision to test and before the results of the urine drug tests are received by the department. Urine collection for reasonable suspicion testing shall be
monitored or observed by same-gender collection personnel.

**Random**

Safety-Sensitive employees are subject to unannounced random drug and alcohol testing. Just prior to the testing event, the Safety-Sensitive employee is notified of his/her selection and is provided enough time to stop performing his/her Safety-Sensitive Function and report to the testing location. (Failure to present at the testing location or interfering with the testing process can be considered a refusal-to-test). Random testing must be generated using a truly random selection process, with each Safety-Sensitive employee having an equal chance to be selected and tested at all times.

**Return to Duty and Follow-Up**

Any City employee who has violated the prohibited drug conduct standards must submit to a return to duty test. This provision in no way assures the employee of a right to continued employment by the City. The City retains the option to terminate an employee who fails to pass any required drug and/or alcohol test. Follow-up tests will be unannounced, and at least six (6) tests will be conducted in the first twelve (12) months after an employee returns to duty. Follow-up testing may be extended for up to six (6) months following return to duty.

The employee will be required to pay for his or her return to duty and follow-up tests accordingly. Testing will also be performed on the employee returning from leave or special assignment in excess of six (6) months. In this situation, the employee will not be required to pay for the testing.

**Prohibited Substances**

Results of all drug testing will be reported to the MRO. If verified by the MRO, they will be reported to the DER. The following is a list of drugs for which tests will be routinely conducted (see Appendix B for cut-off levels):

- Marijuana;
- Cocaine;
- Opiates;
- Methamphetamine;
- Methadone;
- Amphetamines;
- Barbiturates;
- Benzodiazepines;
- Tricyclic antidepressant;
- Oxycodone; and
- Buprenorphine.

City may test for any additional substances listed under the Tennessee Drug Control
Act of 1989, as amended, and/or any other illegal substances that may be designated by the City.

**Collection Procedures**

1. Testing will be accomplished as non-intrusively as possible. Affected employees, except in cases of random testing, will be taken by a supervisor or designated personnel of City to a drug test collection facility selected by City, where a urine sample will be taken from the employee in privacy. The urine sample will be immediately sealed by personnel overseeing the specimen collection after first being examined by personnel for signs of alteration, adulteration, or substitution. The sample will be placed in a secure mailing container. The employee will be asked to complete a chain-of-custody form to accompany the sample to a laboratory selected by City to perform the analysis on collected urine samples.

2. Collection under direct observation (by a person of the same gender) with no advance notice will occur if:
   a. The laboratory reports to the MRO that a specimen is invalid, and the MRO reports to the City that there was not an adequate medical explanation for the result; or
   b. The MRO reports to the City that the original positive, adulterated, or substituted test result had to be canceled because the test of the split specimen could not be performed, or
   c. The collector notes the specimen provided is not consistent with appearance, odor, temperature, or other normal parameters of normal, freshly donated human urine or notes the employee's conduct indicates an attempt to tamper with a specimen.

Additionally, the City will direct a collection under direct observation of an employee if the drug test is a return-to-duty or a follow-up test.

**Drug Testing Laboratory Standards and Procedures**

All collected urine samples will be sent to a laboratory that is certified and monitored by the federal Department of Health and Human Services (DHHS).

As specified earlier, in the event of an accident (incident) occurring after regular work hours, the supervisor or designated personnel shall take the employee(s) to the testing site within eight (8) hours where proper collection procedures will be administered.

Each urine specimen is subdivided into two bottles labeled as a "primary" and a "split" specimen. Both bottles are sent to a laboratory. Only the primary specimen is opened and used for the urinalysis. The split specimen bottle remains sealed and is stored at the laboratory. If the analysis of the primary specimen confirms the presence of drugs, the employee has seventy-two (72) hours to request sending the split specimen to
another federal Department of Health and Human Services (DHHS) certified laboratory for analysis. The employee will be required to pay for his or her split specimen test(s).

For the employee's protection, the results of the analysis will be confidential except for the testing laboratory. If the MRO determines the test is positive, the MRO will notify the DER.

**Reporting and Reviewing**

City shall designate an MRO to receive, report, and file testing information transmitted by the laboratory. This person shall be a licensed physician with knowledge of substance abuse disorders.

The laboratory shall report test results only to the designated MRO, who will review them in accordance with accepted guidelines and the procedures adopted by City.

Reports from the laboratory to the MRO shall be in writing or by fax. The MRO may talk with the employee by telephone upon exchange of acceptable identification.

The testing laboratory, collection site personnel, and MRO shall maintain security over all the testing data and limit access to such information to the following: the respective Department Head, the DER, and the employee.

Neither City, the laboratory, nor the MRO shall disclose any drug test results to any other person except under written authorization from the affected employee, unless such results are necessary in the process of resolution of accident (incident) investigations, requested by court order, or required to be released to parties (i.e., DOT, the Tennessee Department of Labor, etc.) having legitimate right-to-know as determined by the City Attorney.

**4) ALCOHOL TESTING**

An applicant or employee must carry and present a current and recent photo ID to appropriate personnel during testing. Failure to present a photo ID is equivalent to refusing to take the test. Employees and applicants may be required to submit to alcohol testing under the following separate conditions:

**Post-Accident/Post-Incident**

As soon as practicable following any workplace accident ("incident"), each of City’s surviving drivers shall be tested for controlled substances who meets any one of the enumerated conditions below:

1. Who was performing Safety-Sensitive Functions with respect to the vehicle, if the accident involved the loss of human life; or
2. Who receives a citation within eight (8) hours of the occurrence under State or local law for a moving traffic violation arising from the accident if the accident involved:
a. Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or
b. One or more motor vehicles incurring Disabling Property Damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

**Post-Accident/Post-Incident for Ambulatory Employees**

Following all workplace accidents/incidents where alcohol testing is to be performed, unless otherwise specified by the Department Head, affected employees who are ambulatory will be taken by a supervisor or designated personnel of City to the designated breath alcohol test site for a breath alcohol test within two (2) hours following the accident. In the event of an accident/incident occurring after regular work hours, the employee(s) will be taken to the testing site within two (2) hours. No employee shall consume alcohol prior to completing the post- accident/incident testing procedures.

No employee shall delay his/her appearance at the designated collection site(s) for post-accident/incident testing. Any unreasonable delay (greater than two (2) hours noted in the above paragraph) in appearing for alcohol testing shall be considered a refusal to cooperate with the substance abuse program of City and shall result in administrative action up to and including termination of employment.

**Post-Accident/Post-incident for Injured Employees**

An affected employee who is seriously injured, non-ambulatory, and/or under professional medical care following a significant accident shall consent to the obtaining of specimens for alcohol testing by qualified, licensed attending medical personnel and consent to specimen testing. Consent shall also be given for the attending medical personnel and/or medical facility (including hospitals) to release to the MRO of City appropriate and necessary information or records that would indicate only whether or not specified prohibited alcohol (and what amount) was found in the employee’s system. Consent shall be granted by each employee at the implementation date of the substance abuse policy of City or upon hiring following the implementation date.

Post-accident/incident breath alcohol testing may be impossible for unconscious, seriously injured, or hospitalized employees. If this is the case, the City shall require certified or licensed attending medical personnel to take and have analyzed appropriate specimens to determine if alcohol was present in the employee's system. Only an accepted method for collecting specimens will be used. Any failure by medical personnel to do post- accident/incident testing within two (2) hours must be fully documented by City.
**Reasonable Suspicion Alcohol**

An alcohol test is required for each employee where there is reasonable suspicion to believe the employee is using or is under the influence of alcohol (as that term is defined in Section C above). A Department Head or supervisor who has received alcohol detection that complies with DOT regulations must make the decision to test.

Supervisory personnel of City making a determination to subject any employee to alcohol testing based on reasonable suspicion shall document their specific reasons and observations in writing to the Department Head or Administrator within eight (8) hours of the decision to test and before the results of the tests are received by the department.

**Return to Duty and Follow-Up**

Any City employee who has violated the prohibited drug conduct standards must submit to a return to duty test. This provision in no way assures the employee of a right to continued employment by the City. The City retains the option to terminate an employee who fails to pass any required drug and/or alcohol test. Follow-up tests will be unannounced, and at least six (6) tests will be conducted in the first twelve (12) months after an employee returns to duty. Follow-up testing may be extended for up to six (6) months following return to duty.

The employee will be required to pay for his or her return to duty and follow-up tests accordingly. Testing will also be performed on the employee returning from leave or special assignment in excess of six (6) months. In this situation, the employee will not be required to pay for the testing.

**Alcohol Testing Procedures**

All breath alcohol testing conducted for City shall be performed using evidential breath testing (EBT) equipment and personnel approved by the National Highway Traffic Safety Administration (NHTSA).

Alcohol testing is to be performed by a qualified technician as follows:

1. An initial breath alcohol test will be performed using a breath alcohol analysis device approved by the National Highway Traffic Safety Administration (NHTSA). If the measured result is less than 0.02 percent breath alcohol level (BAL), the test shall be considered negative. If the result is greater or equal to 0.02 percent BAL, the result shall be recorded and witnessed, and the test shall proceed to Step Two.

2. Fifteen (15) minutes shall be allowed to pass following the completion of Step One above. Before the confirmation test or Step Two is administered for each employee, the breath alcohol technician shall insure that the evidential breath testing device registers on an air blank. If the reading is greater than 0.00, the breath alcohol technician shall conduct one more air blank. If the reading is greater than 0.00,
testing shall not proceed using that instrument. However, testing may proceed on another instrument. Then Step One shall be repeated using a new mouthpiece and either the same or equivalent but different breath analysis device.

The breath alcohol level detected in Step Two shall be recorded and witnessed.

Any breath level found upon analysis to be between 0.02 percent BAL and 0.039 percent BAL shall result in the employee’s removal from duty without pay for a minimum of twenty-four (24) hours. In this situation, the employee must be retested by breath analysis and found to have a BAL of less than 0.02 percent before returning to duty with City.

If the lower of the breath alcohol measurements in Step One and Step Two is 0.039 percent or greater, the employee shall be considered to have failed the breath alcohol test. Failure of the breath alcohol test shall result in administrative action by proper officials of City up to and including termination of employment.

All breath alcohol test results shall be recorded by the technician and shall be witnessed by the tested employee and by a supervisory employee of City when possible.

The completed breath alcohol test form shall be submitted to DER.

5) EDUCATION AND TRAINING

Supervisory Training

Training supervisory personnel who will determine whether an employee must be tested based on reasonable suspicion will include at a minimum two (2) sixty (60) minute periods of training on the specific, contemporaneous, physical, behavioral, and performance indicators of both probable drug use and alcohol use. One (1) sixty (60) minute training period will be for drugs and one will be for alcohol.

The City will annually sponsor a drug-free awareness program for all employees.

Distribution of Information

The minimal distribution of information for all employees will include the display and distribution of:

1. Informational material on the effects of drug and alcohol abuse;
2. An existing community services hotline number, available drug counseling, rehabilitation, and employee assistance programs for employee assistance;
3. City policy regarding the use of prohibited drugs and/or alcohol; and
4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.
6) CONSEQUENCES OF A CONFIRMED AND/OR VERIFIED POSITIVE DRUG AND/OR ALCOHOL TEST RESULT

Job applicants administered drug and/or alcohol tests will be denied employment with City if their initial positive pre-employment drug and alcohol test results have been confirmed/verified.

If a current employee's positive drug and alcohol test result has been confirmed, the employee will be disciplined up to and including immediate termination.

No disciplinary action may be taken pursuant to this policy against employees who voluntarily identify themselves as drug and/or alcohol users, obtain counseling and rehabilitation through the City's Employee Assistance Program or another program approved by the City, and thereafter refrain from violating the City's policy on drug and alcohol abuse.

Refusing to submit to an alcohol or controlled substances test means that an employee:

(1) fails to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing in accordance with the provisions of this part; (2) fails to provide adequate urine for controlled substances testing without a valid medical explanation after he or she has received notice of the requirement for urine testing in accordance with the provisions of this part; or (3) engages in conduct that clearly obstructs the testing process. In either case the physician or breath alcohol technician shall provide a written statement to City indicating a refusal to test. For an adulterated or substituted test resulting from an Adulterated or Substituted Specimen, if a legitimate medical reason cannot be established for the result, the MRO will report the result as a refusal.

Voluntary Disclosure of Drug and/or Alcohol Use

In the event that an employee of City is dependent upon or an abuser of drugs and/or alcohol and sincerely wishes to seek professional medical care, that employee should voluntarily discuss his/her matter with the respective Department Head in private.

Such voluntary desire for help with a substance abuse issue will be honored by the City. If substance abuse treatment is required, the employee will be removed from active duty pending completion of the treatment.

Affected employees of City are entitled to up to thirty (30) consecutive calendar days for initial substance abuse treatment. In the event accumulated personal leave or compensatory time is insufficient to provide the medically prescribed and needed treatment up to a maximum of thirty (30) consecutive calendar days, the employee will be provided unpaid leave for the difference between the amount of accumulated leave and the number of days prescribed and needed for treatment up to the maximum thirty (30) day treatment period. Voluntary disclosure must occur before an employee
is notified of or otherwise becomes subject to a pending drug and/or alcohol test.

Prior to any return-to-duty consideration of an employee following voluntary substance abuse treatment, the employee shall obtain a return-to-duty recommendation from the Substance Abuse Professional (SAP). The SAP may suggest conditions of reinstatement of the employee that may include after-care and return-to-duty and/or random drug and alcohol testing requirements. The respective Department Head and Chief Human Resources Officer will consider each case individually and set forth final conditions of reinstatement to active duty. These conditions of reinstatement must be met by the employee. Failure of the employee to complete treatment or follow after-care conditions, or subsequent failure of any drug or alcohol test under this policy will result in disciplinary action up to and including immediate termination of employment.

These provisions apply to voluntary disclosure of a substance abuse issue by an employee of the City. Voluntary disclosure provisions do not apply to applicants. Employees found positive during drug and/or alcohol testing under this policy are subject to administrative action up to and including termination of employment as specified elsewhere in this policy.

7) **EXCEPTIONS**

This policy does not apply to possession, use, or provision of alcohol and/or drugs by employees in the context of authorized work assignments (i.e., undercover police enforcement, intoxilyzer demonstrations). In all such cases, it is the individual employee's responsibility to ensure that job performance is not adversely affected by the possession, use, or provision of alcohol.

This statement of policy replaces the City's policy regarding Alcohol and Drugs, which was last revised on February 1, 2019, and may be revised by City at any time to comply with applicable federal and state regulations that may be implemented, to comply with judicial rulings, or to meet any changes in the work environment or changes in the drug and alcohol testing policy of City.

Although City vehicles are not to be used for personal business, incidental use is sometimes unavoidable. The City will assume no liability for loss or damage to the contents of lockers or additional storage areas including personal vehicles. Employees may be required to open their lockers or other storage areas for periodic housekeeping, inspections, when it is appropriate and/or necessary, as there is no expectation of privacy. Prior to disposal of the unclaimed personal property, the purchasing agent shall make reasonable effort to notify the owner, including mailing notice to the owner of such personal property by certified mail to such owner’s last known address if such has not been done by the department that came into possession of such unclaimed/abandoned property before delivery to the purchasing agent.

Cooperation is needed in protecting the posted material. All material to be placed on the bulletin boards must be approved by the appropriate supervisor before being posted.

K. EMPLOYEE AWARDS

Upon recommendations of any City leader and at the discretion and approval of the Department Head or designee, employee awards, including but not limited to safety awards, service awards, productivity awards and retirement awards, may be presented to an employee in recognition of significant contributions made by that employee to the City service.

L. ACCEPTING GIFTS AND GRATUITIES

No City employee, without the consent of the City Council, shall receive any gifts or gratuities in addition to his/her salary for any service he/she may render as an employee except as may be provided elsewhere in the Employee Information Guide. This policy applies to gifts received under circumstances in which it could be inferred that the gift was intended to influence him/her in the performance of his/her official duties or was intended as a reward for an official act on his part. A gift is defined as any benefit, favor, service, privilege or thing of value that could be interpreted as influencing an employee’s impartiality. A gift includes, but is not limited to, meals, trips, money, loans, rewards, merchandise, foodstuffs, tickets to sporting or cultural events, entertainment, and personal services or work provided by City suppliers or contractors. This policy is not intended to prohibit the acceptance of items of nominal value that are distributed generally to all employees. A determination as to whether this policy has been violated is in the City’s sole discretion.

M. TOBACCO POLICY

The City of Chattanooga is committed to promoting a healthy environment for its staff and visitors without the hazards associated with tobacco products. The use of tobacco and non-tobacco products designed and used as a substitute for a tobacco product; including but not limited to cigarettes, cigars, pipes, electronic cigarettes (e-cigarettes), vaporizing devices, smokeless tobacco, snuff and chewing tobacco is prohibited in any enclosed areas of City buildings. This includes, but is not limited to, common areas, hallways, meeting rooms, offices, restrooms and City vehicles and equipment, as well as any area enclosed by garage type doors on one or more sides when all such doors are completely open. Tobacco users are responsible for ensuring that all tobacco activity, including the lighting and discarding of cigarettes, takes place at least fifty (50) feet from the doors, windows and ventilation systems of City of Chattanooga buildings to avoid
infiltration of smoke into the buildings and only during approved break or lunch periods. All materials used for tobacco, including cigarette butts and matches, should be extinguished and disposed of in appropriate containers. Violators of this policy are subject to disciplinary action.

The City’s onsite wellness center offers a Tobacco Cessation Program for employees covered by the City’s health plan. Additionally, the Tennessee Tobacco Quitline is a toll-free telephone service that provides personalized support for Tennesseans who want to quit the use of Tobacco. Employees may call the Tennessee Tobacco Quitline at 1-800-QUIT-NOW (1-800-784-8669) or online coaching is available at www.TNQuitline.com.

1. Personnel action forms noting position and wage information;
2. Performance evaluation forms and other documentation related to an employee’s job performance;

Medical information obtained from City provided medical examinations are the property of the City of Chattanooga. Inquiries will be maintained in a confidential file.
system separate from an employee’s official personnel record. Information may include without limitation the following: benefit documentation such as health insurance and retirement forms, fitness for duty examinations, drug testing results, medical information related to leaves of absence, inoculation records, etc. These documents will be maintained in a confidential file system that is not open for public inspection. Injury on Duty (IOD) documents will be maintained in the same medical file system under separate cover. These procedures are in accordance with the confidentiality requirements of the Health Insurance Portability and Accountability Act (HIPAA), Americans with Disabilities Act (ADA), Family Medical Leave Act (FMLA), rules and regulations of the Equal Employment Opportunity Commission (EEOC), and the Tennessee Open Records Act (TORA).

Each employee is responsible for updating personal information in his/her personnel file by notifying the Human Resources Department of any information changes. The City shall not be held liable when incorrect withholding, wrong beneficiaries, or loss of employee benefits result from the failure of any employee to keep personnel records current.

**The following basic principles will be applied in collecting and retaining personal information:**

1. The Human Resources Department may maintain a complete (master) file of each employee’s records, which will contain necessary information, as determined by the Chief Human Resources Officer.
2. All documents maintained in the employee’s official personnel file are subject to the records retention periods set forth in the City’s Records Retention Schedule.
3. Each Department Head or designee may maintain a secure file on each employee that includes performance evaluations, attendance records, notes, memos, letters, or other information related to an employee’s employment history. However, all of these documents must also be forwarded to the Human Resources Department in a timely manner for inclusion in the employee’s official personnel file.
4. Payroll data may be kept separately from the human resources file and the departmental file, although both may include information about an employee’s salary history.
5. Employee information may be collected from employees whenever possible, but the City may use outside sources for other information.
6. Information in the personnel file, including salary information, shall be given to prospective employers, lending institutions, and other persons and entities seeking information for employment, credit or other business purposes with a written request from the employee. Under Tennessee laws, personnel records are considered public records under TORA and may therefore be inspected, extracted, or copied by any citizen of the state during normal business hours.
The Human Resources Department requires that a request for inspection or copying any personnel file be directed to the Office of the City Attorney, Public Records Officer. Tennessee residents shall be required to make an appointment, and show identification verifying state residency. A designated HR representative shall be present at all times when any personnel file is reviewed. Pursuant to T.C.A. §10-7-504, portions of an employee’s personnel record and information submitted by applicants shall be treated as confidential and not open for public inspection. Confidential information includes social security numbers, home addresses, home and personal cellular telephone numbers, personal or non-government email addresses, bank account information, performance evaluations, and driver’s license information, except where driving or operating a vehicle is part of the employee’s job description or job duties or incidental to the performance of their job, and medical records of employees receiving medical treatment, in whole or in part, at the City’s expense. The same information concerning the employee’s immediate family or household members is also considered confidential with restricted access.

1) **EMPLOYEES’ ACCESS TO PERSONNEL RECORDS AND MANAGEMENT FILES**

Under normal circumstances, employees may have access to their personnel files. The basic guidelines for access are as follows:

1. Employees may review their personnel file. If the employee disagrees with any information found therein, the employee may place a written disagreement, which will be attached to the specific document, in the files;
2. An employee desiring to access the personnel file of another employee must follow the procedures for open records requests; and
3. When employees wish to review their personnel files, they may submit a written request to the Human Resources Department at least twenty-four (24) hours prior to the requested review date.

Employees must review the file in the presence of a designated HR representative. Employees may take notes and may request a copy of any of the file’s contents subject to the City’s policy on copy charges. Any questions about the information’s accuracy shall be referred to the Human Resources Department. Employees may submit a note of disagreement to the Human Resources Department and a form on which disagreements may be expressed shall be provided.

2) **MANAGEMENT ACCESS TO PERSONNEL FILES**

Individuals in an employee’s direct chain of command, employment counselor, and other Human Resources Department personnel in the course of their duties may be given access to an employee’s personnel record without notification to the employee.
3) DISCLOSURE OF EMPLOYEE RECORDS AND INFORMATION

The content of employee personnel files is open to public inspection under the Tennessee Open Records law; however, some personal information has been deemed confidential under state and federal law. Only the Chief Human Resources Officer is authorized to disclose information about employees to outside inquirers. Confidential information shall only be disclosed under the following circumstances:

1. Properly identified and duly authorized law enforcement officials when investigating allegations of illegal conduct by employees;
2. Legally issued summons or judicial orders, including subpoenas and search warrants; and
3. Others as legally allowed by state and federal law.

Inquiries for detailed employment information or public inspection of employee records shall be made in writing and directed to the City Attorney’s Office who will then forward the request to the appropriate departments. Police Department Records and Reports may be exempt by reason of certain regulations, and all requests will be reviewed by the Chief of Police on a case by case basis, and will comply with Tennessee Law. The appropriate personnel shall respond to requests as promptly as possible, and then the City shall make the record available within seven (7) business days, deny the request in writing, or furnish the requestor a completed records request response form stating the time reasonably necessary to produce the record or information.

Confidential information will be redacted out of any personnel files that are requested for inspection, as per Tennessee Law. Adequate time will be allotted to allow for redaction of such information as allowed by law. All requests will be completed promptly, and in a responsive and timely manner.

In all such matter, the employee will be notified within seventy-two (72) hours of the records request. Exceptions may be made to release limited general information, such as the following:

1. Employment dates;
2. Position title; and
3. Work location.

0. ETHICS

The Code of Ethics applies to all City employees, including elected and appointed officials and employees. It is essential that the highest ethical standards be maintained by the City to ensure the proper performance of government business and to instill confidence in the citizenry regarding the operation of government. It is also important to provide clear guidance to employees at every level of government about the standards to which they
should adhere regarding the acceptance of gifts and conflicts of interest.

Each employee shall avoid any action which might result in or create the appearance of:

1. Using a public office for private gain;
2. Preferential treatment to any person in contradiction with the best interests of the City;
3. Impeding government efficiency or economy;
4. Failing to maintain appropriate independence or impartiality; and
5. Affecting adversely the confidence of the public in the integrity of the City of Chattanooga.

It is the duty of every City employee to report, directly and without delay, to their supervisor, Chief Ethics Officer (City Attorney), or City Auditor any and all information concerning conduct which they know or should reasonably know to involve corrupt or other criminal activity by: An official or employee, which concerns his or her office or employment or persons dealing with the City, which concerns their dealings with the City.

The knowing failure of any official or employee to report as required above shall subject the official or employee to disciplinary action. A report made to the ethics hotline shall be considered a report to the City Auditor.

**ETHICS PLEDGE**

The following persons shall comply with the requirements of this Section:

1. Any person who serves as an employee in the Office of the Mayor or any Administrator or Director reporting to the Mayor; and
2. Any person who is appointed by the Mayor to a statutory board, commission, authority, or agency on or after February 4, 2014.

As a condition of employment or appointment, any person meeting the requirements above shall sign, and upon signing shall be contractually committed to the following pledge:

“As a condition, and in consideration, of my employment or appointment by the City of Chattanooga in a position of the public trust, I hereby acknowledge and agree to abide by the City of Chattanooga’s Code of Ethics which I understand is binding on me. I understand that the terms of this pledge are in addition to any statutory or other legal restrictions applicable to me by my government service.”

Any person required to sign a pledge under this Section shall file such pledge with the Chief Ethics Officer within fourteen (14) days of commencing employment or appointment.

Any department of the City may establish such additional ethics guidelines and standards consistent with this policy as may be lawfully applied and may in the opinion of
the Department Head be appropriate for the proper operation of the department. Further, the Chief Human Resources Officer and the Chief Ethics Officer must approve additional ethics guidelines and standards. Such additional standards should also be filed with any other person required by law as soon as practicable after adoption.

**P. TECHNOLOGY USE AND EXPECTATIONS**

Computers, the Internet, e-mail and other technology should be used to maximize the City's efforts in serving its citizens. It is every employee's duty to use the City's computer resources and communication devices responsibly, professionally, ethically and lawfully. All employee correspondence in the form of electronic mail, including computers, computer files, software, Internet access, voice mail, texts and other communications, are public records under the Tennessee Public Records Act and may be subject to public inspection under the law.

Use of City owned technology is a privilege that may be restricted or revoked at any time. Users expressly waive any right of privacy in anything they create, store, send or receive using technology and consent to allowing the City to access and review all materials users create, store, send or receive using technology.

Material that is, or could reasonably be regarded as, derogatory or discriminatory on the basis of age, sex, race, color, religion, disability, national origin, protected veteran or military status, sexual orientation, gender identity, ethnic origin, political affiliations, genetic information, marital status or any other protected basis in accordance with applicable federal, state and local laws, or is fraudulent, harassing, embarrassing, sexually explicit, profane, obscene, intimidating, defamatory or otherwise unlawful, may not be sent, displayed or stored by any method of City owned or approved technology.

All City employees are expected to follow the rules, regulations and procedures outlined in the IT Comprehensive Technology Use Manual. Employee violations of any of the provisions outlined in this policy and/or the IT Comprehensive Technology Use Manual may be subject to disciplinary action.

**Q. RECOGNITION OF EMPLOYEES REPRESENTATION GROUPS**

While employees have the right to join labor organizations, union activity shall not interfere with the proper and sound operations of the City. Department Head or designee approval shall be required for union activities during working hours.

Meetings between City employees and union representatives shall be before or after regular scheduled working hours and during breaks and lunch periods unless otherwise approved by the Mayor or designee. City equipment and materials may be used to conduct union business with prior approval from the Department Head or designee. No City employee shall be a party to, participate in or instigate a strike against the City.
R. WHISTLE BLOWER PROTECTION

The purpose of this policy is to establish protection by confidentiality for City employees who report illegal, improper, wasteful or fraudulent activity in good faith.

1) CONFIDENTIAL REPORTS

All City officials, appointees, and employees are required to report any instances of suspected waste, abuse, fraud or other illegal acts upon becoming aware of such suspect activity or issues within City government.

The City maintains a telephone hotline number providing any employee, vendor, or member of the public the ability to anonymously and confidentially report any suspected fraud, waste, abuse, illegal or unethical behavior. The hotline is operated by a third party with no caller ID function and no web tracking features. This hotline number is 1-877-338-4452. The Audit Committee has oversight of the hotline's administration. In addition to a telephone hotline, online reporting is available via the portal link on City’s website to EthicsPoint. The City Auditor may also be contacted via e-mail ssewell@chattanooga.gov. The City’s Chief Information Officer shall ensure a prominent link to the City’s hotline information is posted on the City’s main web page.

The audit working papers of the internal audit staff including those regarding illegal, improper, wasteful or fraudulent activity or any investigation of illegal, improper, wasteful or fraudulent activity are confidential pursuant to T.C.A. §4-3-304(7) and T.C.A. §10-7-504(a)22, and, therefore, not open to public inspection. This law is a tool the City’s internal audit function can utilize to maintain confidentiality. However, employees must recognize that there are no guarantees that confidentiality will be absolute. An example of when such confidentiality may be breached would be by order of the court. For employees wishing to minimize such risks further, the hotline does allow for anonymity. However, even though the hotline provides for anonymity, once an investigation begins, it is possible that co-workers or others who are familiar with the situation may be able to guess the reporters identity.

While an active investigation is being conducted, the Audit Committee shall keep all information confidential. When an investigation results in a criminal indictment or arrest, it shall be considered active until disposed of by the judicial system. This shall not be construed to limit those conducting an actual investigation from revealing or discussing information as necessary to facilitate said investigation.

Nothing in this policy shall be construed to limit, discourage, or prevent employees from reporting inappropriate or unethical activities directly to their supervisor, Administrator, the Mayor, the Human Resources Department or the Office of Internal Audit. Upon being notified of or becoming aware of suspected waste, abuse, fraud, or other illegal acts by a subordinate, the supervisor must report the issue to the Office of Internal Audit directly.
or via the City's hotline.

2) **EMPLOYEE PROTECTION**

Employees of the City of Chattanooga shall be protected from being disciplined, discharged, or subjected to threats thereof, or otherwise discriminated against in retaliation for bringing forth, in good faith, charges of fraud, unlawful conduct, unethical conduct, or conduct in violation of any City policy, directive, ordinance, or Charter provision by any official, employee, appointee, contractor, or vendor of the City.

Good faith is established if an employee had a reasonable belief that an official, employee, appointee, contractor, or vendor of the City engaged in fraud, unlawful conduct, unethical conduct, or conduct in violation of a City policy, directive, ordinance, or Charter provision. An employee will not have protection under this Section if they were the subject of an ongoing or existing disciplinary action or investigation prior to filing a report of fraud, unlawful conduct, unethical conduct or conduct in violation of any City policy, directive, ordinance, or Charter provision.

An employee who knowingly or with reckless indifference to the truth, makes a false report shall be subject to disciplinary and legal action.

Employees who believe they have suffered retaliation must file a detailed written report within thirty (30) days from the date of the alleged retaliatory action or when the employee first had knowledge of alleged retaliatory action. The report must be filed with the City Auditor, the Chief Human Resources Officer, and the Chair of the City Council. The written report must include all the relevant facts concerning the alleged retaliatory action including:

1. The name and work address of the complainant;
2. The name and title of each City employee against whom the complaint of retaliation is made;
3. The specific type and date of retaliation;
4. A statement as to the facts that form the basis of the complaint of retaliation; and
5. A statement of the complainant's explanation of how his/her reported allegation of fraud or misconduct and/or participation in an investigation, proceeding, or hearing is related to the retaliation.

All complaints alleging retaliation shall be promptly investigated by the Human Resources Department. However, the Office of Internal Audit shall not be prevented from conducting an investigation. In the event that the City Council determines that an investigation conducted by City staff would present a conflict of interest, an independent investigator may be appointed by the Audit Committee.

Those involved in initiating, recommending, imposing and/or implementing disciplinary action against the employee shall not be in violation of this Section if they can demonstrate they had no knowledge that a report of fraud, unlawful conduct, unethical conduct, or conduct in violation of any City policy, directive, ordinance, or Charter provision had been
filed by the employee prior to initiating disciplinary action against the employee.

S. REPORTING ARRESTS, CHARGES OR INDICTMENTS

1) REPORTING REQUIREMENTS

Any City employee arrested, charged or indicted for a crime, other than a minor traffic offense, shall report such arrest, charge or indictment to their respective Department Head within one (1) business day. In the case of an employee who is incarcerated, a member of his/her immediate family shall contact the Department Head on behalf of said employee. Failure to report an arrest, charge or indictment for a crime within the time specified shall result in disciplinary action up to and including termination of employment.

In addition, any City employee whose job classification requires a medical license, must also follow the T.C.A §68-140-311, relative to medical services for reporting convictions to the Tennessee Emergency Medical Services Board.

Employees are required to provide documentation for an arrest or charge for a Class A misdemeanor or felony upon request to the Department Head.

Employees charged or indicted with a crime shall be required to inform their Department Head within one (1) business day on the outcome of the criminal case.

2) ARRESTS, CHARGES OR CONVICTIONS RELATED TO DUTIES OR RESPONSIBILITIES OF EMPLOYEES

In the event a nexus occurs between the nature of the arrest, charges or indictment to the employees' duties and responsibilities of their position, the Mayor or Department Head shall have the option of terminating the employment of said employees. A judgment on a verdict or a plea of guilty or nolo contendere for employees arrested, charged or indicted for a Class A misdemeanor or a felony shall result in termination of employment. Any employee convicted of any misdemeanor committed in the course and scope of his or her duties as a City employee shall be subject to disciplinary action. Such disciplinary action may include dismissal if in the opinion of the Mayor or the Department Head, after taking all mitigating factors into consideration, the conduct of the employee requires dismissal. Any employee convicted of a misdemeanor and incarcerated for fifteen (15) consecutive days or more shall be dismissed.

3) OTHER ARRESTS, CHARGES AND INDICTMENTS

Any such employee arrested and charged with a Class A misdemeanor or felony shall be placed on administrative leave with pay for a maximum of eight (8) business days to allow the City time to review the nature of the crime, the facts and circumstances.

If the nature of the crime, the facts and circumstances are substantiated by the City, employees arrested, charged or indicted for a Class A misdemeanor or a felony shall be
placed on leave without pay. The period of leave without pay for employees arrested, charged or indicted on criminal charges shall not exceed six (6) months. In extenuating circumstances, an employee may request a thirty (30) day extension of leave without pay up to a twelve (12) month maximum of leave without pay. The request must be authorized by the Department Head. At the conclusion of the leave period, the Department will determine whether disciplinary action is warranted.

If any employee is found guilty of a Class B or greater misdemeanor which would have otherwise disqualified such employee for employment in the position currently occupied, such employee shall be subject to disciplinary action or an employment status change to another employment position, if available, for which such employee is qualified notwithstanding the misdemeanor conviction.

Any employee who commits a verifiable action based on gross misconduct shall be dismissed.

If an employee has a Class A misdemeanor or felony charge reduced to a lesser misdemeanor charge, disciplinary action may be taken against the employee. If an employee is arrested, charged or indicted on a Class A misdemeanor, a felony or any other misdemeanor has said charges dismissed for whatever reason and is on a leave with or without pay, such employee shall be returned to duty unless there is sufficient evidence to show that the employee is not a fit or suitable employee, then he or she shall be dismissed.

An employee placed on unpaid leave for up to six (6) months of time immediately following an arrest, charge, or indictment shall have the maximum of six (6) months of back pay or leave restored if charges are dropped or is found not guilty. This provision shall not apply if an employee pleads guilty or enters into a plea agreement on said charges.

If a former employee arrested, charged or indicted on a Class A misdemeanor, a felony or any other misdemeanor has said charges dismissed for whatever reason and was terminated, such employee may apply for an available advertised position for which he/she meets the minimum qualification and shall be treated as any other applicant.
SECTION X – SEPARATIONS

A. TYPES OF SEPARATIONS

All separations of employees from positions with the City shall be designated as one of the following types and shall be accomplished in the manner indicated: resignation, reduction-in-force, disability, retirement, death and dismissal. At the time of separation and prior to final payment, all records, assets, and other City property in the employee's custody must be returned to the department. Any amount due because of shortages shall be withheld from the employee's final compensation. Reimbursement cannot result in the employee being paid less than the federal minimum wage.

B. RESIGNATIONS

Resignation occurs when an employee chooses to end employment with the City. In such a case, employees will be expected to return all City equipment assigned. An unauthorized absence from work for a period of three (3) consecutive working days may be considered a resignation as a result of job abandonment.

C. REDUCTION-IN-FORCE

Department Heads have been charged with the responsibility of restructuring their departments to eliminate those positions not essential to the mission of the department. A goal is to accomplish the reduction in force without any change in the level of services rendered to the citizens of Chattanooga. This may require a reorganization of the responsibilities of those employees who remain.

Any City employee may be laid off for lack of work or lack of funds without a reflection on his/her standing. At least two (2) weeks' written notice of the effective date of the layoff shall be given to each employee affected, with the exception of seasonal or temporary employees, specifically stating the reason for the layoff. Such notice shall be signed by the Department Head or designee.

Regular employees shall not be laid off until all part-time, temporary and seasonal employees occupying the same class are laid off, unless the non-regular employees' jobs are not funded solely by the City. Employees affected by the reduction in force may apply for consideration for other vacant positions for which they qualify. Affected employees may also apply for employment with the City for any advertised vacancy for which they are qualified, including internal job postings for a period of two (2) years from the reduction in force.

The primary criterion for selection of those positions and employees affected by the reduction in force is based on whether the positions are critical to meeting the goal of maintaining the current level of service. Evaluation records may be used in determining which employees shall be laid off when two (2) or more employees are basically qualified.
to fill one (1) position. Also, seniority may be used as a criterion, at the discretion of the Mayor, or any other objective criteria that has a rational basis and is not inconsistent with state or federal law.

Nothing in this policy limits in any way an employee’s right to retire, resign or to utilize the City’s grievance policy. An employee notified of his/her dismissal shall be provided the opportunity for an informal hearing before the Department Head while in a pay status. The only issue relevant in such a hearing is the City's failure to comply with the criteria and procedures set forth in this policy or other applicable law. The employee and his/her representative shall be afforded the opportunity to explain why they should not be terminated. The Department Head shall provide a written response to the issues raised by the employee.

D. DISABILITY

Disabilities may arise for employees from injuries suffered on or off the job or from medical conditions that may or may not be related to the job. If an employee is unable to return to work release and has exhausted all available leave whether paid or unpaid; employment will be terminated subject to evaluation by the Human Resources Department.

E. RETIREMENT

Retirement is defined as voluntary withdrawal from City employment by an employee eligible to receive retirement.

The employee who wishes to commence retirement should give notice to his/her supervisor to initiate the separation from service. The notice should give the supervisor ample time to make arrangements for the work of the departing employee to be done.

1) GENERAL PENSION PLAN

A participant who reaches one of the following milestones may elect to retire.

1. Has attained the normal retirement age sixty-two (62) or greater,

2. Has vested and has decided to terminate early and commence retirement at some point between the age of fifty-five (55) and the normal retirement age of sixty-two (62) with a reduced benefit, or

3. Has fulfilled the requirement for 'Rule of 80' retirement and has elected to retire prior to the normal retirement age of sixty-two (62) with full benefits.

2) FIRE AND POLICE PENSION PLAN

A participant in the Fire and Police Pension Plan will need a minimum of twenty-five (25) years of pension credit service to retire with unreduced benefits. There are additional accruals to the formula for each year of additional service up to thirty (30) years. Additional
restrictions based on age or retirement with reduced benefits may apply. Please refer to the Summary Plan Description for more details.

The employee wishing to retire should make an appointment with the Plan Administrator for the pension plan in which he or she participates to review current benefit calculations and explore options.

When an employee becomes vested in the General Pension Plan, after earning 60 pension credits, he or she may contact the Human Resources Pension Analyst to obtain current benefit projections or use the calculator available on the website www.chattanooga.gov/general-pension-plan to estimate the future retirement benefit under various scenarios.

If the employee has questions about the benefit program or specific benefits, he or she may contact as appropriate the Pension Analyst or the Employee Benefits office.

For employees qualifying for a DROP, there is a required form indicating how the DROP benefit will be paid – either as a lump sum or a rollover to a traditional IRA or similar tax deferred account. Benefits are taxed immediately in the lump sum election but taxes continue to be deferred until funds are withdrawn in the rollover election. Please refer to the plan booklet or description for your pension plan for information on DROP benefits.

For employees qualifying for continuation of health insurance benefits into retirement, there is a form providing the rate quote for the benefit election at retirement to authorize deduction of the premium from the retirement benefit payment. Please refer to the material for Retiree Health Benefits in the Employee Benefits section of this Guide.

An employee who has vested his/her benefit in the General Pension Plan and transfers employment under provisions of the Fire and Police Pension Plan will have the right to vest in the Fire and Police Pension Plan with five (5) years of pension credit service. Contact the Pension Office at (423) 893-0500 or www.cfppf.org for details.

**F. DEATH**

When the unexpected death of an active employee occurs, the employee will be separated from service effective on the date of death of the employee. Certain benefits based upon employment may be payable:

1. Tennessee law provides that an employee may designate a beneficiary to receive payment for any remaining wages owed at the time of death. All unpaid compensation shall be paid to the employee’s designated beneficiary(ies) according to the designation on the Wages Payable Upon Death form. In the absence of a designated beneficiary, amounts due shall be paid to the estate of the employee, except for any amounts that by law must be paid to the surviving spouse.
2. Death benefits payable under the City’s Group Term Life Insurance Plan and the Accidental Death and Dismemberment Rider, if applicable, will be paid to the designated beneficiary(ies) in a timely manner after the date of death and upon receipt of the appropriate documentation.

The deceased employee may have been a participant of either the General Pension Plan or the Fire and Police Pension Fund. Death benefits may be payable from the pension plan depending upon the status of the employee in the plan.

1) GENERAL PENSION PLAN

If a participant in the General Pension Plan dies before he or she has a vested benefit in the plan, the beneficiary is entitled to the return of contributions the participant made into the pension plan.

If a participant in the General Pension Plan dies after he or she has a vested benefit in the plan, and the participant has completed a pre-retirement option election, then the retirement benefit will be calculated according to that optional payment election. If no pre-retirement election has been made, the beneficiary is entitled to receive either the return of contributions the participant made to the pension plan or an annuity payable for ten years calculated as if the participant had elected a life annuity with ten years certain as the retirement benefit. The benefit shall be payable as though he or she had been entitled to have the optional benefit commence on their date of death.

2) FIRE AND POLICE PENSION PLAN

Beneficiaries of sworn Firefighters and Police Officers who are participants of the Fire and Police Pension Fund are eligible for a ten-thousand dollars ($10,000.00) lump sum death benefit through the Fund. Participants must notify the Fire and Police Pension Fund of any changes in beneficiary in writing and complete the appropriate form(s). Contact the Fund office at (423) 893-0500 or www.cfppf.org with any questions. Additional periodic death benefits may be available to the spouse or dependents of participants in accordance with current Pension legislation.

G. EXIT INTERVIEWS

All employees who are separating from employment with the City are encouraged to schedule an exit interview with the HR & Employee Relations Specialist in the Human Resources Department. The employee may complete an in-person interview or complete a paper or online exit interview survey. The purpose of exit interviews is to ascertain information pertaining to the employees’ experiences and the factors that contributed to their leaving the City. Data from exit interviews may be used to help improve human resource management practices such as recruiting, training, and working conditions. Additionally, the exit interview provides information that may show trends in voluntary terminations and help guide efforts to improve areas that may be leading to turnover.
### II. TERMINATION OF EMPLOYMENT RELATIONSHIP

An employee who desires to resign in good standing is encouraged to submit a written resignation at least two (2) weeks in advance, setting forth his/her reasons for resigning.

Whether or not the two-week notice will be honored is at the Department Head’s discretion. Insofar as feasible, when a resignation with sufficient notice has been received by the Department/Division, the notice and the HR Termination form should be forwarded to HR immediately. In the event when a resignation is not available or resignation without a notice occurs, HR must be notified within twenty-four (24) hours or the next business day.

Any question regarding employment should be directed to the Human Resources Department.

SECTION XI – COUNSELING, DISCIPLINE AND GRIEVANCE POLICIES

A. COUNSELING

Supervisors are expected to provide timely and appropriate feedback to employees when performance tasks or behavior becomes a concern. This feedback is usually verbal, specific and held in a confidential setting. If a pattern of poor performance continues, or if an employee is unaware or needs clarification of a procedure, policy or process the supervisor may document the concerns in a Letter of Counseling. The Letter of Counseling is not considered to be discipline but failure to make improvements or continued lack of understanding may require a Performance Improvement Plan (PIP) and/or will begin the Progressive Corrective Action Process. A Letter of Counseling will be administered by supervisors to assist employees with performing their jobs properly. A rule violation which reflects a work performance, conduct, or attendance problem may be the subject of a Letter of Counseling. The object is to communicate to the employee that a problem exists and develop effective solutions to the problem. The supervisor will maintain a copy of the Letter of Counseling in the supervisor’s departmental file and forward the original to Human Resources for inclusion in the employee’s personnel file. If a Letter of Counseling is administered, the supervisor shall provide follow up documentation within six (6) months of the Letter of Counseling to track progress and document performance improvement or continued areas for improvement.

1) PERFORMANCE IMPROVEMENT PLAN (PIP)

The Performance Improvement Plan (PIP) is a proactive approach to identifying, analyzing, and addressing performance issues before they deteriorate to the point of necessitating corrective action. The PIP is designed to facilitate constructive discussion between an employee and his/her supervisor and to clarify the work performance to be improved. A PIP is not a required part of the Progressive Corrective Action Process. A PIP may be used as a coaching tool for employees with performance concerns that do not warrant the Progressive Corrective Action Process, or may be used in conjunction with the Progressive Corrective Action Process if additional assistance is necessary in assisting the employee to meet performance objectives. The Chief Human Resources Officer or designee may be consulted in the development and implementation of a PIP as needed.

a) The PIP process should address performance discrepancies, provide the employee an opportunity to improve his/her performance, and monitor progress throughout the established improvement period.

b) The goals and objectives of the PIP should be measurable, specific, achievable, relevant and time-bound.

c) While a PIP is in place, the supervisor will meet with the employee on established periodic review dates to discuss progress made toward stated performance goals and objectives.
A PIP will remain in effect for the length of time deemed appropriate based on the improvement goals and standards necessary to meet a satisfactory level of performance, which generally should not exceed ninety (90) days. A PIP will remain a permanent part of the employee’s official personnel file.

**B. DISCIPLINARY ACTIONS**

Disciplinary action is necessary from time to time in order that the City operate in an effective and efficient manner. Disciplinary action may take the following recognized forms: Progressive Corrective Action, suspension, demotion, or dismissal. Disciplinary action up to and including dismissal may be taken for any just cause including, but not limited to, the following:

1. Incompetence or inability to perform duties of position.
2. Inefficiency or negligence in the performance of one’s duties, abusive or negligent use of tools or equipment and/or careless or blatant waste of materials.
3. Theft, unauthorized removal, wrongful possession, or deliberate destruction of property, merchandise, equipment, or possessions belonging to citizens we serve, fellow employees, or the City.
4. Unlawful manufacture, distribution, dispensation, possession, sale, purchase or use of illegal drugs, controlled substances, or alcohol while on the job, on City owned or leased property or while operating City owned, leased, or controlled equipment or vehicles.
5. Fighting with, abusive or threatening conduct or speech toward any citizen we serve, fellow employees or supervisors.
6. Insubordination or refusal to obey or willful failure to carry out verbal or written instructions of supervisory personnel.

9. Possession or use of a firearm, illegal knife as defined by Tennessee law, explosive, and other prohibited weapon of any kind while on City owned, leased, or controlled property, or while operating City owned, leased, or controlled vehicles.

Under Tennessee law, however, employees who have valid handgun carry permits are allowed to bring a firearm and ammunition onto the City’s parking lot provided that the firearm and ammunition are kept in the employee’s vehicle in accordance with T.C.A. §39-17-1313.

The firearm and ammunition, however, may not be removed from the vehicle while it is on City property. Removal of the firearm and ammunition from the
vehicle may result in discipline, up to and including immediate discharge. The City will not discharge or take any adverse employment action against an employee solely for transporting or storing a firearm or firearm ammunition in an employer parking area in a manner consistent with T.C.A.§ 39-17-1313(a).

10. Falsification or alteration of any official document, form or City record including time records, employment application, etc.
11. Excessive absenteeism or tardiness.
12. Unauthorized absence from the work area or unauthorized extended lunch or break periods.
13. Job Abandonment: unreported or improperly reported absences of three (3) consecutive scheduled workdays without directly notifying the appropriate supervisor on duty. This form of separation will be considered and reported as a voluntary resignation.
15. Dissemination of false or malicious information about the City, employees or the citizens we serve.
16. Sleeping during working hours.
17. Gambling on City premises or while conducting City business.
18. Substantiated acts of willful harassment including such conduct as slurs, jokes, intimidation, or other verbal or physical attacks upon a person for any reason.
19. Substantiated acts of discrimination that denies equal treatment in all terms, conditions, and privileges of employment as defined by applicable Civil Rights Laws.
20. Participating in a strike, work stoppage, work slow-down, sick-in or other so called job actions.
21. Conviction, plea of guilty or nolo contendere of a felony or misdemeanor or any activity that is inconsistent, incompatible or in moral, legal or technical conflict with the employee’s duties, functions and responsibilities as a City employee.
22. Engaging in conduct or acting in any manner, on or off duty that is unbecoming a public employee.
23. Failure to report reasons for absence or tardy on a timely basis and/or disregard for department time reporting procedures.
24. Failure to wear appropriate clothing or appearance on the job in consideration of safety, sanitation, and public contact.
25. Unauthorized distribution of literature and/or soliciting during working hours and during working time.
27. Violation or failure to follow the guidelines in this Guide or any department
or City policy, procedure, ordinance, rule, regulation or law or violation of any applicable state law, rule or regulation subject to the provisions of these personnel policies.

1) PROGRESSIVE CORRECTIVE ACTIONS

When an employee’s performance warrants formal disciplinary action, the supervisor may discipline the employee using a system of progressive corrective actions. This system of progressive corrective action is used to bring unacceptable conduct or failure to meet performance standards and expectations to the employee’s attention and seek a solution that will lead to the employee’s success. While this is designed to be a progressive process, some corrective action steps may be skipped depending on the severity of the performance issue. Department Heads also have the ability to discipline employees for more serious offenses through other means of disciplinary actions covered in this policy.

Progressive Corrective Action may result from an accumulation of minor infractions, from a single infraction, or the employee’s failure to meet performance standards and expectations. Corrective Actions are to be initiated by the employee’s supervisor in a timely manner and as soon as reasonable and will be reviewed by the appropriate Department Head prior to filing in the employee’s personnel file.

Steps in Progressive Corrective Action Process:

First Written Reprimand

A supervisor shall meet with the employee, discuss the performance concern, and work together to find a solution. This solution will be documented in the First Written Reprimand and signed by both the supervisor and the employee. If the employee refuses to sign the document, the supervisor must make a statement to that fact on the document and initial. The employee will receive a copy if requested and the original will be filed in the employee’s personnel file.

Second Written Reprimand

A new or repeated infraction will be documented on the Second Written Reprimand and signed by both the supervisor and the employee. If the employee refuses to sign the document, the supervisor must make a statement to that fact on the document and initial. The employee will receive a copy if requested and the original will be filed in the employee’s personnel file.

Suspension

If unacceptable conduct continues or any other policy violations occur, an unpaid suspension of up to thirty (30) days may be issued by the supervisor.
**Dismissal**

If unacceptable conduct continues or any other policy violations occur, the final step in the Progressive Corrective Action Process is dismissal.

Supervisors will always consult with the Chief Human Resources Officer or designee in determining the appropriate steps for corrective action. The steps, as listed, should normally be followed in order. There may be severe infractions or performance issues that may cause a supervisor to skip steps in this process, or if the performance issue is of a serious offense, to pursue other disciplinary measures such as suspension, demotion or immediate dismissal options. On these occasions the Department Head may initiate appropriate disciplinary measures and the Chief Human Resources Officer and Chief Operating Officer or designee will be consulted prior to taking action.

In accessing an employee’s personnel file to determine the next step in the Corrective Action Process, the supervisor shall review and determine if the employee has any documented corrective actions within the previous twelve (12) months. Any corrective action older than twelve (12) months generally will not be considered in the Progressive Corrective Action process. However, if there is evidence of a pattern of behavior, all corrective actions may be considered in determining the appropriate step in the Corrective Action Process. The corrective action documents will not be removed from any personnel file unless the action is reversed by the Department Head, the Grievance Review Committee, or an Administrative Law Judge with documentation provided.

### 2) DISCIPLINARY ACTIONS – SERIOUS OR REPEAT OFFENSES

The Progressive Corrective Action process does not eliminate the need for more punitive actions if the employee fails to make needed changes in his/her work performance. The circumstances surrounding an offense, such as the severity of the misconduct, the number of times it has occurred and any previous counseling, may suggest what action may be taken.

No City employee may be demoted, suspended or dismissed for political reasons or for any other unjust or arbitrary cause, or because of age, sex, race, color, religion, disability, national origin, protected veteran or military status, sexual orientation, gender identity, ethnic origin, political affiliations, genetic information, marital status or any other protected basis in accordance with applicable federal, state and local laws. This provision may not be interpreted to prevent the separation of an employee because of lack of funds or curtailment of work.

The Mayor or Department Head may, for just cause, discipline any City employee. Such disciplinary action may include demotion, suspension and / or dismissal. Unless otherwise provided in this Section, no such punitive suspension shall not exceed thirty
(30) calendar days. The Department Head shall consult with the Chief Human Resources Officer or designee when disciplinary actions such as demotions, suspensions or dismissals may be warranted. Any demotion, suspension or dismissal of a City employee shall be reported to the City Council. No employee in the classified service, excluding probationary employees, may be demoted involuntarily, suspended, or dismissed without having the opportunity to have a hearing before their Department Head or designee in which such employee shall be advised of the charges of misconduct and in which the employee shall be afforded an opportunity to be heard in response to such charges. The Chief Human Resources Officer or designee shall have the opportunity to be present at all Disciplinary Hearings.

A City employee who is demoted, suspended or dismissed shall be furnished with written charges within three (3) business days from such disciplinary action that specifically states the offenses with which such employee is charged. The statement of written charges shall be signed by the Department Head or designee, except that such charges as to the departments of fire and police must be signed by the Department Head. A copy of the written statement shall be placed in the employee’s official personnel file.

**Demotions**

A Department Head may demote an employee to a vacant position in a lower pay grade for which the employee is qualified within the employee’s department or within the City if a position is available after a Disciplinary Hearing. If the demotion is to a position outside the Department Head’s responsibility, the Chief Human Resources Officer and both Department Heads shall collaborate to ensure the demotion is appropriate.

**Suspension**

A Department Head may suspend an employee without pay for up to thirty (30) work days following a Disciplinary Hearing. PTO (paid time off) may not be taken in lieu of disciplinary suspension without pay.

**Dismissal**

Disciplinary separation from employment results when an employee does not immediately improve and maintain an overall satisfactory work record following lower levels of discipline or when an employee commits an act so serious that corrective discipline is inappropriate. Any employee who commits a verifiable action based on gross misconduct may be immediately placed on administrative leave with pay for up to five (5) business days by the Department Head or designee pending a Disciplinary Hearing.

**Last Chance Agreement**

When an employee’s commitment to improve is not immediately met and sustained during the Progressive Corrective Action Process and dismissal is imminent after a
Disciplinary Hearing, the Department Head or his/her designee may offer the employee the opportunity to correct unacceptable behavior(s) in lieu of dismissal by signing a Last Chance Agreement. The Last Chance Agreement shall specify the employee’s unacceptable behaviors which need to be corrected. The Last Chance Agreement shall also state that the employee will not be dismissed for the specified unacceptable behavior(s) unless subsequent violation(s) of the unacceptable behavior(s) listed shall occur again in a set time period. If subsequent violation(s) of the unacceptable behavior(s) occur during the time period specified, the employee will be immediately dismissed following a Disciplinary Hearing, and the employee waives his/her right to appeal the dismissal by requesting a review to the City Council or appealing in a court of law. Before the Last Chance Agreement can be enforced, evidence of the subsequent violation(s) of the specified unacceptable behavior(s) must be presented to the Department Head who shall make the final determination relative to the implementation of the Last Chance Agreement. The employee shall be given the opportunity to take one (1) day of unpaid administrative leave to consider signing the Last Chance Agreement. The Last Chance Agreement shall be signed and notarized by the employee and the Department Head and placed in the employee’s personnel file.

3) DISCIPLINARY HEARINGS

Every employee (excluding probationary employees) facing potential disciplinary action of a demotion, suspension or termination, has the right to a Disciplinary Hearing. A Disciplinary Hearing affords an employee who faces disciplinary action notice of the hearing and an opportunity to be heard.

The hearing will be conducted by the Department Head or designee. The employee has the right to be accompanied by an attorney or a representative of his/her choosing. The Department Head or designee shall provide written notice of the Disciplinary Hearing to be provided to the employee by hand delivery no less than three (3) business days before the hearing or if by certified mail, no less than five (5) business days before the hearing, with a return receipt requested. This written notice shall include the following:

a) The nature of the alleged misconduct;
b) The discipline to which the employee may be subjected; and
c) Notification that the Disciplinary Hearing provides the employee’s sole opportunity to present evidence, including any witnesses, on his/her behalf and the employee’s right to have a representative or an attorney present at the Disciplinary Hearing.

The written notice will also be provided to the Chief Human Resources Officer or designee and the Department’s attorney within the Office of the City Attorney no less than three (3) business days before the hearing, and the Chief Human Resources
Officer or designee shall have the opportunity to attend the hearing.

It is the responsibility of the Department Head to ensure that the hearing is recorded by audio (with or without video) and that said recording be retained for one (1) year. All documents considered during the Disciplinary Hearing will become part of the record, and the Department shall present evidence, including witnesses, if any, in support of the charge that may result in disciplinary action.

The employee will also have an opportunity to present his/her evidence, including witnesses, if any, and/or an explanation as to why disciplinary action should not be taken. The Department Head or designee shall have the opportunity to question any witness attending the hearing, including the employee. The employee will be given the same opportunity to question any witness attending the hearing. Following the conclusion of the hearing, the Department Head or designee shall determine the appropriate discipline, if any, and notify the employee of the decision in writing within three (3) business days of the hearing.

4) **COLLABORATIVE MEDIATION**

If an employee decides to appeal the outcome of a disciplinary hearing resulting in a demotion, suspension or termination the employee is encouraged to submit a Request for Collaborative Mediation within five (5) business days of receiving the disciplinary decision in writing from the Department Head. This request must be made in writing to the Employee Relations Coordinator. This process will be an attempt to resolve the employment dispute to the satisfaction of both the employee and Department prior to pursuing a post-disciplinary appeal. The Collaborative Mediation will be facilitated by a Tennessee Supreme Court Rule 31 trained Mediator selected from a list maintained by the Human Resources Department.

5) **POST-DISCIPLINARY APPEALS**

Administrative Regulations for Conducting Employee Disciplinary Hearings

**Imposition of Discipline Procedure**

The Chief Human Resources Officer, Department Head, or their designee (the "Executive") shall provide a pre-disciplinary hearing prior to a dismissal, demotion, or suspension of an employee for cause. When the Executive concludes that such discipline is warranted, the employee shall be notified in writing that demotion, termination, or suspension is being imposed. The letter shall advise the employee of his/her right, when applicable, to appeal the dismissal by filing a Notice of Appeal for a hearing with the Clerk of the City Council (the "Clerk"). The letter shall include the Notice of Appeal form and a copy of Resolution 29356. The employee must acknowledge in writing receipt of the Notice of Appeal and a copy of Resolution 29356.
**Collaborative Mediation**

The option for Collaborative Mediation should be filed within five (5) business days of the Executive’s decision and prior to filing of a Notice of Appeal.

**Notice of Appeal for Hearing and Scheduling**

An employee appealing from a dismissal, demotion, or suspension shall file a Notice of Appeal for a hearing with the City Council Clerk within fifteen (15) days following the action taken against the employee. The Executive’s decision letter shall be attached to the Notice of Appeal. In the event that the employee requests a hearing, the Clerk shall notify the Tennessee Secretary of State’s Administrative Procedures Division (the "APD") and request assignment of an Administrative Law Judge (as the "ALJ") to conduct a hearing on the employee's Notice of Appeal for a hearing.

If the APD is not able to appoint an ALJ or if there is a conflict of interest, then the Chair of the City Council (as the "Chair") shall appoint an ALJ, who shall be a Tennessee licensed attorney, to conduct a hearing on the employee's Notice of Appeal for a hearing. A list of attorneys willing to serve in this function will be maintained by the Clerk and the Chair shall designate an attorney from the list. In the absence of or the inability of the Chair to act, the City Council Vice-Chair shall appoint an ALJ to conduct the personnel hearing.

The ALJ to whom a case is assigned may convene the parties for a scheduling conference within fifteen (15) days or as soon as practical and shall set a hearing date within seventy-five (75) days of the date the employee’s written request for a hearing is filed with the Clerk unless the employee and the City agree otherwise or for good cause shown. The hearing date may be reset by agreement of the parties or for cause. The ALJ assigned to conduct a personnel hearing shall provide the Clerk with the hearing date. The Clerk shall issue notice of the hearing date to the employee, Executive, ALJ and all other interested parties. The Clerk shall make arrangements for a suitable hearing location.

Should the Executive or employee fail to appear at and participate in a scheduled hearing, the ALJ may in its discretion take such action as is warranted by the circumstances, including dismissal of the appeal, reversal of the disciplinary action, or to adjourn the proceedings to a future date.
C. GRIEVANCE POLICY

A grievance is a complaint by a City employee that he/she has been treated unfairly and/or in violation of his/her rights under City policies with regard to employment. The Chief Human Resources Officer or designee shall be available to talk with any City employee concerning the grievance process or any other matter. The Chief Human Resources Officer or designee will make every effort to respect privacy and maintain confidentiality.

A formal grievance may be filed for a variety of reasons, including but not limited to the following:

1. Violation of City Policy
2. Violation of City Code or Charter
3. Violation of Department rules or operating procedures
4. Violation of State law
5. Promotions
6. Employee Performance Evaluations
7. Disciplinary Actions not involving the employee’s own suspension, demotion or dismissal

Position reclassifications may be a reason for filing a grievance if the employee feels that the action may have been a punitive reclassification. However, reclassifications, reassignments, and transfers within the same pay range and on the basis of required business operations are not adverse employment actions that may be considered grievances. Reductions in force may be considered an action to be grieved if the employee believes that the Department inconsistently or improperly applied the City’s reduction in force policy or plan.

An employee is not required but is urged to attempt to resolve any grievance informally with his/her immediate supervisor within five (5) business days of the grievable action and prior to starting the formal grievance process. If informal discussion does not occur and/or resolve the matter, an employee may file a formal grievance.

An employee desiring to file a formal grievance must complete the City’s Grievance Form and submit to his/her immediate supervisor unless that supervisor is directly involved or is the reason for the grievance, in which case the employee shall submit the Grievance Form to the next level supervisor within his/her department. The Grievance Form is required to be submitted to the appropriate supervisor within ten (10) business days of the grievable action; however, an employee in the Fire Department working twenty-four (24) hour shifts must file a written grievance within four (4) twenty-four (24) hour shifts of when the grievable action was effective. The Grievance Form will include each step of the grievance process with specifics regarding timeframes, the basis for the grievance and the relief sought and whether at each step the supervisors agree or disagree with, or will modify, the relief sought. The Grievance Form will include an entry for the time and date
of receipt and a space for the employee and each level of supervisor to sign the grievance. A grievance must be signed by the employee and must include the following:

1. A clear, concise and factual statement of the specific wrongful act or harm done
2. A statement of the remedy or adjustment sought
3. Citation of any rules or regulations, the violation of which constitutes the basis of the grievance

Within five (5) business days (or two (2) twenty-four (24) hour shifts if the employee is working such shifts) of the receipt of the grievance, the supervisor shall meet with the employee and attempt to resolve the grievance insofar as it is within his/her power to so do. Further, the supervisor shall render a decision in writing and provide a copy of same to the aggrieved employee within three (3) business days (or two (2) twenty-four (24) hour shifts if the employee is working such shifts) of the date the supervisor meets with the aggrieved employee.

If the grievance is beyond the authority of the supervisor to resolve or if the employee disagrees with the supervisor’s decision, the employee is responsible for submitting the Grievance Form and all necessary documentation to the Department Head or designee within three (3) business days (or two (2) twenty-four (24) hour shifts if the employee is working such shifts) of the employee's receipt of the supervisor's decision concerning the grievance.

Within five (5) business days of the receipt of the Grievance Form, the Department Head or designee shall meet with the employee and attempt to resolve the grievance insofar as it is within his/her power to so do. Further, the Department Head or designee shall render a decision in writing and provide a copy of same to the aggrieved employee within three (3) business days (or two (2) twenty-four (24) hour shifts if the employee is working such shifts) of the date the Department Head or designee meets with the aggrieved employee. Grievances which cannot be resolved at the Department Head or designee level may be submitted to the City’s Grievance Review Committee.

If the employee chooses to continue the grievance to the Grievance Review Committee, the employee is responsible for ensuring the Grievance Form and all necessary documents are submitted to the Chief Human Resources Officer or designee within three (3) business days (or two (2) twenty-four (24) hour shifts if the employee is working such shifts) of the receipt of the Department Head or designee’s decision concerning the grievance.

The Grievance Review Committee shall consist of three members of the City Human Resources Department to include the Deputy Chief Human Resources Officer or designee, the Employee Relations Coordinator and one additional HR professional appointed by the Chief Human Resources Officer that is not directly involved in the grievance to be heard. The Chief Human Resources Officer or designee will schedule and coordinate the
grievance reviews according to the order in which they were submitted to the Chief Human Resources Officer or designee. The Grievance Review Committee shall meet within 15 business days of the receipt of the Grievance Form and all necessary documents and will hear the basis of the employee’s grievance. The Grievance Review Committee shall render a decision and this will be communicated by the Chief Human Resources Officer or designee in writing to the aggrieved employee within three (3) business days (or two (2) twenty-four (24) hour shifts if the employee is working such shifts) of the decision. The decision of the Grievance Review Committee shall be final with respect to grievances and relief sought.

Failure at any step in the grievance procedure to make and communicate a decision in writing within the specified time limits shall constitute a denial of the relief sought and shall permit the grievance to be appealed to the next step by the employee.

The employee’s failure to file a grievance within the time specified in this section constitutes abandonment of the grievance by the employee. The employee’s failure to continue a grievance based on the decision by the supervisor or the Department Head or designee within the applicable time period specified in this section shall constitute abandonment of the grievance by the employee. A grievance may also be terminated at any time upon receipt of a signed statement from the employee requesting such termination.

The grievance procedure shall not be used as a means of collectively bringing about changes in wages, hours or other conditions of employment applicable to other employees.
