Mr. Shaun Kahler informed me that he is living out of his vehicle and moves it around every so often. Kahler has been parked at this Republic Parking lot for the last week or so. Kahler said he was staying at this lot because he didn't think Republic had any authority to be able to enforce the parking citations they wrote. I stopped Mr. Kahler at this point and asked for clarification because it sounded like he just told me he picked this lot because he thought he could just work the system and not pay any citations he received without any consequences. To my surprise, Mr. Kahler said I was correct. Mr. Kahler then told me that he woke up this morning to someone installing a parking boot on his vehicle. In short, Mr. Kahler wanted me, as a police officer, to convince the Republic Parking manager who was on scene to not place the boot on his vehicle. I informed Mr. Kahler that I would do no such thing. I explained that I have no legal authority to tell Republic anything in this situation and that I was not going to use the badge that I was wearing to try to influence the situation for his benefit. Mr. Kahler was very upset and argued the legality of a private business enforcing on city property. End result, Kahler was given 5 warnings on different days prior to this so his vehicle was booted. Kahler is concerned because he lives in his car and will not be able to pay the fines/boot cost so it will end up being towed.

Mr. Kahler has a suspended license and his registration expired back in 2016.
