Friends of the North River Civic Center

The purpose of the Friends of the North River Civic Center is to act as an advisory panel to support the Center in promotion, programs, publicity, volunteer staffing and fundraising.

History of the North River Civic Center

The City of Chattanooga celebrated the grand opening of the North River Civic Center in Hixson on February 20, 2004. The center is owned by the City of Chattanooga and operated by the Department of Education, Arts & Culture. The facility features educational, recreational and fitness programs for youth, adults and seniors, and also serves as a meeting place for community organizations.

In a joint venture with the North River Civic Center, Memorial Hospital operates the Health Place at Hixson and sponsors Gold Circle activities and other health initiatives at a facility adjacent to the center.

The center features a large meeting room and full kitchen with restrooms and front desk reception area. The main meeting room can be divided into two sections for simultaneous activities, while a third area just outside the kitchen is furnished for card games and socializing. The large kitchen also serves as an arts and crafts center.

For reservations, please call (423) 870-8924.
